Get your visiting cards at the 'News' office, Truro, N. S., printed in elegant script (like engraving), or in the new style Roman plate, very neat. Ladies' and gent's sizes; 50 fine cards in a package. 5-10-11-12

Imitation is the Sincerest Form of Flattery."

The best proof that

## Minard's Liniment

has extraordinary merits, and is in good repute with the public, is that IT IS EXTENSIVELY IMITATED. The imitations resemble the genuine article in appearance only. They lack the general excellence of the Genuine.

This notice is necessary, as injurious and dangerous imitations, liable to produce chronic inflammation of the skin are often substituted for MINARD'S LINIMENT by Dealers, because they pay a larger profit.

They Sell on the Merits and Advertising of MINARD'S.

One in particular claiming to be made by a former proprietor of MINARD'S LINIMENT, which simply is a lie.

INSIST UPON HAVING MINARD'S LINIMENT MADE BY

C. C. Richards & Co., YARMOUTH, N.S.

## TOWN COUNCIL.

A meeting of the Town Council was held in the Council Chamber at 8 p. m. on Monday, Dec. 17th, 1900.

Present the Mayor, and Councillors Slack, Kent, Cameron and Doggett.

The minutes of last meeting, Nov. 13th, 1900, were read and approved.

The papers laid on the table were accounts to the amount of \$4,464.72;

a letter Nov. 20th last, from F. A. Laurence, Esq., one from Frank Wilson of 11th inst, and one from Dr. Walker, of the 12th inst, and a set of by-laws, rules and regulations to replace those in force in the Town of Truro at present, and a petition and an account from F. Dexter & Co.

Messrs. J. B. Calkin, Dr. D. H. Muir and Hugh McKenzie, Esq., Park Commissioners, were present by invitation, to discuss Victoria Park

matters, and were called upon to give their views on the matter. Mr. Calkin for the Commissioners, suggested that a joint meeting be had, say between three members of the Park Commissioners, and a like number from the Council, to discuss and suggest a future scheme and submit it to the full Council and a full meeting of the Park Managers, and afterwards have it adopted if the Council so wish.

It was then moved by Councillor Kent that Mr. Calkin's suggestions be taken, and that the Mayor appoint the Committee spoken of from the Council, seconded by Councillor Slack and passed. The Mayor then appointed Councillors Kent and Doggett, with himself, as such Committee, and it was mutually agreed that Friday afternoon at 3 o'clock, at the Town Office, be the time and place of such meeting.

Dr. Walker's letter of the 12th inst, was read. It asked a refund of \$2.00 paid under protest, for having the water turned on at the Curling Rink, it having been shut off for non-payment of rates. The Doctor was present and allowed to address the Council on this question and on that of general taxes and water rates. The matters of which the letter treated, was laid over till the first meeting in January next.

The list of accounts was read; these amounted to \$4,464.72, and on motion of Councillors Slack and Doggett were ordered to be paid.

The letter named above from Mr. Laurence, was read, and on motion was laid over till a full meeting of the Council can be had.

Regarding the broken trestle at Murray's coal shed, it was moved by Councillor Doggett and seconded by Councillor Cameron and passed, that the Mayor and Councillor Slack be a Committee to wait on Mr. Jarvis District Superintendent of the I. C. R., and state the case to him, showing that the railway is responsible for the damage done, and ask him to relieve the town of responsibility.

On motion the Council adjourned at 11.15 p. m.

matter of the need of at least one light on Water street. After discussion it was decided to leave this matter till the Lighting Committee report on the contract, when it can be considered.

The petition from F. Dexter & Co. of recent date, was then read and discussed, and laid over till the Engineers can be consulted, as one of the requests was touching the payment of the 15 per cent. part of contract now, instead of at the close of work.

Frank Wilson's letter, which made an offer to do the 20 inch drain in the Spring, by preparing some of the plant during the winter, was read and discussed, and referred to the Mayor to report upon.

The matter of new by-laws was then taken up, and the following Resolution was moved by Councillor Kent, seconded by Councillor Cameron and passed:

"In accordance with Councillor Archibald's notice of July 11th, 1900, I do hereby move:

"Resolved—That all ordinance by-laws and regulations of the Town of Truro, now in force, be repealed, and the by-laws and ordinance now laid on the table be adopted in their stead.

Provided that such repeal shall only take effect from the time the new by-laws are approved by the Lieut. Governor in Council, and that all old by-laws and ordinances shall nevertheless be considered in force for the purpose of keeping in effect and validating any act, matter or thing done in pursuance thereof in accordance therewith, or in obedience thereto, before such appeal, and for the purpose of enabling prosecutions and actions to be maintained, and judgment entered against all persons who have offended against the provisions of any such by-law, ordinance or regulation, and to enforce all orders, judgments and convictions already made or to be made in respect of matters happening before the said repeal.

Also that the Sanitary orders, rules and regulations now laid on the table be adopted as the Sanitary rules, orders and regulations, which the Council have power to adopt under Section 85, Towns Incorporation Act, 1895.

Also that the Recorder be authorized to present the by-laws to the Governor in Council for approval."

## Shoes by Ma

If you don't live in a town where there is a "Slater Shoe Agency, you can get your exact fit, in shape, size and width, and you can choose the precise leather you want, from "Characteristics," the handsomest and most complete shoe catalogue ever published in America.

and accurately describes the different leathers,—the kind of wear they're good for, and how to care for them.
