DON'T PAY

THE SAME PRICE!

When you order "C" brand Horse Nails, insist upon getting them and no other. Don't accept any other brand which may be substituted, and sent at the same price. Some dealers do this, we are sorry to say, because they can buy any other brand of Horse Nails than the "C" brand at a lower price and make a little more profit by substituting, and sending you at the price for "C" brand.

When you want the best Horse Nails, you want the "C" brand and expect to pay the best price.

You don't want any other brand except at a considerable reduction in price. The Manufacturers are pretty good judges of the value of their own goods, and none of them value their Horse Nails, as judged by their own quotations, as being equal to "C" brand. Why should you pay any dealer the same price?

We get more for the "C"brand because they are worth more, and to you as a buyer, and to the Farrier as a consumer, they are worth more and will be found, by reason of their superior quality and greater durability, to be the most economical. We will appreciate your future orders for the "C" brand through any Wholesale Merchant.

Canada Horse Nail Company, MONTREAL.
