KINDNESS.

BY THE LEVOOR BARD.

Have to the houseless child of want
My door is open still;
And though my portion is but scant,
I give it with good will!—GOLDSMITH.

Throbs there on earth a human heart,
Whose cold and icy chill
Meek kindness cannot bid depart
By its ennobling thrill?
What bosom lost to sense and shame,
In selfish fetters bound,
Its soothing words cannot inflame,
And fill with love profound?

Who has not felt its glowing charm
In hours of deep distress,
When, 'neath the ills of sorrow's arm,
It came his griefs to bless?
Who has not seen the haughty head,
Prone to evade her trust,
When once in claims of pity led,
Bow lowly in the dust?

When cold misfortune's bitter blast,
Swept wildly by the door,
And fortunes sun its shadow cast
To set and rise no more:
Imprison'd thus, who has not wept
Fond tears of heart-felt joy,
Whilst kindness her sweet vigils kept,
And smiled in her employ!

Go, tempt the daring forest chief
With actions good and kind:
Relieve his woes—console his grief,
And soothe his raging mind.
Behold his frowning brow expand!
His features boast a smile;
See him extend his eager hand,
As though o'ercome the while!

Confront the bold assassin's steel
With honor's vital charms;
Let kindness to his breast appeal
In all her varied forms;
Behold the contrite, manly tears
Wash off his bloody frown,
And meek compassion's glance appear
To awe his vengeance down.

Ah, yes! each fountain of the heart
Respond, with bursting glow,
To ev'ry prayer her lips impart—
Where'er her virtues glow.
Let not vain boasting man defy
Her sweet, persuasive thrall;
For kindness, with her winning eye,
Subdues and conquers all.

To M. M. H.

Come to me and pillow thy head on my bosom—
Rest it dear Mary where it often has lain:
While I gaze in thy face enraptured I'll listen,
As wildly you talk of your own happy home.

Yes, Mary, I love thee the longer I listen,
And oft as my arm has encircled thy form;
Yet closer than ever I'll press to my bosom,
And love thee because thou art true to thy home.

I wonder if all the fair daughters of Erin
Are to their country so devoted as you;
Do they all possess hearts so full of pure feeling,
That absence seems only to render more true.

Ah! no I have wondered over mountain and sea,
And exiles I've met from the Emerald Isle;
But I've never found one so devoted as thee,
Whose love seems to almost adore its green soil.

Why mourn for the home of thy childhood so sadly?
And early companions whose love thy heart fills.
Forget them dear Mary and love me as gladly—
For I to am far from my dear native hills.

Farewell and remember sweet daughter of Erin
You never again let me see thy tears flow;
For your tale of thy home around me has woven
A chain that will bind me where ever I go.

St. John, May 6, 1845.

Extracts from late English papers.

A meeting was held on Tuesday, at Exeter Hall, London, for the purpose of petitioning parliament against the new endowment to the Roman Catholic College of Maynooth. The resolutions were moved and seconded by clergymen of the established church and ministers of dissenting congregations. One of the speakers, the Rev. Baptist Noel, having asserted that the Roman Catholics bowed down to and worshiped images, some confusion was excited by the denial of two Irish priests, the Rev. John Telford and the Rev. Peter Way, who were both taken to the police station.

Mr. Wm. Austin, adopted son of the late Queen Caroline, has been declared insane. He has about £4,000 in the funds.

The Bishop of Exeter has given £500 towards supplying churches and schools, in the destitute districts of his diocese.

The late Sir Henry Clare, Colonel of the 13th Light Dragoons, has left £120,000 to his widow and sole executrix.

It is said that Parliament will never sanction the atrocious proposal of confining ladies who travel by rail in carriages by themselves. They would be *sure to fall out* by the way.

The Duke of Devonshire has sold his extensive estates near Ripon and Boroughbridge, and is now offering for sale his vast and magnificent property at Londesborough, near Market-Weighton, valued at £500,000.

The annual export of oranges from St. Michael's is stated to be 80,00 cases, valued at 60? cantos, or about £140,000.

The entire cost of the new houses of parliament will not, it is said, greatly exceed the estimate. The whole amount is expected to be £928,913. Both houses will be ready for occupation by the session of 1847.

CLARK'S Vegetable Universal
Life Pills
Nos. 1, 2, &c.

Suited to every Age and Constitution—Will never fail to give relief, whatever may be your complaint.

TRY THEM!

"He that wants HEALTH, wants everything."

For sale by the Proprietor, at Coffee House corner, Market square, St. John, N. B.

IT is now an absolute and known fact, that every disease, whether it be in the head or feet, in the brain or meanest member, whether it be an outward ulcer or inward abscess, are all, though arising from many causes, reducible to the one grand effect, namely,—impurity of blood. In many cases where the dreadful ravages of Ulceration had laid bare ligament and bone, and where to all appearance no human means could save life, have patients by the use of these Pills, been restored to good health, the devouring disease having been completely eradicated. In consequence of the plainness of their operation they are universally used where they are known, and are fast superseding every other preparation of professed similar import. The most obstinate diseases are cured by the one similar act of continually evacuating the bowels with them until the disease gives way: therefore whatever may be said of the theory, the utility of the practice is now beyond all doubt.

The same medicine, however, will not always have exactly the same effect on different persons, nor on the same individual at all times, and the best remedies partly lose their effect by being continued too long; a change occasionally is therefore absolutely necessary, and purgatives which have a somewhat different action frequently greatly assist each other in performing a cure. Care should always be taken by those who are in the habit of taking Pills, to procure such as are most congenial to nature, as improper purges may, and often do, produce very bad consequences; some of the bad effects produced by them are sore mouths, loose and rotten teeth, violent palpitation at the heart, Piles, nervous and painful disorders, tremors, agitation of mind, &c. Some Vegetable as well as Mineral substances may do much harm.

No Medicine prepared by the Proprietor will produce any such effect. TRY THEM! A single dose of the above named Pills may be had at any time if wanted.

"Any man can tell when a medicine does him good as well as a Physician."—Buchan.

And any one who will give these Pills a fair trial, and is not effectually cured or greatly relieved, whatever may be his complaint, shall have at least *half the cost* returned by calling on the Proprietor.

Other medicines may be used with the Pills, in a variety of cases with decided advantage, particularly in Consumption, Asthma, Rheumatism, and some complaints peculiar to Females, still the grand object in all cases is to cleanse the system, remove the morbid or opposing matter and purify the Blood.

These Pills are put up in quantities to suit purchasers, from 1s. 3d. to 5s per Box, with proper directions, signed by the Proprietor in his own hand writing, without which none can be genuine.

Also, on hand:—Various other preparations which have been in extensive and singular efficacious use in the United States for upwards of thirty years, some of which are known by the name of

"THOMSONIAN,"

And are thought the best Family Medicines that have ever been discovered by a very large majority of those who have used them.

To you who know the truth: nothing is stated in this advertisement but facts, and facts are stubborn things.

The fame and efficacy of Parr's Life Pills in America.

From the New York Sunday Mercury, Jan. 10, 1841.

We call the attention of the invalid to the Testimonials of cures performed by Parr's Life Pills. The testimony of such respectable names is a certain guarantee for the truth of the efficacy of this truly excellent medicine.

The number of testimonials of cures by Parr's Life Pills, are crowding upon the proprietors daily, and their unsolicited testimony witnessed by gentlemen of high reputation.

The following testimonial is from one of the most talented and respectable members of the theatrical profession, Mr. T. D. RICE, the original Jim Crow—a gentleman whose high character for worth and integrity as a citizen, places his unsolicited and voluntary attestation of the excellence of the Medicine beyond the shadow of suspicion. This (worth thousands of similar grateful acknowledgments) can be seen at the principal depot, 204 Broadway

From Mr. T. D. Rice, (the original Jim Crow.)

To Messrs. T. Roberts & co. 204 Broadway, N.Y.

Gentlemen—Having in the course of a long and arduous practice of my profession, contracted a tightness across the chest, with great prostration of strength, and suffering much from the effects of the labour attached to my peculiar pursuits, while in England, I had recourse to your popular Medicine, *Parr's Life Pills*, from which I received great benefit. Finding a branch of your house in this city, I procured a few boxes of the Medicine, and can now sincerely testify to their value & great efficacy, and also to the great character they bear in the old country.

Your obedient servant,
T. D. RICE, 20 Vestry street.

The following Testimonials in favour of Parr's Life Pills, from highly respectable parties, are confidently submitted to the public. This singularly efficacious medicine is now being introduced into every family, and rests its claims for patronage on the most credible authority.

Cure of an old confirmed stomach and liver complaint.—Mr. John Haworth informs that he has been for many years suffering from a deranged stomach and liver complaint, and although he has had recourse to various remedies, and has been under one of the most popular surgeons in Manchester, nothing afforded him the desired relief until he met with Parr's Life Pills, which have already afforded him more benefit than all the other advice and medicine he has been taking for years, and therefore can with the greatest confidence urge any one suffering from the same complaint to give them a trial.

Witness to the truth of the above, Mr. George Dean, Market street, Manchester. Feb. 7, 1
