May 22.—J. H. CHISHOLM.

### LUZURY AND HARD TIMES.

Our own follies make us miserable. That which we waste or more than waste, by hurtful indulgences, would carry us three years of poverty, even of hard times, and cheer with comfort and plenty the years of old age.

In our hope of the non-employment of the unemployed, we are not to be surprised that they find themselves in groups about our parks and thoroughfares, and it is not uncommon to see fifty men collected, those of whom will be seen, each with a cigar in his mouth, and if you should attempt to smell the breath of the remainder, you would find it tainted with either tobacco or rum. We have ventured to suggest to those men who have become homeless and friendless, that every cigar they smoke would pay a small loaf, and on questioning one who said he smoked six cigars a day, even in these hard times he confessed that they cost him as much as would be sufficient to furnish bread for his family.

It may not be known to our readers how many millions of dollars are spent annually in a single city like New York, for the one vice indulgence—tobacco. It is not uncommon to hear a great outcry about the amount of taxation for various purposes, and it is often said that these burdens are becoming insupportable, but give us the tobacco that is used in New York, and we will educate every child within its limits, we will pay every clergyman his salary, we will keep all the churches in repair, and we will pay every man, woman, and child, the necessary supplies for all our hospitals and almshouses, and have money left. Every dollar that is there spent for tobacco is not only a deduction from the industry of the people, but it is a deduction from the growth and development of youth, and reaching the seat of inflammation, promptly and invariably subsides it, whether located in the kidneys, the liver, the lungs, or any other important organ. It penetrates the surface of the interior, through the countless tubes that communicate with the skin as summer rain passes into the fevered earth diffusing its cool and regenerating influence.

SKIN DISEASES & GLANDULAR SWELLINGS.

Every species of exterior irritation is quickly reduced by the anti-inflammatory action of this Ointment. Angry Eruptions, such as Eczema, Scald Head, Netter Rash, Scabies (Itch), &c., die out, to return no more under its application. Hospital experience in all parts of the world proves its infallibility in diseases of the skin, the muscles, the joints and the glands.

ULCERS, SORES, AND TENDRONS.

The effect of this unrivaled external remedy upon a scrofula and other violent ulcers and tendrons is almost miraculous. It first discharges the poison which produces suppuration and pond heat, and then the cure which its healing properties afford is complete and safe as well as permanent. WOUNDS, BRUISES, BURNS, AND SCALDS.

In cases of the fracture of the bones, injuries caused by steam explosions, Burns, Scalds, Bruises, Sprains, &c., the Ointment is applied to the injured part, and the cure which its healing properties afford is complete and safe as well as permanent. WOUNDS, BRUISES, BURNS, AND SCALDS.

### A MEDICAL EVOLUTION.

THE WORLD'S EXAMINER.

HOLLOWAY'S OINTMENT.

THE GREAT CENTER IRRITANT!

The virus of disease often makes its way to the internal organs through the pores of the skin. This penetrating influence, melting under the hand as it is called in, is absorbed through the same channels, and reaching the seat of inflammation, promptly and invariably subsides it, whether located in the kidneys, the liver, the lungs, or any other important organ. It penetrates the surface of the interior, through the countless tubes that communicate with the skin as summer rain passes into the fevered earth diffusing its cool and regenerating influence.
