

## JUSSERAND TO STAY AT WASHINGTON

Premier Millerand Announces His Intention to Make No Change.

### SATISFIED WITH THE AMBASSADOR'S WORK

Believes the Diplomat's Friendship With Lodge Beneficial to France.

Copyright, 1920, by Public Ledger Co.  
Paris, June 14.—Your correspondent is able to deny absolutely rumors circulated by French journals, both in France and in the United States to the effect that the French Ambassador, M. Jusserand, shortly will be recalled from Washington. Ambassador Jusserand has the full confidence of Premier Millerand, who recently gave him to understand that he intends to keep him in Washington as long as he himself remains in power. The rumors have a double origin. First, from the mistaken idea that M. Jusserand was one of the authors of the treaty of Versailles, there has been an effort made to couple the Ambassador with President Wilson; second, the difficulty the French Government is having to find some one qualified to be Ambassador to Berlin, which has given rise to the idea that M. Jusserand is to be sent there, in itself is evidence of the high esteem in which he is held. Premier Millerand, however, has decided that nothing is more important than maintaining good relations between the two republics and considers the work of M. Jusserand in Washington beyond reproach.

As for the treaty of Versailles, M. Jusserand had little or nothing to do with it. M. Clemenceau, who was one of its authors, did not use M. Jusserand any more than he used the bureau of the "Quai d'Orsay." André Tardieu alone acted as expert in all American matters. Only rarely the opinion of M. Jusserand was solicited, but when it was—notably in the German cables—his advice always was sound.

Replying to the criticism that he has not kept Paris well informed, it is pointed out that he often signaled the growing American opposition to the League of Nations and it is stated in high quarters that concerning his friendship with Lodge, "it will be revealed one day how this friendship has been useful to France in the course of the last year."

### FEW AMUSEMENTS FOR ITALIAN PEOPLE

Taxes on All Forms of Play Have Been Considerably Increased.

Rome, June 14.—Hard weekend few amusements must be the portion of patriotic Italians during the next few years, in the opinion of former Premier Nitti. The taxes on theatres and concerts already somewhat heavy, have been considerably raised; while the proprietors of hotels who give balls, dances and other entertainments must pay to the state from \$50 to \$500 a ride.

There are to be no more automobile races on Sunday, as cars may not be used between Saturday afternoon and Monday morning. No one may motor between 8 o'clock in the morning and 8 o'clock in the evening all the week, and cars of more than 35 horsepower are forbidden to all.

As the trolleys and taxis which go out on Sundays to Frascati, Tivoli and the other outlying places are greatly reduced in numbers, it will be necessary for the average Roman to invent some other mode of passing his Sunday.

Italians contain from 86 to 93 per cent. gelatine.

**"I Wonder Would It Help Me?"**

THIS question has been answered by many thousands of women who have found health and happiness in the use of Dr. Chase's Nerve Food.

Sleeplessness, irritability, nervousness, gloomy forebodings of the future, depression and discouragement—these are some of the symptoms which tell of exhausted nerves.

In order to avoid nervous prostration or some form of paralysis it is well to get the building up process established at once by use of Dr. Chase's Nerve Food.

50 cents a box, 6 for \$2.75, all dealers, or Edmonson, Bates & Co., Ltd., Toronto.

## Immigration of American Farmers

Publicity Given the West by Members of American Editorial Association Last Year Caused Many Farmers to Enter the Prairie Provinces.

"As a result of the publicity given the west by the members of the American Editorial Association last year there has been a big immigration of American farmers into the Prairie Provinces, and also a very considerable influx of American capital seeking investment," said a Government official to The Standard yesterday. "Something has appeared in the press about this immigration, and at present it is growing rapidly. Robert Stead, and Bruce Walker, directors of publicity for the Immigration Department, were to have made the trip through the Maritime Provinces with the editors, but the pressure of work on their department due to the recent shown by Americans in the West has kept them to their desks."

"The party has been amazed and pleased with what they have seen of the letters in their papers which have reached us are very enthusiastic and interesting. Out of this trip Eastern Canada will get a lot of good advertising."

"Unfortunately the party is as large as that which visited the West, a fact which is mainly due to the approach of the Presidential contest, keeping the political editors at home."

"Last year we had J. T. Hawley, of Moncton, with us, and there is general regret at his illness. Mr. Hawley's articles on his trip in the West were among the best turned out by any of the journalists, and there were many clever men and women in the party. They were sent to every editor who made the trip, and were reprinted in a great number of American papers controlled by those editors. More than that, the Immigration Department was able to make good use of them in American papers which were not represented on the tour."

### GREAT LABOR STRIKE IMMINENT IN ENGLAND

Employers Will Not Concede the Wage Demands of the Men and Factories May Close.

(Copyright by Cross-Atlantic Cable)  
London, June 14.—The most gigantic labor lock-out in the history of the world is confronting England within the next few weeks as a result of the demands by workmen in the engineering and kindred industries for still higher wages. The employers' ultimatum, when advanced, less the demands are withdrawn the employers will close their factories. Employers are organizing strongly, making that any further increase in wages would be an expense that must be charged to capital investment, and cannot be met from income. They say the wage bureau has reached a point too heavy to carry, and they use as a warning the recent action of the Brunel's piano factory which closed its doors for the reason that it was not able to operate at the prices offered for the output and at the same time meet the demands for labor for wages. Lord Robert Cecil said: "The wage bureau has reached a point too heavy to carry, and they use as a warning the recent action of the Brunel's piano factory which closed its doors for the reason that it was not able to operate at the prices offered for the output and at the same time meet the demands for labor for wages. Lord Robert Cecil said: "The wage bureau has reached a point too heavy to carry, and they use as a warning the recent action of the Brunel's piano factory which closed its doors for the reason that it was not able to operate at the prices offered for the output and at the same time meet the demands for labor for wages."

### THE INCREASE IN TELEGRAPH RATES

The recent increase granted in telegraph toll rates went into effect yesterday and the schedule of rates now is:

|                    | Old rate. | New rate. |
|--------------------|-----------|-----------|
| To points in N. B. | 25 & 1    | 30 & 2    |
| To points in Que.  | 30 & 2    | 40 & 3    |
| To points in Ont.  | 30 & 2    | 40 & 3    |
| To points in Man.  | 75 & 5    | 95 & 5    |
| To points in Sask. | 100 & 7   | 125 & 7   |
| To points in Al.   | 100 & 7   | 125 & 7   |
| To points in Brit. | 100 & 7   | 125 & 7   |

The term twenty-five and one means twenty-five cents for ten words and one cent for each additional word, so thirty and two means thirty cents for the first ten words and two cents for each after, and so on. The rate to P. E. Island remains as at present, thirty cents for ten first words and two cents for each additional.

To points in the United States the increase is very small. The rate to Boston, New York and nearby points increases fifty to fifty-five cents. The sixty and seventy-cent rates also increase by five cents each, while the seventy-five-cent and \$1 rates increase by ten cents each.

JUDGE NORRIS QUEST OF WOMEN'S PRESS CLUB, TORONTO.

Judge Jean Norris, of the New York Women's Court and the Court of Domestic Relations, was the guest of honor at tea at the Toronto Women's Press Club, says the Toronto Telegram, and gave an informal talk on her work, particularly that among the girls. Eighty per cent. of the girls placed on probation made good, said Judge Norris.

Also present as guests of the club were Miss Denon, Miss Robinson, Miss Taylor and Miss Polla, four of Toronto's young women lawyers. Dr. Blinn. Guest was also present.

Unless in itself for most purposes, gold sustains credit and generates confidence as no other commodity can.

## MAKE TRIPLE ALLIANCE BY ADDING CHINA

Chinese Newspaper Thinks That Country Should be Included in Anglo-Jap Pact.

### WANTS SOVEREIGNTY RESTORED TO CHINA

Two Powers Have No Right to Decide Destiny of Third Nation Without Consulting Latter.

Peking, June 12.—(By Associated Press)—China should be admitted as a member of the Anglo-Japanese alliance, thus making it a Triple Alliance, according to the conclusion reached by the Peking and Tien-Tsin Times in a lengthy series of articles dealing with the approaching revival of the Anglo-Japanese pact. The paper says:

"The treaty should be modified insofar as necessary to make China a third power without the latter's assent. It is a serious departure from the usual practice in international relations for two powers to enter into an agreement respecting the interests of a third power without the latter's assent, and one which in our view ought not, in this instance, to be perpetuated. The inclusion of China in what would then become a Triple Alliance for the preservation of peace in the Far East and the maintenance of her integrity and independence and of the principle of equal opportunities for the commerce and industry of all nations, would constitute the most effective guarantee that nothing affecting her welfare would be done by either of the other parties without full and frank consultation with her."

Besides the admission of China to the pact, the Times proposes a series of conditions in the renewal of the alliance, by which China shall be safeguarded. One of these would be that no two great powers should bring about the restoration of China's sovereignty over the Liao Tung peninsula, including Port Arthur, and the Chinese Eastern Railway, and the right of the South Manchuria railroad to Chinese control. Other conditions proposed are summarized as follows:

"The independence of China today is violated by the presence upon her soil of foreign garrisons other than those provided for under the 1901 protocol and the limited number of railway guards permitted for the guarding of the South Manchuria and Chinese Eastern Railways. Great Britain should insist, therefore, at conditions precedent to the renewal of the alliance upon the withdrawal of all Japanese troops on Chinese soil whose presence is not provided for by treaties or agreements in operation on July 13, 1911."

"Although Tientsin was forcibly occupied by Germany in 1918, her administration of the port and leased territory aroused so serious opposition until 1914, when Tientsin became a base for warlike operations against Allied shipping. The German methods of administration were liberal compared with those of the Japanese, who are aiming to make it a closed port. The restoration to China of Tientsin, under conditions which guarantee equality of treatment to be insisted upon by Great Britain."

"The Shantung Railway, which is at present being used mainly to export Japanese interests and as a pretext for the presence of Japanese garrisons in Shantung, should become a Chinese Government state railway, operated by a Chinese administration, on terms similar to the state railways operated under British supervision."

"The practice of treating the nationality of members of the customs service employed in the higher branches of the service at Tientsin and Japan as a test of fitness, which in effect places the heads of the customs in these ports under the jurisdiction of an interested power, should be discontinued."

"Britain and Japan should mutually agree to withdraw their post-offices from China as soon as France, Italy and the United States are prepared to do likewise."

### NEW PERFECTION Oil Cook Stoves

For Every Cooking Purpose

For boiling, roasting, frying, grilling, broiling and baking the "New Perfection Oil Cook Stove" and "Oven" are the best helps for the good cook.

The New Perfection Oil Cook Stove gives you cool kitchen-comfort in summer, and cooking satisfaction the year round. No annoyance from smoke or odor—no ashes, litter or dirt. It burns cheap, easy-to-get coal oil.

The "Long Blue New Perfection" chimney turns every drop of fuel into useful heat. The New Perfection Burner is as long lasting as it is efficient. Every part of the New Perfection Oil Cook Stove is well-made and well finished.

"Made in Canada" there is no high exchange rate to figure in the cost, so when you buy a "New Perfection" you get the best stove at the best price.

Sold by good dealers everywhere. Ask for a demonstration of the "Long Blue Chimney" or write for free New Perfection booklet.

## MINISTRY OF HEALTH NEEDED IN SPAIN

Leading Newspapers Start Campaign for Improved Hygienic Measures.

Madrid, June 14.—Spaniards are awakening to the necessity of improved hygienic measures to decrease the mortality of this country. Several of the leading newspapers have joined in a demand that a ministry of health be organized to give proper attention to sanitary conditions in factories and houses, to reduce accidents to workmen and to have charges of the execution of cheap houses for the poor, old age pensions, health insurance, maternity allowances, prevention of epidemics and hygienic instruction for the people.

One newspaper quotes Dr. Juarros as having asserted that smallpox, diphtheria and tuberculosis had increased enormously; that births had decreased and the death rate among infants grown to such an extent that these diseases now comprise 20 per cent. of the national mortality. An infinitesimal number of houses boast of a bath, and public baths were entirely lacking and the houses of the poor were so badly constructed that the occupants did not have as many conveniences as were afforded by the prison.

The Institute of Civil Engineering has taken up the subject and is agitating for hygienic measures to reduce the death rate.

### DR. SPEAR INCIDENT A CLOSED BOOK

Explains by Telegram to Parliament What He Said and Meant at Toronto Conference.

Ottawa, June 15.—In the House of Commons today the Speaker read a telegram he had despatched to Rev. Dr. Spear in reply to the latter's alleged statement at the Methodist conference in Toronto that in regard to race track legislation "letters were of no avail; money in the lobby. We hadn't the money." In his telegram the Speaker requested Dr. Spear for an immediate reply whether he had made the statement or if not, what statement he had made.

The Speaker also read a telegram he received from Dr. Spear this morning in reply. In the course of this telegram Dr. Spear said: "I beg to state that I had no intention of passing any reflection on any member of the Ottawa Parliament, or its integrity or honor." He had meant that there was no money to send deputations, or to watch legislation. He did not mean that money was used in the sense of bribery, but the sense of keeping men there. He regretted that a false impression had gone abroad by the half sentences he used before the Conference.

"I think," added Mr. Speaker, "in the highest degree unfortunate that other loose language should be indulged in by people holding responsible positions, and that the same should be no careless in the matter of making reports, so as to enable language capable of the interpretation placed on and in contempt of the House of Commons, to be passed through the country."

Sir Robert Borden observed that he thought that the incident might now be closed and the House passed to other business.

service employed in the higher branches of the service at Tientsin and Japan as a test of fitness, which in effect places the heads of the customs in these ports under the jurisdiction of an interested power, should be discontinued."

"Britain and Japan should mutually agree to withdraw their post-offices from China as soon as France, Italy and the United States are prepared to do likewise."

## Feelings of The Local War Veterans

Are Not in Favor of Agitation Being Carried on by Comrades in Ottawa for Trying to Force a General Election.

The War Veterans of St. John are not in favor of the agitation being carried on by a group of comrades in Ottawa for the purpose of intimidating or trying to force the Federal Government into a general election. At a meeting of the executive held here in response to a request from the Dominion Secretary, C. C. McLeod, the following message was sent to Mr. McLeod:

"The President and Members of the Provincial Executive do not approve of the agitation in favor of a general election. We call meetings of Provincial Executive to take action on meeting of Dominion President."

This message was followed by a second one which stated that "Parliamentary committee not yet reported. We think it unwise to suggest any plan of action until the results of their deliberations are made public. In our opinion the present agitation violates basic principles of association in that the calling of mass meetings for the purpose of intimidating Parliament in this time of general unrest tends to revolutionary action."

### ACCIDENTAL DEATH CORONER'S VERDICT

Montreal, June 15.—Accidental death was the verdict returned in the coroner's court today in the case of Laurette Briere, who died from burns and a contagious disease. It was thought yesterday by the police that Briere had died as a result of being hit on the head with a teapot full of boiling tea during a quarrel.

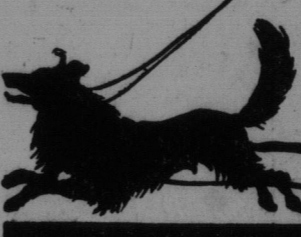

### PASSING "PHONEY" MONEY.

Saskatoon, Sask., June 15.—A rest of Wakaw, Sask., found guilty of covering a cent piece with "silver" paper and passing it off as a quarter was sentenced to thirty days' imprisonment with hard labor.

## DEMONSTRATION FOR COOLIDGE

Republican Nominee for Vice-President Given Reception at State House by Party Leaders.

Boston, June 14.—Governor Coolidge, Republican nominee for the Vice Presidency, received congratulations from Massachusetts leaders at the party at a reception held at the State House today. The Governor was greeted by Lieutenant-Governor Channing H. Cox, Frank B. Bell, chairman of the Republican State Committee, and Massachusetts delegates to the Chicago Convention. The delegates paraded from South Station to the State House, while whistles of harbor craft and factories were blown.

Cheers were given for the next Vice-President, and the Republican National ticket. Then some one suggested "three cheers for Oregon." The response was hearty. It was an Oregon delegate who placed Governor Coolidge in nomination for Vice-President at Chicago.

Governor Coolidge tonight received the following telegram from Senator Harding in reply to congratulations: "Thank you for your message. Your selection for Vice-President has strengthened our ticket by adding a truly great and trusted American. I am honored by the association."

Words Versus Deeds.

(Hamilton Herald.) Instead of accepting a mandate for the protection of Armenia, the United States Congress offers the Armenians its heartfelt sympathy. It remains to be seen to what extent the sympathy of Congress will save the Armenians from Turkish guns and sabres.

## SLUMP IN HIDES HITS PROVINCE

Fredericton, June 14.—Declines in hides in New Brunswick are said to be affected to an exceedingly large extent by the serious break that has occurred in the hide market on the present holding of dealers in this province at not less than a million dollars. In Fredericton one dealer is facing losses aggregating between \$15,000 and \$20,000 as a result of the bottom falling out of the market while they were holding large stocks for the usual favorable markets in June. Local dealers who are hit by the slump are largely Jews, who have been going about the country buying up stocks at big prices.

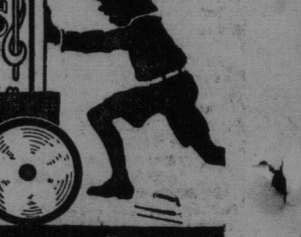

Cow hides are now selling at 9 cents a pound, whereas a year ago they were bringing 50 cents, and calf skins, which a year ago were selling at 96 cents a pound, are now bringing only 20 cents a pound.

Energy! Children use up a lot of it, and their food has to replace it. Back of the oven-fresh quality and famous flavor of Kellogg's is the energy Nature stores in white corn. Select the "wax-tite" package guaranteed by this signature—

## THE OXFORD YOUTH W EXPERT

It Was Feared Cyrus J. H. T. to Buck Fever But He Pl. Like a Golf Veteran.

Midford, Scotland, June 12.—A youth of 24, yesterday turned back the American invader Robert Gardner, who came to capture the British and keep golf championships. The Silvanage measure up to the final hole, the American losing by one. Cyrus J. H. Tolley the young Oxford golfer, on whom were planned Great Britain's hopes to keep her own championship within her own borders, justified the confidence in his prowess with the clubs by defeating Gardner, one up in 37 holes. The finish was about the most sensational in the memory of the oldest golfers on these shores. Before the match Gardner was the favorite on account of his steadiness and experience. Tolley being at quite a disadvantage in the matter of years on the green, was thought a likely candidate for the buck fever if the match should come to a narrow pass. Gardner might have had this in mind when he took the jump during the morning to grab an advantage of two holes. Tolley steadied down to overtake the advantage, however, and won even with the invader at the sixth hole. Thereafter it was anybody's championship. Gardner was two up at the eighteenth hole, but Tolley came put with a strong offensive after that.

### DRURY COVE ATHLETICS.

The Drury Cove Athletic Association held its annual meeting at the home of the secretary, E. E. Thomas, with the president, W. G. Drake, in the chair, on evening of June 10, 1920, and was attended by a large percentage of the members, including several new ones.

The usual business was transacted and the following officers were elected: Col. A. E. Mammis, D. S. O., honorary president; T. H. Simpson, president; A. L. Harding, vice president; K. R. Brown, secretary; L.
