THE FIRE INVESTIGATION.

What Dr. Berryman Saw and Heard - What the Magistrate Thinks of the Depart-

Walter Knowles, hoseman of No. 3, deposed that on the night of the 6th he was at No. 3's engine house about 8 and remained until after 10, when he took a walk with Mann. They went along Charlotte street, and came back between 12 and 1 o'clock and Mann went over the The Bessemer gate. Witness went in with Mann by the stable door in the rear. No one else the stable door in the rear. No one else was with him. He found no one in Paris, and will be sold to defray the expenses of restoring the column Vendral are admirably adapted to a general use would close that establishment unless the for both children and adults. Fourth, they are excellent for pocket use—they are effective. side. There had been considerable liquor in the engine house in the evening. It was there before witness arrived at the engine house, and consisted of two kegs of ale. There was no stronger liquor there. Witness lay down and weut to sleep. He was "pretty well on." He heard no dancing or other the consistence of the consistence of the constant of th well on." He heard no dancing or other noise after he went to sleep. Woke The Carlists were defeated at Tolosa, when the alarm struck. At that time he jumped up on the cart and saw Hiram near. Did not see Murphy at that time. Had seen him the first of the evening but could not remember how he was dressed. The Carlists were defeated at Tolosa, with loss of 100 killed. The English expedition in the East Indies to punish the natives of Naya, for slaughtering surveying party has been completely successful. They laid down their arms, and their leaders were captured. Murphy did not go through the gate with | tured. him, to his knowledge. The beer bot-fusing, at Shanghae, in a collision. Loss tles were shown to the witness but he of life heavy. could not identify them. He had never seen such bottles around the engine house, and had never looked at the closet in the engine house. Had nothing to do with cleaning the engine house. Had nothing to do with cleaning the engine house. Paine, Goodwin & Co., \$50,000. never seen such bottles around the gine. He knew of nothing wrong about the way matters were generally conduct ed around the engine house. No one had directed him how to go to the fire. No one came in or went out of the engine house after they went in at one. He did not see Murphy in the engine house after ing in the engine house in the evenings,

ten minutes past two by the clock in Mr. Connell's stable office. He remained nephew was with him. He saw a police- war, was not inspired by the Govern- LIKELY, man rapping at the engine house door, ment. heard quite a noise in the engine house, and thought the policeman was going in to suppress the noise. He re- to the Emperor of Austria that the Catho marked this idea to his nephew. without boats; they rescued the captain and cleven men and landed them at New York, one boat containing the first and second officers and nine men having previously left the sinking vessel, and the only remaining boat was stove alongside and one man drowned. The following card of thanks, published by Capt. Von Freyburg in the N. Y. Journal of Commerce, speaks for itself and needs no comment. It is to be hoped the German government will take due notice and govern themselves accordingly:

A CARD.—To Capt. Chalmer:, British bark Maggie M. of St. John, N. B.: The undersigned, captain of late German ship Madura of Hamburg, abandoned at sea in sinking condition, hereby begs to tender you his most sincere thanks for your kind assistance timely rendered in the hour of need by saving his and the lives of his crew with almost superhuman efforts from a watery grave; and furthermore, for the generous treatment and open-handed hospitality

got up an impromptu dinner of welcome treatment and open-nanded nospitanty received during a stay of three weeks on board of your vessel. Von Freyburg. The abandoned ship Madura registered forty or fifty guests. The chair was 1204 tons, and was built at this port in 1868.

The dismasted bark again reported.—The Conducted on temperance principles.
