

EXERCISE 2.

3

Copy and complete :

3 squares and 1 square are — squares.

4 squares less 3 squares are — square.

3 squares are — more than 1 square.

2 squares and — squares are 4 squares.

2 times 2 squares are — squares.

$\frac{1}{2}$ of 4 squares is — squares.

2 squares in 4 squares — times.

4 squares and 1 square are — squares.

3 squares and — squares are 5 squares.

5 squares less 2 squares are — squares.

$$1 + 4 = ?$$

$$5 - 1 = ?$$

$$2 + 3 = ?$$

$$5 - ? = 4$$

$$5 - ? = 1$$

$$5 - 2 = ?$$

$$3 + ? = 5$$

$$5 \div 4 = ?$$

$$5 \div 2 = ?$$
