FOES ANXIOUS ABOUT GREECE

Latter's Entry Makes Bulgaria and Turkey Demand Some Reinforcements; Purpose of Kaiser

London, Oct. 20.—The London Daily Mail's Athens correspondent says: "Turkey and Bulgaria are anxious concerning the Macedonian front and demand reinforcements from Germany in view of Greece's intervention in full force. Germany, on the contrary, is suffering heavy losses on the western front, and desires to withdraw her troops from Macedonia. This is met by Turkey-Bulgarian threats to conclude a separate peace before Greece is ready. The real object of the meeting of the monarchs (the Kaiser and Ferdinand) in the Bulgarian capital would, therefore, seem to be an effort on the part of Germany and Austria to menace or cajole their allies into continuing their support."

The correspondent says that the Greek army is worth double its numbers of

western troops, owing to being acclimatized and to its ability to fight on little food. "The whole Greek force thrown into the Macedonian front," he says, "would force Bulgaria to a separate peace, cut off Turkey and oblige her to yield also."

Greece is anxious to retrieve her national honor and also to regain all the lost territory which was secured by her by the treaty of Bucharest.

ARE WOMEN NATURALLY DESPONDENT

While there are women who seem always despondent and depressed and expecting misfortune, that is not woman's natural condition. Such unfortunate suffer from ill-health. An abnormal condition of the system expresses itself in nervousness, sleeplessness, backaches, headaches and despondency.

If all silling women would make faithful use of that grand remedy for woman's ills, Lydia E. Pinkham's Vegetable Compound, there would be little occasion to ask if despondency is natural to woman.

MORE COAL FOR PARIS NOW

But it is \$43 and \$30 a Ton—Firewood Retails at 2 Cents a Pound

Paris, Oct. 23.—By administrative order supplies of coal will be allotted to buildings having a central heating apparatus, on condition that fires shall not be started before Nov. 1. This measure was made possible by the improved fuel situation. The City of Paris government has succeeded in replenishing the reserve stock of coal which became exhausted in last year's rigorous winter weather.

Anthracite sells for about 315 francs (\$63) a ton, but the city is able to supply soft coal for 120 francs (\$24) a ton. Private consumers without coal may have from 120 to 264 pounds a month, according to the size of the apartment, in buildings where there is no radiator heating apparatus. Firewood is retailed at the equivalent of two cents a pound.

Concerning Fur Prices

Reports of one of the two largest Raw Fur Sales of America just held in St. John are to hand.

Prices advanced on almost all skins from 10 p.c. to 50 p.c. over those realized at the April sales.

We publish these facts to show the value of present stocks of made-up furs—and to strongly recommend an immediate choice from complete assortments at better values than you can obtain later on.

Progress of The Baptist Church

Reports Submitted At Maritime Convention in Halifax Tell of Work During Year—Committees Appointed

Halifax, N. S., Oct. 22.—The Baptist convention worked under heavy pressure today on varied matters.

The following members of the committees were appointed: Sunday school and Young People's Board, retiring 1919—Rev. C. W. Rollins, Rev. A. W. West.

Retiring 1920—Revs. H. T. Dewolf, G. C. Warren, J. E. Wilson, L. O. Aske, P. C. Reed.

Committee on obituaries—Rev. F. H. Beals, C. E. Pines, T. D. Bell, R. S. Meadows.

Representative to B. Y. P. W. of America—Rev. I. W. Williamson.

To preach convention sermon, Rev. N. A. Harkness; alternate, Rev. L. H. Crandall. Rev. J. G. Brown, D. D., secretary of the Canadian Baptist Foreign Mission Board presented the report on foreign missions.

The total receipts for foreign mission work was \$185,287.92. Receipts from the maritime provinces \$45,880.38. The

debt of last year has been reduced \$1,407.38. The baptisms in the mission number 998. There are in the Telegu mission, 25 missionaries, 685 native workers, 72 churches with 10,766 members, 280 schools with 8,153 pupils.

The report reveals great advance during the year.

The following were elected members of the foreign mission board. Retiring 1919, Rev. O. N. Chipman; retiring 1920, Rev. D. Hutchinson, Rev. W. Camp, W. H. White, Esq., A. A. Wilson, K.C., Rev. W. C. Keirstead.

The minister's annuity board reported showing receipts \$7,304.50 for annuity and relief \$1,288.78. The amount paid to annuitants was \$7,079.20.

Great interest centred in the report of the five-year programme committee by Rev. S. S. Poole. The report outlined the plans of work showing the progress of organization for the work. It showed results achieved as follows: Additions to churches by baptism, about 1,900. Finances raised for Den Work, \$84,331.44. A gain over last year of \$9,280.94. Educational work shows an increased number of students in educational institutions and more students for the ministry.

Social service is still in but the initial stages of organization.

Rev. R. R. Osmond Moore reported on the state of the denomination.

The report showed the addition of 1,900 by baptism, 1,904 of them from Sunday schools. Reviewing a five-year period, 1912-1916, the report showed that 140 of the churches reported no baptisms during the five-year period, 165 churches had baptisms during but one year, 131 churches during but two years, 63 churches during three years, 48 churches during four years and 38 churches reported baptisms during the five years.

W. C. Cross reported for the committee on correspondence. Recommendation of the committee concerning the baptism of converts by licentiate and only in relation to church membership let loose the floods of democratic eloquence among Baptists.

CURIOUS ATTITUDE OF TEUTON ALLIES

Prussians Too Stiff And Obstinate For Successful Joint Action

Copenhagen, Oct. 23.—A conference for the exchange of prisoners of war, which was in session here, illustrated the curious relations that exist between the Austrian and German representatives. The Austrians are conducting a separate set of negotiations with the Russians for the repatriation of prisoners, explaining that Prussian stiffness and obstinacy are not conducive to the success of joint negotiations by the Teutonic allied representatives.

The Austrians advanced proposals for a sweeping exchange of Austrians and Russian prisoners, suggesting the mutual release of all prisoners taken during the first year of the war. The Russians, however, rejected this proposal, declaring that it would be too much to the advantage of Austria-Hungary, the armies of which countries lost so tremendously in men made prisoner during the first Galician campaign.

The conference is expected to lead to extensive exchanges of disabled and invalid soldier prisoners, and also of civilian captives. The conference may be extended to include Bulgaria, which Germany is very anxious to have represented.
