Penalized.

STRATFORD, Oct. 6.—A deputation of 40 returned men of the city waited on the city council this evening with a request that the city rebate taxes on dwelling houses of veterans not assessed over \$3,000. The matter was referred to the finance committee to meet with the veterans.

Mayor Stevenson took occasion to rebuke the Government for its action in this matter, which he said, was a device of the Government to avoid its responsibility. The Government, he said, did not adequately provide for the men when the war was on, and now is thying to pass the buck on to the municipalities. The municipality, which sent most men would be penalized, and the Government should pay the rebate. Capt. John Keyes was appointed to the park board, succeeding the late Joseph Walsh, and Sergt. J. M. Riddle to the court of revision, succeeding the late E. T. Dufton.

The mayor was instructed to urge the citizens to observe fire prevention day on October 9.

The solicitor was instructed to prepare a bylaw abolishing curtailed stalls in restaurants.

The next regular meeting was dispensed with as it fell on election day. The question of better train accommodation between Stratford and London and to the east was dismissed, and the finance committee was authorized to confer with G. T. R. officials.

Winnipeg Faces Prospect of Another Street Car Tie-Up

WINNIPEG, Oct. 6 .- Winnipeg may be without street car service on Wednesday morning, but whether by reason of a strike or lock-out, has not yet been definitely determined. Manager M. W. Mc-Limont of the Winnipeg Electric Railway stated that the men had presented a strike threat effective Wednesday. Andrew Scobell, business agent of the union, refused to confirm this statement and intimated that he was completely puzzled in regard to the situation. Another union leader, member of the executive, asserted that no ultimatum had yet been sent, but the company planned a lockout because of the court injunction issued Saturday restraining them from increasing the fares as authorized by the public utilities commis-

sioner Friday.

Meantime, preparations are being made at the city hall to cope with the emergency. There is talk of allowing jitneys to operate if car service is suspended. Mr. McLimont announced that cars would not run on Wednesday morning, as the company could not fufill the Mather's award by that

time.
"The men have sent word to me," he stated, "that if they did not get back pay coming to them under the award, the cars will not be taken out of the barns Wednesday. The company cannot pay

Long-Standing Evil Effective Measures Taken

Since childhood Mr. A. Cail was under the shadow of a great evil, which always menaced his comfort and safety. Read what he says:—

"I was troubled with my kidneys since childhood and spent a neys since childhood and spent a large amount of money trying to get cured. Instead of getting better, I kept getting worse until a friend of mine advised me to try Gin Pills. I did so, and after taking one box, I was able to get out of bed and walk around. Two more boxes relieved me completely, and since then I have had no re-turn of the trouble."

Many people have kidney and bladder trouble without knowing it. They think nothing of the backache, the pains in the sides, the constant headaches, the rheumatic, sciatic and neuralgic pains, the floating specks before the eyes, the swollen joints, the highly-coloured urine-all signs of trouble-all signs which should receive immediate attention and treatment with Gin Pills, which are by far the most effective of all preparations, and which may help you to avoid a fatal operation. They quickly relieve pain and heal the congested tissues, bringing the organs back to normal. At druggists and dealers, 50c a box. Money back if no relief. Send for free sample.
