

THE GRIT TICKET

Selected by a Convention in McLaughlin's Hall.

They All Hurrah and Predict a Sweep—Emmerson Says the Opposition Have Decided on a Dirty Campaign.

The meeting called by Hon. Mr. Emmerson in McLaughlin's hall Friday evening, to nominate candidates in the government interest, was well attended. The hall was well filled and the crowd demonstrative. The premier took the platform and called the meeting to order.

Hon. Mr. Emmerson was given a very cordial greeting. He said he was more than pleased to see that he had so many friends in St. John. He was sure that none would impute to him presumption in calling the friends of the government together. As the city had for some time had in the legislature no representative favorable to the administration, he had felt it would be proper for him now to issue a call to the friends of the government to meet together. He had been looking with a longing eye in this direction for some time, and it had been his strong desire to overcome the opposition here and break down the barrier of antagonism that seemed to separate St. John from the rural sections of the province. He wanted to see city and counties clasp hands and stand shoulder to shoulder in support of the administration, as he believed they would. He urged that all differences of opinion there might be with regard to the manner of calling the meeting be set aside, and the meeting proceed to organize and work harmoniously to put a ticket in the field. He asked that they nominate a chairman.

John Sealy was elected to that position and took the platform. M. McDade was nominated for chairman by Patrick Gleeson, but this nomination was ignored. A. D. G. Vanwart was elected secretary. Hon. A. T. Dunn and John McLeod were invited to the platform and received with applause.

H. A. McKeown suggested that the different wards represented select a nominating committee. He moved that there be five from each ward and that they be named at once. At the suggestion of M. McDade, Mr. McKeown raised the number to seven, and further moved that such committee be an executive with power to add to its number and act during the campaign.

James Barry argued that they should nominate the candidates in open convention, as it would be very hard to convene the different wards. He voiced the opinion, he said, of a lot of the students around him. He moved as an amendment that the candidates be elected in open convention. The amendment was adopted by a large majority.

James Hamay nominated H. A. McKeown, and Mr. McKeown nominated W. K. Reynolds. E. H. McAlpine nominated George Robertson. D. J. Purdy and W. C. R. Allan were also nominated.

T. Driscoll nominated D. J. Mullin, but a previous motion that nominations close about this nomination on Patrick Gleeson said he thought it was understood that Messrs. Robertson, McKeown, Purdy and Reynolds were to be nominated, and that there would be no opposition. He moved that the nomination of those four be ratified.

It was pointed out that the nomination of Mr. Allan could not be overlooked. A motion that the nomination close was then carried. A motion by W. A. Lookhart that the meeting ballot on the five names was adopted, but this involved a lot of work, and on motion of M. McDade the nominating committee of five from each ward to select a ticket. The members of this committee were nominated and chosen by the meeting, as follows:

Walter Lantulum, Jas. V. Lantulum, M. B. Edwards, Dr. Gorman, Dr. Addy. Wellington—James Barry, Arthur Dawson, A. M. Pound, John Keefe, Jeremiah Griffin, Prince—F. J. G. Knowlton, G. H. Knobel, Joe Hayes, H. Flood, Denis McCarthy, Quinn—W. A. Lockhart, James A. Bester, Thos. Dunsmuir, John F. Morrison, Thos. McAvoy.

White Peters, J. W. Brien, Brocks—W. B. Scully, Richard Retalick, Henry Brennan, T. C. Olive, S. M. Morrill, Lorne—Al. McGinley, Geo. Reynolds, Wellington—Hamm, D. H. Nasse, John McGrover.

Lansdowne—Thos. Buckley, Geo. R. Orsidge, John Murphy, L. C. DeBury, Geo. E. Day. Dunsmuir—J. Russell, John McGowan, H. E. Codner, A. B. Jordan, P. A. Foster. Victoria—T. A. Linton, P. McInnesman, J. B. McLean. Stanley—Al. McGoldrick, Jacob Tobin, E. H. Turnbull, John P. McIntyre, F. Green.

James Brennan suggested while the committee were out that the crowd would like to hear from Mr. Emmerson. The premier came forward and was given three cheers. He again expressed his great pleasure at the hearty reception given him. He said the platform of his administration was set forth in his manifesto. He had at his back strong men and men of wisdom with the welfare of the country at heart. His supporters in the house had no equals in any representative assembly in the country. He had had the courage to state in his manifesto what the government had done and what they intended to do. They had at heart the advancement of every industry, particularly agriculture. He was sure all must be assured that they had given and were giving great benefit to the farmers

PORTO RICO.

GOV. GENERAL Henry Compelled to Make Concessions to Local Feeling.

SAN JUAN DE PORTO RICO, Feb. 5.—The insular cabinet late yesterday tendered his resignation to Governor General Henry, because, after dismissing Senator Carbonell, General Henry ordered General Eaton to take charge of the department of public instruction, and instructed Major Pierce to take charge of the department of public works. Both these departments belong to the interior department. The cabinet demands the immediate appointment of a successor to Senator Carbonell, and that natives be appointed in place of General Eaton and Major Pierce, in accordance with previous enactments of the policy of General Henry and the colonial commission that no Americans are to hold office here. General Henry promises compliance with these demands, and the resignations of the members of the insular cabinet are therefore held in abeyance.

General Henry will place the religious orders in possession of the buildings from which they had previously been ejected, and will restrain any further proceedings to dispossess them until their rights are judicially determined.

OCEAN FREIGHT RATES. They Are Too High for the Pulp Mills—A Direct London Service With Large Steamers.

The excessive ocean freight on pulp shipped to London is operating against the pulp mills of St. John and the pulp industry of New Brunswick.

Mr. Wagon says that in summer he can ship pulp cheaper via either Montreal, Portland or Boston than by the route via Halifax. In 1887 he shipped pulp via Halifax to London cheaper than he could via St. John, although the rail rate to Halifax was higher.

High sea freight, he says, are a great handicap to the provincial pulp trade. He would like to see a direct all the year round London service, and he believes it would very soon prove a paying business. The main province should have some time in getting entry to the London market by a service with large steamers. Steps ought to be taken at once to secure it. It would be a British capital invested in pulp mills such a service is necessary. Mr. Wagon said he had the Elder Dempster Co. would take up the service. That was an excellent idea. He had some business with them and found them an accommodating company.

If re-entrant rates could be got in no other manner of industry on the coast to make an arrangement among themselves. He was like to do business through St. John for he did a good deal of buying here.

Mr. Wagon has discussed the question with the members of the St. John board of trade, and it will probably be dealt with by that body.

MARSEILLES, Feb. 5.—At a meeting here of the anti-Dreyfus league of patriots in the Alhambra hall a hostile demonstration on the part of the mob of the Elder Dempster Co. was given in the streets, during which the revolver were fired. HEAVY APPLE SHIPMENTS. (Halifax Herald, Feb. 4.) Up to last week when the steamer St. John City sailed, the shipment of apples from the port of Halifax for the London market amounted to 164,500 barrels. It is estimated that there are still 85,000 barrels to go forward. Apples have not yet to be shipped in the Annapolis Valley from \$2.75 to \$3.25 per barrel. Taking the net profit at the lower figure, it means that the horticulturists there have received this season \$26,000 or more. If the prices keep up, as they doubtless will, they will get \$212,000 for the balance of their crop, a total of \$288,000 for the season. This is for the London market, alone, so that Mr. Mitchell's estimate, made in the house of assembly yesterday, of three-quarters of a million dollars for the Annapolis Valley apple-growers, is not beyond the mark.

Last year the total export to London was only 77,000 barrels, compared with 258,500, which will be shown at the end of this season. The prices last year were about the same as are prevailing this season. In 1898, when the export to London reached 370,000 barrels, the producers netted less than \$1 per barrel.

The following table, showing our export of apples to London for the past twelve years, and the quantity forwarded so far this season, will be of interest to others than the exporters:

Table with columns: Year, Barrels, Value. Data for years 1887-1898 (so far).

The first Nova Scotia apples sent across the ocean, for exhibition purposes, was in 1862. Later they were exported in "H. Matthews' deal" vessels. These sailing vessels were loaded for London direct. After this the Anchor line boats, running fortnightly between Boston and London, took over apples, freights being about \$1.25 per barrel. Today the freight is 90 cents. A part of last year it was 90 cents, but dropped to 80.

FRICHS OF TIMBER LANDS. N. N. Bentley, the wide awake lumberman of Five Islands, purchased what is known as lot 6, of Garish grant, from Mark Falmore for \$100. This same lot was part of a block of land that some years ago was sold for \$150 and lumbered it and sold it for \$50. The other day he bought it back for \$1,000. Mr. Bentley also purchased the lumber of the property. He expects to cut four million feet of it. This is an immense tract of timber land, or rather the situation in the minds of those owning the lands regarding their value.—Parrsboro Leader.

FREIGHT AT PORTLAND. Almost every truck in the Grand Trunk yards is occupied by loaded freight cars and all the available shunting engines are kept busy at work backing and hauling these cars to their proper places. In the big freight sheds were 500 more cars of package freight, making in all cargo enough to load the cars of the largest ocean liners that touch here. As noon the big elevator was full to overflowing, there being over a million bushels of grain stored away in its bins. The old elevator is also full of American goods.—Press.
