# When the ground was cursed

for sinful Adam's sake, well knowing all the Ills to which human kind would be subject, God made it to bear herbs of all-healing. Among these herbs none was more widely

distributed, or more potent for good than the Clover. The scientists of oldsoon found out the wonderful effect on the nervous system exercised by clover root, making it one of the chief ingredients in their most successful receipts for blood elixirs, sleeping draughts, and for the curing of diseases of the skin. Women in that olden time had

clear, bright eyes and fine complexions, which lasted until late in life. Why? Because they did not dose themselves continually with medicines, nor use mineral poisons on their faces to try to cover up the effects of bad, impure blood. They had work to do, and must keep themselves well, and did so with these teas made from the herbs of the field. A German scientist, one of the leading physicians of the time, has revived the use of Clover in medicine. This is known as Karl's Clover Boot Tea and is a veritable elixir of life,

Mr. Davis (Saskatchewan) Wants

Oil on the Free List.

The Motion Adjourned Until the Bud

get Comes Down-Will Aged

Judges Be Retired?

Ottawa, April 25 .- The plethoric order

terday by the disposal of a couple of

score more questions, many of them referring to small postoffices, etc., in the lower provinces. Mr. Davis' motion

for free coal oil was debated for a

couple of hours. Mr. Fielding suggest-

ed that the debate be adjourned until

the budget came down, and Mr. Davis

agreed, but Mr. Davin insisted on a di-

vision, when the motion carried by 63

Mr. Davis (Saskatchewan), in speak-

ing to his motion, said that the govern-

ment by its tariff had reduced the cost

of coal oil to the consumer consider-

ably, and the arrangements in connec-

had further benefited the people of the

west by reduced freight rates. He would not now have presented this motion had it not been for the fact of the

introduction of the Standard Oil Com-

pany's monopoly. The people for whose

protection the duty had been put on

had sold out to the Standard Oil Com-

pany. When the tariff came down these

the protection they asked they would be swamped by the Standard monopoly,

as their wells did not yield so highly

as the wells of Ohio. Some of the owners are also refiners, and they

claimed that their machinery was not as profitable to operate as that of

the Standard monopoly, and if they

did not get the protection desired

they could not compete. These people

had taken the first opportunity to sell out to the Standard Company, and not

the wells only, but the amount of the protection which they had been given also. The consumer had a right to be

considered just as much as the pro-

ducer, and taking everything into con-

sideration, he thought coal oil ought

to go on the free list. The total out-

put of domestic oil last year was 10,-

250,000 gallons, as shown by the inland revenue returns. He calculated that

the increased price of this oil to the

consumer as a result of the duty en-abled the Standard Oil Company to

make an increased profit of \$512,000. If

this amount was going into the pockets of Canadians it would not be so bad.

Five million gallons of oil was also im-

rectly and indirectly, on account of this

ished. The oil at the wells of the inde-

pendent oil companies, of which there

are four operating in Oil City, Pa.

was quoted at a price equal to 7% cents per imperial gallon, which, with

6 cents duty and 6½ cents freight to Winnipeg, would make the cost 19½

cents laid down there, and he had in-

voices to show that the Strandard

ported, and the amount that the con-

with the Crow's Nest Pass Railway

paper was further reduced in bulk yes-

eph Gibson Among the

Speakers.

The 32nd annual banquet of St. George's Society was held at the Tecumseh last evening, and proved to be one of the most pleasant and successful in the history of the organization. The decorations on this occasion were in keeping with everything else. There were about 150 guests. Immediately under the banner of the society sat President E. T. Essery, and on his right was Hon. N. Clarke Wallace, M.P., Rev. Dr. Saunders, Mayor lace, M.P., Rev. Dr. Saunders, Mayor Wilson, Ald. McPhillips, J. W. Jones, W. R. Hobbs, W. Davis and R. Reed, Ald. Parnell, ex-Ald. Cooper, Ald. Jully, ex-Mayor George Taylor, ex-Ald. lated that they would lay oil down in the Northwest for about 12½ cents, which would make a great deal of difference to the people of that country, who had to pay as much as 50 cents for their oil. The total number of people interested in the oil industry in Canada was only about 10 000 and Jolly, ex-Mayor George Taylor, ex-Ald. Stevely, ex-Ald. W.Skinner, James Bell, Bert Screaton, W. H. Hewlett, John McIntosh, Ed. Weld, W. H. Bartram, George F. Jewell, James Lutman, Thos. in Canada was only about 10,000, and he objected to the other 5,000,000 being called upon to pay 6 cents per gallon Treleaven, George Tambling, A. Sar-gent, G. W. Heard, John Pannell, C. W. Davis, W. C. Barron, R. Cadwallafor the benefit of a few. They might say that this is an industry that cannot be made to pay without this protection, but these people should have thought of that before they went into it. It would be just as reasonable for McLeod, J. Coote, R. Hargreaves. tection, but these people should have thought of that before they went into

The president, in a patriotic speech, congratulating the society upon the splendid gathering, spoke of British-Canadians as the best Britons in the world. He humorously referred to the energetic past president, R. A. Jones, as one of the hardest worked presidents the society had ever had. Mr. Jones was called forward and presented by Mr. N. Clarke Wallace, on behalf of the society, with a past president's jewel. Mr. Jones made an appropriate

reply. Secretary R. Cadwallader read letters of regret from Lord Minto, governorgeneral of Canada, Sir John Carling, Major Beattie, M.P., Lieut.-Col, F. B. Leys, M.P.P., and others, and also greetings from Ottawa, Montreal, To-

ronto and other places.
"The Queen and Royal Family" was honored in the usual manner. This was followed by the toast, "The President of the United States," proposed by Mr.

H. J. Carter, first vice-president.
Col. Henry S. Culver, United States
consul, responding, expressed the delight every American felt at the exist-Hurley, Johnston, Joly de Lotbiniere ing good feeling between his country (Sir Henri), Landerkin, Lang, Laurier and England. He assured his hearers (Sir Henri), Landerkin, Lang, Laurier and England. He assured his heartest (Sir Wilfrid), Lewis, Livingston, Logan, Macdonald (Huron), Mackie, McClure, McGugan, McHugh, McIsaac, McLellan (Prince), McLennan (Inversald that heart is heartest in the Lighting that the friendly sentiment expressed in the United States was genuine. Speaking of President McKinley, he said that never since the days of Abraham Lincoln had such difficult questions arisen, and never had such difficulties been more speedily settled. American and British seamen would ever die side by side in the cause of liberty and justice. There would, he concluded, always be a healthy commercial competition, but the growth of both nations would bind them closer together. For although every American prided himself on peing a Yankee, he never forgot that he belonged to the English-speaking people. looked upon the growth and advancement of Canada with as much pleasure as they beheld their own prosperity. The development of Canada meant the

development of America.
"The Army, Navy and Volunteers' ex-president, who reminded them of the immense responsibility they took upon themselves as a society to repre-

sent Englishmen.
Lieut. William Wanless responded, They Blast Your Reputations and and confined his remarks to the Sevrangements had been made for Can- enth Battalion. The officers were doing all in their power to make the battalion a credit to the city, the Province, the Dominion and to the British

sentations to the government against Empire. Ex-Mayor Taylor and Mr. W. C. Coo also reponded. Mr. Taylor paid a tribute to Irishmen, and reminded them that England had done more liberal legislating for Ireland than any other portion of the empire, and two instances few days ago I dyed an overcoat with were the disestablishment of the your dyes, and the result was marvelchurch and the land laws, under which the Irish tenant was better situated than any other tenants in the world. In this connection he told his American friends that there had been more evictions in the city of New York last year than in the whole of Ireland.
"The Day We Celebrate"

was proposed by ex-President Ed. Weld. Mr.

Joseph Gibson, of Ingersoll, responded. He would not detract one jota from the of rules and regulations, which were or rules and regulations, which were examined by the department officers and reported favorably upon. Similarly, the C. A. R. and O. A. and P. S. railway had submitted rules and regulations, which were similarly reported glory due to Scotchmen for the considerable part they had taken in the making of the empire.

Despite the efforts of other European nations to stay the United States in her undertaking in Cuba, England had put forth her hand and commanded them to leave "her vigorous youngster over there alone." (Applause.) England never wished to make the light shine brighter in her own dwelling by extinguishing the lights of other nations. She was able to stand alone. The speaker excited considerable laughter by his decidedly original and funny descrip-tion of some of the political differences which America, Germany, France and Russia and other nations had with England. Revolution was never necessary in England, because within the confines of the constitution a remedy was to be found for every wrong. Refer-ring to France, Mr. Gibson said the day she undertook to do her washing on the wrong side of the channel she would find herself out of a job. Rev. Dr. Saunders also replied brief-

"Canada Our Home" was proposed by

ex-President Wm. Skinner, in a happy speech, which was followed by the singing of "The Maple Leaf Forever." Hon, N. Clarke Wallace was greeted with "He's a Jolly Good Fellow." The ex-minister of customs prefaced his reply with a good-natured story. As a man of Irish extraction, he had always felt proud of the Englishman, who in many respects was superior to either Irishmen or Scotchmen, being more generous and cosmopolitan. The poets, warriors and statesmen of Britain were the poets, warriors and statesmen of Canada. The Canadian nation had accomplished more than any other six millions of people who ever graced the earth. In it was a perfect network of railways, from sea to sea, canals had been dug, and cities builded with beautiful homesteads. Our fathers had gone in, and by development transformed the wilderness into a land of beauty, where commercial and mineral weath was found in limitless quantities. Canada had not grown rapidly in population, but numbers was no criterion of advancement, for if this were so, China, the most populous land, should be in the lead. Instead she was probably the most unintelligent. Canada was building on a solid foundation with men who would do her justice and honor in the future. He hoped the good feeling between Canada and the United States would long continue. War between England and America would be sinful and suicidal. He reminded his hearers

always be so. Mr. Essery, in proposing the toast of "The Senate, the House of Commons, and Local Legislature," pointed to the high honor resting upon the men whose fortune it was to represent the people in these bodies. Mr. G. F. Jewell and Ald. McPhillips

that no southern people had ever con-

quered a northern nation, and it would

responded. "Our Sister Societies" brought responses from W. Wanless, president St. Andrew's Society, T. W. Scandrett, president I. B. S., and J. Cook, S. O. E.

"Trade and Commerce" was proposed by G. Pritchard, treasurer, Thomas Treleaven and J. Sussex responding. "The Mayor and Corporation" gave rise to a few timely remarks by Mr. Perry, and Mayor Wilson, Ald. Jolly

writes as follows:
"It is with pleasure that I tell you of my success with Diamond Dyes. A ously pleasing and satisfactory."

LAKE SHORE.

Lake Shore, Bosanquet, April 24. -There is one very busy man in Ravens-wood, and he is the Methodist minister, Rev. Mr. Bartlett. Surely John Wesley himself might well be satisfied were he still at the head of Methodism. Every Sunday Rev. Mr. Bartlett preaches four sermons, and the pleaching-places are several miles apart. No wonder the circuit moves along. On the 23rd inst. he gave a very instructive discourse about Moses, at the Indian Church, enlarging on the sacrifices he made in giving up his place among royalty to sit as a slave, comparing his life as a deliverer to that of Jesus the Deliverer. It was listened to with rapt attention by the Indian people and by the whites

who were present. Moses Thomas, the Indian interpreter, is leaving for Michigan, and his many friends on the reserve will miss him at the services, where he has for several years acted as interpreter, and is much respected by a large circle of friends

Mr. Alex. Smith is very sick at his home on Lake Shore. Mrs. Kate Wilson is also dangerous-

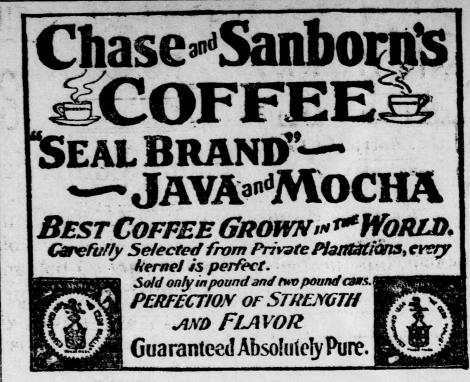

ly ill. The frost is not all out of the ground yet, and spring work is not very far ad-Mr. and Mrs. Phelps, of the Kettle

Point summer resort, have taken up their work getting ready for the sea-Mr. and Mrs. Milliken will compete for some of the patronage of the sum-

mer pleasure-seekers. Mrs. Howland, of Argyle street, Forest, is rusticating at the home of Mr. and Mrs. A. Johnson here. Mrs. Perry, of Forest, is building a nice brick cottage opposite the station-house. Mr. Mason has the contract,

larity in England is shown by the fact that the match for the English football cup at Sheffield on April 15 was wit-nessed by upwards of 60,000 persons. The Welland Canal opened up on Monday morning

## Mr.G.O.ARCHIBALD'S CASE.

### Didn't Walk for 5 Months. Doctors said Locomotor Ataxia.

Milburn's Heart and Nerve Pills Cure a Disease hithorto regarded

The case of Mr. G. O. Archibald, of Hopewell Cape, N.B., (a cut of whom appears below), is one of the severest

and most intractable that has ever been

his cure by Milburn's Heart and Nerve Pills the more remarkable from the fact that he was given up as incurable by worthy and respected physicians.

The disease, Locomotor Ataxia, with

which Mr. Archibald was afflicted is considered the most obstinate and incurable disease of the nervous system known. When once it starts it gradually but surely progresses, paralyzing the lower extremities and rendering its victim helpless and hopeless, enduring the indescribable agony of seeing himself die

by inches.

That Milburn's Heart and Nerve Pills can cure thoroughly and completely a disease of such severity ought to encourage those whose disorders are not so serious to try this remedy.

The following is Mr. Archibald's letter:

MESSRS. T. MILBURN & Co.-"I can assure you that my case was a very severe one, and had it not been for the use of Milburn's Heart and Nerve Pills I do not believe I would be alive to-day. I do not know, exactly, what was the cause of the disease, but it gradually affected my egs, until I was unable to walk

har dy any for five months. "I was under the care of Dr. Morse, of Melrose, who said I had Locomotor Ataxia, and gave me up as incurable. "Dr. Solomon, a well-known physician of Boston, told me that nothing could be

done for me. Every one who came to visit me thought I never could get better. "I saw Milburn's Heart and Nerve Pills advertised and thought I would try them anyway, as they gave more promise of helping methan anything I knew of. "If you had seen me when I started taking those wonderful pills—not able to get out of my room, and saw me now, working hard every day, you wouldn't know me. "I am agent for P. O. Vickey, of

Augusta Maine, and have sold 300 sub-scribers in 80 days and won a fifty dollar

"Nothing else in the world saved me but those pills, and I do not think they have an equal anywhere. "The seven boxes I took have restored

me the full use of my legs and given me strength and energy and better health than I have enjoyed in a long time."
G. O. ARCHIBALD.

Hopewell Cape, N. B.

In addition to the statement by Mr. Archibald, we have the endorsation of two well-known merchants of Hopewell Cape, N. P., viz.: Messrs. J. E. Dickson and F. J. Brewster, who certify to the genuineness and accuracy of the facts as given above.

Milburn's Heart and Nerve Pills are 50c. a box, or 3 for \$1.25, at all druggists, or sent by mail. T. Milburn & Co., Toronto, Ont.
