SEES IMPROVEMENT IN WORK SITUATION

Head of Employment Service Branch Addresses Associated Charities—W. S. Fisher Again President.

The annual meeting of the Associated Charities was held yesterday afternoon in the Y. M. C. A. with W. S. Fisher

Fisher, the president, in the chair. Mr. Fisher drew attention to the fact that the contributions toward the work of the society had fallen off about \$300 and that a special effort should be made to arouse public interest. Miss Grace O. Robertson read her report as secretary telling of the work of the organization for the year. There had been eight meetings and five conferences at which the ladies met with the secretary to take up cases. 1,428 applications had been received, 298 for employment, 908 for relief, 16 for transportation, 102 for lodging and six women to have their children adopted. Almost every kind of problem had been brought before the board and help had been given in a great many cases. The Christmas Clearing Bureau had been conducted as usual last Christmas and a great deal of help had been furnished

by the Rotary Club, the Telephone Company employees, the Standard's empty stocking fund, churches and many societies. By the death of William Young, the treasurer, and J. V. Ellis, two valuable members had been lost. Miss Robertson had also prepared the treasurer's report.

The treasurer's statement showed a balance on hand on October 30, 1921, of \$389.09, and receipts including: Contributions from individuals, \$118.85; civic grant, \$228; interest, \$11.37; total receipts, \$1,347.21. Expenditures: Secretary's salary and office rent, \$900; rent, \$8; annual subscription to Local Council of Women, \$2; telephone, \$43.10; official expenses, \$76.64; commission on collecting, \$70.03; total, \$1,094.18; balance on hand, \$2,253.73.

Having drawn attention to the falling off in receipts, Mr. Fisher explained that funds for relief were not included in this statement and that Miss Robertson had had a fund of about \$370 left from the Christmas donations which had been used as a nucleus to be drawn upon in relief work. Mrs. George F. Smith, Mrs. Stetson and Mrs. R. D. Christie were the members of the committee responsible for the disbursements from the fund. A motion to revise and enlarge the list of contributors was carried and Mr. Fisher was appointed convener of the committee to have charge of the matter.

The election of officers resulted as follows: President, W. S. Fisher; vice-presidents, first Mrs. George F. Smith; second, Mrs. Stetson; third, J. Hunter White; fourth, Rev. Dr. D. Hutchinson; treasurer, E. L. Rising, subject to his acceptance; additional members of the board, A. M. Belding, A. B. Robinson, Rev. J. V. Young, Mrs. Thomas Walker, Mrs. R. D. Christie and Mrs. Marvin. These members meet and elect the necessary additional members and the full board appoints the visitors, collector and secretary.

ent but he expected it to improve with the opening of the winter port season. Some of the men not working about the city were relying on the fruits of their summer's toil, he said. He had been agreeably surprised by the cooperation he had received from employers. Another special class he mentioned were the aged men needing light work. Mr. Ryan offered to add the secretary of the Associated Charities in any way.

LIGHTNING COMPUTER

Somesch Chandra Bose Issues Challenge to All the World.

Somesch Chandra Bose, human adding machine, arrived in the office of The New York World the other day to broadcast a challenge to all the lightning calculators of the world. Mr. Bose is a native of India and asserts that he can multiply a double row of sixty figures in less than an hour without touching pencil to paper. He had documents to prove it and will demonstrate to scientists and scoffers.

Mr. Bose proceeded to baffle the assembled journalists by rattling off the solutions to nine and ten digit problems before they could be worked out on paper. He waded into ponderous divisions, and extended cube roots and emerged unflustered with exact solutions. He spotted the day of the week of any given date for five hundred years past or future. Calendars proved him correct.

At the age of eight, he says, his trick of figures was first apparent. He was educated in India, taking a degree at the University of Calcutta and became a passed accountant in Bengal. At the age of twenty-eight he began a serious development of the gift. He says it is a result of early concentration, taught to Indian children in religious exercises. His concentration, however, was mainly centered upon figures. He asserts that he will return to India in a few months to work out a system of calculation which may revolutionize the teaching of mathematics. He was willing today to unlock the secret of his system, since it is not completed. But two years hence he is confident that his theory of mental computation will enable any child to play with mental problems which now confound professors.

was sentenced by Judge J. Gratton MacMahon in the Kings County Court to serve ten years in Auburn prison. Mrs. Flynn last week pleaded guilty to grand larceny in the first degree. Although indicted on the specific charge of stealing two diamond rings from Mrs. Mary Breen, 6906 Sixth avenue,

the police accuse Mrs. Flynn of having committed more than fifty robberies. Mrs. Flynn is said to come from an excellent family, whose identity she has steadfastly refused to divulge. In passing sentence Judge MacMahon told Mrs. Flynn that she was a "cruel, hardened criminal."

Nothing Short of Marvellous Success Would Have Aroused Such Enthusiasm

CHANGE CAME FROM DRECO
Halifax Fisherman is Free From Stomach Trouble Giving All Credit to New Herbal Remedy.
Many remarkable reports have been received concerning the great success of "Dreco." Among others Mr. Joe Sampson, living at 38 Upper Water street, Halifax, has sent us the following signed statement for publication:

"I have suffered for a long time with my stomach. Was always daisy and felt tired all the time. I was subject to daisy spells. I had pains in my side. I was so nervous at times I had to go home from work. I spent a lot of money on pills and medicine, but one bottle of Dreco has proven that it is the correct medicine for me. I do not take pills any more and I am not bothered with gas in my stomach. I want all my friends to know what a fine medicine Dreco is so that they can take it, too."

"The above statement tells its own story more than anything else. After much experimenting with different kinds of medicine, good, bad, and indifferent, this fisherman says he found one medicine that had real virtue. Dreco—the medicine which wins such high praise from Mr. Sampson, is a herbal compound made from roots, herbs, barks and leaves of the field. It is safe and pleasant to take."

"For three years I have suffered from stomach, kidney and liver trouble," says Mrs. George Mackins, 20 Pavillon Barracks, Halifax.
"Constipation was a curse with me. Diarrhoea would overtake me at almost any time. Had bad breath and bad taste in my mouth. I was very nervous and could not sleep well. I had to be most particular about my diet, for I was terribly weak and run down."
"I had almost given up hope of ever finding a medicine. At last I tried Dreco. What a happy day that was, as Dreco has proved to be just what I needed."

"The results after using one bottle are remarkable. My troubles are almost gone. I feel like a new person—lots stronger and I have gained in weight."
"I am much pleased at what Dreco has done for me and would recommend it to anyone who suffers as I did. It's a good preparation."

Those are the people, right here in our midst who tell openly, for the benefit of others, how Dreco relieved them and brought back health and comfort. Out of the many testimonials a few are published here. Read them, then go to your druggist and begin on Dreco today.

Dreco is being specially introduced in St. John by Ross Drug Co. Go there today and ask for Mr. Ranson, the Dreco expert, and let him explain the merits of this great remedy. There is no charge and he will tell you honestly if Dreco will benefit you. Dreco is also sold in other cities as follows:
