W.F.M.S. TO MEET NEXT YEAR IN VANCOUVER

Toronto Named as Alternative Place of Meeting—Elected Officers for 1911.

CHATHAM, May 11.—(Special).—At the concluding session of the convention of the Women's Foreign Mission Society for Western Canada, in the First Presbyterian Church here this afternoon, it was decided to meet next year in Vancouver, if such an arrangement is found convenient. Toronto was named as the alternate place of meeting.

The new officers of the society are: President, Mrs. J. J. Steele of Dundas; vice-presidents, Mrs. Shartrud, Mrs. MacMurrich, Mrs. G. H. Robinson, Mrs. Jeffrey, Mrs. Telfer and Mrs. J. C. Hamilton; recording secretary, Miss E. C. Clark; corresponding secretary, Mrs. J. W. McLaughlin; home secretary, Miss Reid; mission bands secretary, Miss McMurphy; foreign secretaries, Mrs. Gray (India) and Mrs. J. Henderson (China); secretary of Northwest missions, Miss Craig; secretary of E. C. missions, Mrs. Clark; secretary of international conference, Miss J. Thornton; secretary of tidings, Miss Parsons; treasurer, Miss George; assistant, Miss Craigie; editor of Tidings, Mrs. MacGillivray.

At the morning session addresses were delivered by Miss Thompson and Miss Weir, missionaries from India, and Mrs. McKenzie and Mrs. McIntosh of Hona. Reports from the Missionary Tidings publication and the deaconess' training home showed great progress. Several auxiliaries also reported similar progress. This afternoon the meeting was opened with a vote of thanks to Mrs. Shortread for her faithful services as president of the society for the past 12 years. Owing to failing health she has been forced to decline re-election. A grant of \$1200 was made to work among Jews in

Toronto, and also \$1000 towards maintenance for the deaconess' training home. A similar appropriation will be made to the work in Winnipeg.

SALE OF UNCLAIMED GOODS.

An old-time second-hand dealer, standing with a crowd of women and men, looking on while Auctioneer Henderson was occupying the centre of the stage at the Grand Trunk's semi-annual sale of unclaimed freight, at the sheds, remarked that times were not like they used to be. Too many people had money.

"I've often bought a thing for \$5 and sold it for \$25 on the same afternoon," he remarked. Some people stood bidding on babies' high chairs and old wooden rockers with an eager look in their faces, and so, from one queer exhibit to another, the sale went on and about a thousand articles are on sale, and a few more will be some time before the goods are disposed of.

Cost C. P. R. \$10,000 to Lose. As soon as the city's bill of expenses for the C. P. R.'s viaduct defence has been submitted to and passed by the taxing officers in England and Canada, the railway company will be called upon to pay a lump sum of \$10,000. The privy council ordered that the cost of the railway's appeal, which was lost, would have to be paid by the C.P.R.

H. H. Dewart, K.C., who worked for the city, has sent in a bill for \$3875. The costs of his trip were agreed upon beforehand.

The Old Maids' Convention and the Young Ladies' Philathea classes, Simpson-avenue Methodist Church, Toronto, are this week pictured in The Sunday World Art Section. Sold by all newsdealers.

Speed Artists Fined.

There are still numerous gentlemen in the city who imagine that they can speed at a Marathon pace thru the streets of this city. John Pape was fined \$20 without costs for the offence, as also was Edward Johnson. They both were convicted that the constable was wrong, but the court, who considered the evidence, thought otherwise, and hence the fine.

ITALIANS SENTENCED FOR STABBING AFFRAY

Torpetto Gets Three Years and Francesco Six Months—William Carroll on Trial for Murder.

SAULT STE. MARIE, Ont., May 11.—(Special).—At the assize this morning the Italian Torpetto and Francesco received sentences for the stabbing affair in Little Italy last Easter. Torpetto will serve three years at Kingston, and Francesco six months in the Central Prison. The third Italian, Stonnell, was allowed to go. Justice Britton charged strongly against the prisoners, believing that the use of offensive weapons amongst the foreign element should be discontinued.

William Carroll, 65 years of age, is now on trial for the murder of Joseph Tallon, in a lumber camp 40 miles from Blind River, last November. Evidence given this morning by those in the camp shows that Carroll had no provocation, and Provincial Constable Taylor, who made the arrest, testified that Carroll had told him he had struck the wrong man with the ax. Dr. Bruce Smith said he believed Carroll to be sane, altho of an excitable nature. In Smith's opinion Carroll was fully responsible at the time he struck the blow, altho, having been confined in the London asylum in 1905, was suffering from acute melancholia. The defence is endeavoring to prove insanity.

C.P.R. TO BUILD SUBWAY AT FOOT SPADINA-AVE.

Will Be For Accommodation of Pedestrians Along Says Vice-President McNicol.

David McNicol, vice-president of the C. P. R., arrived in Toronto late on Wednesday night, and spent the greater part of yesterday inspecting Toronto terminals, in company with Geo. Ham, assistant to the president, Jos. Osborne, general superintendent, and Robt. Kerr, former general passenger agent.

Mr. McNicol took occasion to watch the traffic at the corner of King and Yonge-streets, and said he was more convinced than ever of the inadvisability of the rounded corner proposition. The railway company takes the position that the land at this point cannot be spared, in fact Mr. McNicol expressed the opinion that the ground area was insufficient as it is.

In connection with the suggested level crossing at the foot of Spadina-ave., Mr. McNicol appeared anxious to avoid any friction with the city. He explained that most of the freight movement in this vicinity would be before 6:30 in the morning and 6:15 in the evening. There was little pedestrian traffic at the point, and any teaming necessary is done at hours when the freight movement is comparatively

light. In reply to a question as to what protection would be provided for those pedestrians who found it necessary to use the crossing, the general manager said: "Well, we might build a subway just for pedestrians, not for vehicular traffic." It would be impossible to build a subway for freight on account of the heavy grade.

Mr. McNicol will meet the board of control to-day and discuss various matters affecting the railway's position in the city, principally the rounded corner proposal. It is understood that the plans for the new \$2,000,000 station and viaduct are being rushed and it is expected that they will be filed with the railway commission sometime before August 1, and a special date will be set for the hearing.

During the day Mr. McNicol made a flying trip to Guelph to look over the site of the new Grand Trunk station there, which is causing the C. P. R. some anxiety. No statement was made concerning the matter.

Deny Merger Story. MONTREAL, May 11.—A flat denial was this morning given by Mr. C. J. VETERINARY COLLEGE SITE

New Building at Corner University-avenue and Anderson-street.

At last a site has been selected for the new buildings on which will be erected the Ontario Veterinary College. The government has purchased a piece of land on the southwest corner of University-avenue and Anderson-street, with frontage also on Simcoe-street.

It is not certain what the cost will be, but at the last session of the legislature, \$25,000 was voted for the purpose. There are already 170 graduates of the college practicing in the United States alone, and Canada has drawn its supply of practitioners almost entirely from its graduates.

The new site measures 174 feet frontage on University-avenue, 46 on Simcoe-street and 49 on Anderson.

Portraits of the Hamilton Scouts, who will take part in the coronation ceremonies at London, will appear in this week's Sunday World. Order from your newsdealer or newsboy.

WANT TRACKS UNDER GROUND

Montreal Aldermen Disapprove G.T.R. Elevated Plan.

MONTREAL, May 11.—The plans which the Grand Trunk Railway Co.'s engineers have submitted to the city authorities for the elevation of the company's tracks running from Bonaventure Station westward to the city limits, were disapproved at a conference of aldermen, controllers and citizens to-day. A resolution calling for a revised scheme to provide for the railway trucks being placed underground, or if it were found by the engineers that an underground railway was not feasible, that new plans for elevated tracks should provide for concrete and stone embankments instead of earth embankments specified in the present plans.
