

SHELLS OF ALLIES ARE RAINING ON GERMANS

ROUNDING UP GERMANS AND AUSTRIANS

British police combing country for aliens—Over 500 arrested in Manchester—No exceptions.

London, Oct. 22, 5.02 p. m.—The wholesale arrests of Germans throughout England have brought the German Benevolent Committee face to face with a problem equal to the first few weeks of the war.

The large majority of those arrested have been employed steadily, and their families will be dependent during the stay of the breadwinners at the detention camps. This was the ground up for the day of Germans, Austrians and Hungarians throughout the United Kingdom, only those having naturalization papers issued prior to the war being spared.

It is estimated that there are three thousand alien enemies in the United Kingdom, of whom a majority are in London. The burden of combing and its environs falls on Scotland Yard, and all day long the forces attached to the metropolitan police stations have been working at high pressure. It will take some time to completely clean up, in spite of the fact that a majority of these aliens have been registered with the police since the outbreak of hostilities.

Five hundred have been arrested in Manchester during the last 24 hours, and the numbers elsewhere are in proportion. At Northampton a prominent German, who was manager of the local street railroad system, was forced to resign in spite of the fact that he had lived in England for 27 years. It is said that he did not take out his naturalization papers until after the war began.

DETENTION FOR GERMANS AND AUSTRIANS

Ottawa, Ont., Oct. 22.—Customs and immigration officers are looking more closely than they have hitherto done into the credentials of the German and Austrian unemployed in Canada. It is probable that they will be collected at various detention places throughout the country. It is difficult for these to get employment and they will have to be maintained. The possibility is therefore that they will be made to government work of some kind.

British and French unemployed are being deported but it is obvious that Germans and Austrians have to be kept in this country.

CHILDREN HATE OIL, CALOMEL AND PILLS

"California Syrup of Figs" best for tender stomach, liver, bowels.

Look back at your childhood days. Remember the "dose" mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them.

With our children it's different. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolts are well founded. Their tender little "insides" are injured by them.

If your child's stomach, liver and bowels need cleansing, give only delicious "California Syrup of Figs." Its action is positive, but gentle. Millions of mothers keep this harmless "fruit laxative" handy; they know children love to take it; that it never fails to clean the liver and bowels and sweeten the stomach, and that a teaspoonful given today saves a sick child tomorrow.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs" which has full directions for babies, children of all ages and for grown-ups plainly on each bottle. Beware of counterfeits sold here. See that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.

DUTCH LINER DIVERTED BY BRITISH AUTHORITIES

London, Oct. 21.—The Royal Dutch West Indian Mail steamer Prins Der Nederlanden, which sailed from New York Sept. 4, for Havre and Amsterdam, by way of West Indian and Venezuelan ports, arrived at Falmouth today.

Falmouth not being the destination of the Prins Der Nederlanden, it is probable that she was diverted to that port by the British naval authorities.

London, Oct. 22, 1.30 a. m.—It is reported that the British torpedo boat Dryad is ashore at Kirkwall, in the Orkney Islands, off the coast of Scotland. Her crew is said to have been saved.

SHELLS FROM WARSHIPS BATTERING THE GERMANS

Bombardment Near Ostend and Nieuport Becoming Still Heavier—French Squadron Aiding British Fleet—Enemies' Cavalry Being Mowed Down—Allies Strongly Entrenched.

Amsterdam, Oct. 22, via London, 10.10 p. m.—The Telegram's Brussels correspondent reports that the bombardment of Ostend and Nieuport is becoming still heavier.

"The shells of the allies," the correspondent says, "are raining down upon the Germans, and causing terrible destruction. The battlefields are covered with bodies, but fresh German troops continue to arrive. Since morning the Germans have retreated slightly."

"A French squadron is supporting the English warships, which can only be reached with difficulty by the German gunners."

THE SOUTH AFRICAN GERMANS INTERINED IN JOHANNESBURG; INCITING NATIVES TO RIOT

Action as result of activities of agents among Zulus—Home Defense forces fighting enemy in East and South Africa—Reported much uneasiness felt.

New York, Oct. 22.—Over one thousand Germans of all classes, from merchants to waiters, have been interned in a public park near Johannesburg, South Africa, by British authorities as the result of reported activities of German agents among natives, according to C. Eaton, of Tacoma, Wash., who recently left South Africa, and arrived here on the steamship Adriatic from Liverpool.

"The war has created a situation in Africa that can be described as alarming," said Mr. Eaton.

"The native population outnumber the whites by about four to one. Early in the war England began withdrawing the regular troops, which were replaced by recruited bodies, termed home guards or a defense force. In the vicinity of Cape Town and Durban much uneasiness is felt, and Germans are openly charged with inciting the natives to revolt. Part of the defense force, as fast as it is recruited, is being sent to German East and South Africa, where it is reported that the Germans have a force of about ten thousand troops. I left South Africa on September 21, my departure being delayed by inability to get steamship passage, the regular liners having been pressed into service to carry troops."

THE PRUSSIAN DIET GRANTS AN ENORMOUS WAR CREDIT

Members Pass Bill for \$375,000,000 Unanimously—Galeries Filled and Vice Chancellor in Address Claims Ultimate Victory for Germany.

Berlin, Oct. 22, via Amsterdam to London (11.25 p. m.).—The Prussian Diet met today and passed war bills, including one granting a credit of 1,500,000,000 marks, (\$375,000,000). The house and the galleries were filled to overflowing. Many of the Deputies, some of them wounded, attended the session, dressed in their military uniforms.

After congratulatory messages to the emperor had been voted, Clemens Del Bruck, vice chancellor, submitted the war bills. Herr Del Bruck said Germany had been forced into the war by the hatred and envy of her neighbors. He regretted, he said, that the Imperial Chancellor, Dr. Von Bethmann Hollweg, who had accompanied Emperor William in the field, was unable to be present at the session.

"I am the bearer of the sincerest greetings of the emperor to you," continued Herr Del Bruck. He is following with lively interest your work, which will heal the wounds created by the war. He wishes you swift progress in your deliberations.

A VACATION FOR PREMIER OF DOMINION

Sir Robert Borden to spend three weeks at Virginia Hot Springs—Been working hard.

Special to The Standard.

Ottawa, Oct. 22.—Sir Robert Borden leaves tomorrow for the south on a three weeks vacation. The Premier is much in need of a rest. He has been working hard for a long time and since the outbreak of the war he has been especially busy. He will probably spend a portion of his holiday at Virginia Hot Springs. Lady Borden will accompany him.

It is unlikely that the vacancies in the Senate, of which there are six, will be filled until his return. During Sir Robert's absence Sir George Foster will be acting premier.

THE BLUFF DIDN'T WORK

Special to The Standard.

Ottawa, Oct. 22.—A good deal of amusement has been caused here at the expense of some of the army of contractors who have been here in the last few days for the purpose of securing orders for British army supplies from Fred Stobart, the British commissioner.

Some of these contractors had conceived the idea that Mr. Stobart was a "green" Englishman who could be "bluffed." They soon had their eyes opened. Mr. Stobart is a Canadian who has been in the dry goods business in Winnipeg for thirty years. He has also large business interests in Great Britain where he now resides, but comes to Canada periodically to look after his Winnipeg concerns. He is a business man of exceptional ability.

THE GERMANS CANNOT MAKE IMPRESSION

Furious attacks repulsed all along the line—Bombardment between Ostend and Nieuport.

London, Oct. 22, 6.16 p. m.—"The furious bombardment between Ostend and Nieuport continues today," according to a despatch appearing in the Telegram, of Amsterdam, and telegraphed to London by the correspondent of the Exchange Telegraph Company.

"The Germans are firing from Mariakerke and Middelkerke; the French from Nieuport, and the English from their warships. English aviators directed the fire of the allies on the German positions."

"The French and Belgians are persistently resisting the efforts of the Germans to cross the River Yser. The dykes of this river have been cut and the banks at high tide are flooded for considerable distances. Continual rains have made the land very swampy and the Germans, suffering from heavy losses, cannot advance. Large numbers of their wounded arrived at Bruges and Ostend Wednesday, and a body of Germans came from Ghent to assist in their removal. A further consignment of new guns for the shelling of British warships have arrived at Ostend. Zeebrugge is still occupied by German marines."
