TORONTO MARKETS. There was a very limited attendance of both farmers and citizens at both markets Saturday, and trade was very draggy on the bulk of the offerings. Butter was an especially slow sale, and seemed to have an caster tendency. As usual there were some who received for per lb., the bulk going at 68c to 70c per lb., with quite a large quantity selling at 55c per lb. New-laid eggs were a better sale than a week ago a few going at \$1 per doz. Foury-Chickens were the ohief of-fering in poultry, and they, too, were a slow sale, mostly bringing 40c per ib, a few going as high as 45c per lb. There were a few geese brought in, which sold around 30c per lb. Vegetables-Offerings were very light and mostly consisted of the following: Carrets at 25c per six-quart and 50c per peck; parsnips at 30c per six-quart; ushed at 40c per six-quart and 50c per id-quart; onlons at \$1.25 per peck; leeks at 10c per bunch. The hothouse pro-ducts were alsent, as the weather was too cold to bring them in. Apples were limited in quantity, and sold at 40c to 60c per six-quart, and 75c to \$1.25 per 11-quart. MORE RICH SAMPLES FROM BOSTON CREEK N. A. LIFE SHOWS

Boston Creek, Jan. SI.—Rich samples, showing visible gold and tellurides, have been brought in from a dyke of porphy-ry, sald to be from 300 to 400 feet wide, on a property of 160 acres, owned by two Toronto brokers, Majors Burnand and Gzowski. On the sodth of the pro-perty is the Catherine Gold Mines, which has a shaft down about 80 feet in the same dyke. The showings all the way down the shaft are described as spec-tacular, quantities of visible gold and tellurides being in evidence. There are reports of big offers made for properties in the district, and the coming spring promises to be the busiest the camp has ever known. The bush is full of prospectors.
