Real Estate and Building---News and Opportunities

NEW DOMINION BANK STRUCTURE

Head Office, While Building, Will Be in New Canadian Pacific Building—Many Plans Discarded.

The Dominion Bank's new building at the southwest corner of King and Yonge street will be started as soon as the plans can be got ready. It will be an imposing structure and many preliminary drawings submitted by the architects up to the present have been turned down in order to have something still better. In the meantime the bank has leased from G. T. Somers the ground floor and top flat of his building, lately owned by the Toronto General Trusts Corporation at the corner of Yonge and Colborne, and they have also leased an entire flat in the new C.P.R. building, presumably for head offices during construction of the new banking house, which ought to be under way before the first of the New Year.

The business of the Dominion Bank, like that of all the other Toronto banks, is growing very rapidly, and it is the intention of the directors on this occasion to try and overtake the growth of the business. They enlarged and reconstructed and otherwise extended the present building half a dozen times, but never were they able to catch up to the requirements.

King Edward Abandons the Bridge Idea

There'll be no eight storey curtain draped over Colborne street by the King Edward Hotel Co. Yesterday when the matter turned up in council, Mayor Geary remarked that Mr. Gooderham had phoned him that they had decided to drop the project. No more was said and the matter was not referred to further in council.

It is quite probable that the new annex will be connected up to the present structure by tunnel, a method used in some big hotels on the other side. One of the best instances is at the Chateau Laurier in Ottawa, where a 200 or 300 foot long tunnel, tiled in white terra cotta, connects the G.T.R. station and the hotel.

HEAVY LOSS OF HORSES.

SALINA, Kan., Sept. 16.—Six million dollars will not cover the loss caused by the horse plague in Kansas during the last month. In the western half of Kansas alone at least twenty thousand horses have died of cerebro-spinal meningitis, and the disease is as virulent as ever.

Free Victrola Recital.

Tomorrow, Wednesday, a free Victrola Recital will be given in the attractive Victrola parlors of Ye Olde Firme of Heintzman & Co., Ltd., 193, 195, 197 Yonge street, from 3 to 5 p.m. There will be an opportunity to hear the selections that are being given in grand opera in the city this week.

Laurier on the Warpath

OTTAWA, Sept. 16.—(Special.)—Sir Wilfrid Laurier will start on Tuesday for his political tour of Ontario and Quebec, accompanied by a galaxy of the old administration stars, including Hon. Geo. P. Graham, Hon. W. Mackenzie King, Hon. Chas. Murphy and Hon. Rodolphe Lemieux. He will go down to Sturgeon Falls, and it will be there that Sir Wilfrid will fire the first shot, in what is expected here to be a campaign of criticism of the general general administrative policy of the government.

It is thought likely with regard to the naval program that he will content himself with a defence of his naval policy, taking probably the same ground upon which he stood at Marieville last week.

PEKIN, Sept. 16.—The British minister made the representation to the Chinese government today that Great Britain does not view with favor the new loan of $50,000,000, negotiated in London by the Chinese minister and a representative of an independent bank.

Dr. Sun Yat Sen today received the editors of the leading newspapers and explained his railway projects. He intends shortly to make a tour of China to tell the people foreign capital is essential to the success of the scheme. Later Dr. Sun will proceed abroad with a view to directly approaching foreign capitalists.

GHASTLY RELIC AT TRIAL

Neck of Murdered Man Exhibited by Montreal Doctor

MONTREAL, Sept. 16.—(Can. Press.)—A rather unusual exhibition in the court of king's bench was that of part of a murdered man's body, which was shown to the jury by Dr. McTaggart in giving his evidence in connection with the autopsy which he made on the body of Louis Hotte, who was found dead with his throat cut in July in a lane connected with Clark street, and for whose death Antonio Farduto is charged with murder.

The member of the body exhibited was the neck of the deceased. The doctor described how the throat had been cut and the windpipe and main artery of the neck severed, and then walked along in front of the jury and showed them the neck as he held it in his hand, almost cut in two.

Dr. McTaggart was the first witness called in the trial, which commenced this afternoon.
