

- Willet** method of tendon-shortening, 103
- Wire**, coiled, use of, in treatment of aneurysm, 726
use of, in fractures, 921
- Wiring** fractures of patella, 881
in long-standing fractures, 364
the patella, difficulties in, 885
- Wolfe's** method of skin-grafting, 45
- Wölfler's** method of tendon suture, 95
- Women**, operations on, 2
- Worry**, operations and, 3
- Wounds** about lower end of femur, 860
after-treatment of, 25
clean-cut, advantages of, 1008
gunshot, amputation at shoulder-joint for, 190
aneurysms due to, 188
of axillary artery, 188
of brain, 281
of chest, 776
of elbow-joint, treatment, 157
of forearm, 176
of heart, 802
of wrist, 119
infection of, cause of failure after removal of upper jaw, 430
prevention of, 13
of chest involving the diaphragm and abdomen, 776
septic, treatment of, 25
- Wounds**, sloughing of, complicating after-treatment of tracheotomy, 574
treatment of, in compound fractures, 914
- Wrist-joint**, amputation at, by equal antero-posterior flaps, 123
by method of Dubreuil, 123
amputation through, 120
by long palmar flap, 121
different methods, 121
indications, 121
circular amputation at, 123
excision of, 111
after-treatment, 118
failure after, 120
for gunshot injury, 119
Lister's operation, 112
Ollier's operation, 114
ligature of radial artery at, 123
operations on, 111, 119
stages of operation, 115, 116, 117
- Wyeth's** bloodless method of amputation at hip-joint, 806
method of ligature of axillary artery, 201
- X-ray** diagnosis of gunshot wounds, 282, 284
treatment of lupus, 389
of malignant disease of breast, 757
of rodent ulcer, 395
