New York, Nov. 1,-With the close of the day the storm centre of political action in this state was transferred from the up-state counties to the city of Greater New York and from now until Nov. 6 both Hughes and Hearst will make their appeals to the voters of the metropolitan districts.

The comments of Richard Croker. ormer leader of Tammany Hall, upon the gubernatorial campaign in New York, and the speech of Secretary of State Elihu Root at Utica to-night were the most interesting incidents of the day's political developments. Mr. Croker, in an interview in Dublin, Ireland, to-day criticized severely the action of Chas. F. Murphy, present leader of Tammany, in bringing about der of Tammany, in bringing about e nomination of Mr. Hearst at Buffalo, and predicted that if Mr. Hearst "is elected and carries out his program the effect would be to paralyze capital and therefore paralyze labor."
His characterized Chas, Murphy's action at the Buffalo convention as an "astonishing and unpriicipled per-formance" and asked if it "would not better for Tammany to be defeated nighting for a principle than to dishonor itself by outraging the principles of Jefferson."

Secretary Root at Utica to-night

tensive swindling operations, is under arrest here and will be turned over to the federal officers by the local police, who took him into custody. It is claimed that Norton has defrauded people in all parts of the United States out of bonds and securities amounting to \$3,000,000.

A federal warrant was served upon Norton late in the afternoon, and he was taken to the county jail. He will be arraigned to-morrow before United States Commissioner Foote.

The specific case for which Norton was arrested is in connection with the stock of the Monarch Mining and Smelting Co. of Arizona. A businessman in Peoria, Ills., secretary of the mining company, sent to Norton for sale 8000 shares of the stock. This man, falling to obtain either the stock or its price from Norton, resigned and came to Chicago, where he engaged in the brokerage business. Norton, after returning to this city, entered tha Chicago office of the former Peoria man and offered him the same stock, which he had given to Norton for sale. His arrest followed within a short time. It is claimed by the federal authorities that Norton was enabled to make deals for stock business on highly favorable, but forged reports of himself; said to be issued by a prominent mercantile agency. It is claimed by the officers that Norton would obtain stock from any person who would trust him, and agree to sell it in the market. He might, the police declare, sell the stock and he might retain it, but the result to the person owning the stock was the same. They would receive no money from Norton nor would the stock be returned to them. ceive no money from Norton nor would the stock be returned to them. Find \$2,000,000 in His Room
