THE TRUST CO. AND

ITS FUNCTIONS

(By L. T. Rexford.)

We should have a Federal Act under which every institution using the name "Trust Company" would be incorporated, and the power should be taken from the provinces of granting charters to trust companies. This saw should be retroactive so as to govern at least to the extent of the use of he name "Trust Company" all existing companies whether under Federal or provincial charter. Then the name "Trust Company" would be safeguarded in the same way as the name "Bank" is safeguarded in Canada. There may be difficulties in the way which we all have to be removed before such action.
