

## 4,000 ELIGIBLES DID NOT REGISTER; ONLY 1,865 NAMES ADDED

Others Indifferent To Referendum Outcome Will Not Trouble Voting.

On the number of new voters who registered at the courts of revision at the end of the four weeks during the past week, to revise the voters' list of this city in preparation for the Canada temperance act referendum, can be taken as a criterion, there will be an enormous vote cast on April 18, when John Barleyporn will struggle to hold his last trench in the face of the downward march of the temperance movement.

During the week a grand total of 1,865 names were added to the lists. It is estimated that this number is almost one-third of the total number of non-voters in this city who are entitled to register.

According to T. D. McCullough, secretary of the referendum committee, there are almost 6,000 people in London who, while not on the list previous to this week, would have been entitled to vote if they had registered. These figures were estimated by the 600 or so temperance workers who canvassed the city. A total of 7,000 notices were sent out by the temperance committee, but some mistakes were made.

A large percentage of those registering were women. C. M. R. Graham, who was in charge of the court in No. 1 ward, where the largest numbers were added to the list, stated to The Advertiser that two-thirds of the applicants were of the fair sex. Other officials did not put the percentage as high. In No. 2 ward there were equal by many men.

Almost one-half of the grand total registered on Saturday. During the day 656 names were added to the lists. Each of the four courts was besieged from 10 o'clock in the morning until closing time. The courts in wards 1 and 2 held evening sessions, but their work was interrupted by the falling of the hydro. The afternoon Saturday was particularly busy. At one time in ward 4 the crowds became so large the applicants were forced to form into lines.

Presumably because the canvassers in ward 1 were well organized more names were added to the list than in any other. During the week a grand total of 684 names were registered. Of this number 284 were added to the lists on Saturday. In ward 4 the second largest number were registered, when a total of 541 names were added to the lists. In ward 3, 411 names were registered. In ward 2 a grand total of 326 names were added to the lists. H. Cluff, the revising officer of this number 12 registered on Saturday. J. M. Gunn, in charge of ward 3, administered the oath to 373 successful applicants. On Saturday he added 15 names to the list.

Much satisfaction was felt by the temperance workers of this city over the result of the week's work. It was believed by those in charge that 1,500 names, or one-quarter of the eligible number, would register, but their hopes were surpassed by the results.

The annexed districts and the military units have not yet reported the total results of the registering in their districts.

## TRAVELERS TO AID WELFARE WORK

Will Make House-To-House Canvass For United Association Fund.

The local branch of the Ontario Travelers' Association will again assist in the United Welfare Fund Association efforts by going from house to house in the city on Saturday afternoon and Sunday morning of the week the campaign is being conducted. This was decided at the regular quarterly meeting of the association in its local office here on Saturday afternoon. The sum collected last year amounted to well over \$11,000, and the travelers are contemplating raising their objective. Aid, P. E. Harley, who was appointed chairman of the welfare committee, announced that there would be a meeting of all commercial travelers on Saturday, April 16, in their rooms in the Dominion Building at 3 o'clock for the purpose of making final plans and arrangements for their part in the campaign. It is urged that all travelers attend.

The membership committee reported that there had been 122 travelers admitted since the last meeting. In the past year of the association fourteen deaths were reported. During the same period the year before there were fifteen deaths.

An effort will also be launched by the local branch to get members in this district to subscribe to the permanent relief fund.

Members from Brantford, Woodstock, Stratford and St. Thomas were present.

## DOCTORS DECLARE "DAMAGED GOODS" IS MUCH-NEEDED FILM

Members of Academy of Medicine See Advance Presentation Here.

Members of the Western Ontario Academy of Medicine were guests of the local branch of the Grand Opera House Sunday afternoon, when "Damaged Goods," a photoplay indorsed by the Canadian Council for the Prevention of Venereal Disease, was presented. Every doctor who attended the showing of this drama declared it to be a masterpiece of its kind, and in which to assist in the improvement of the community.

"It is wonderfully presented," declared Dr. George McNeill, president of the Western Ontario Academy of Medicine, after viewing "Damaged Goods." "There is nothing objectionable in the picture, and its message to the public is of such a nature that if it prevents one person from making a great mistake its purpose is achieved. It should have been presented long ago, and every physician in this city should have seen it. The Western Ontario Academy of Medicine, I heartily indorse 'Damaged Goods'."

"It is a good instructive picture and worthy of indorsement," declared Captain J. G. Gunn, medical officer in charge of Erie County Hospital at Carleton Place, and Dr. H. W. Hill, director of public health here, also commended this picture, and its message to the public. The consensus of opinion of all the medical men who attended the screening of "Damaged Goods" Sunday afternoon was in similar vein. This photoplay will be presented to the public at the Grand Theatre in the near future.

## ST. PETER'S CATHEDRAL NOW FREE OF DEBT

Rev. Mr. McKee Makes Interesting Announcement to Congregation.

In St. Peter's Cathedral yesterday morning, the rector, Rev. Mr. McKee, made an interesting announcement, declaring at the same time that this was the first occasion that such an announcement had been made from that pulpit. He had pleasant news for the congregation, namely, that the cathedral was now free of debt. He congratulated the congregation on this happy state of matters, and thanked them for their loyalty and generosity in bringing it about.

Perhaps some of them would remember the old Church of St. Peter, which used to stand on the corner facing Richmond street, and it must be a source of great satisfaction to those who remembered this, to think that the goal which they had hoped had now been attained.

Now that they were out of debt it was fitting that they should turn to the edifice, and this was a matter to which Bishop Fallon was now directing the building would cost \$70,000 to \$80,000, and this, he thought, could be raised in a comparatively short time. If the congregation put their minds to it, Mr. McKee then suggested a scheme of systematic giving, which if adopted would provide the required amount in two or three years.

## PARNELL EMPLOYEES HOLD FIRST AT HOME

The shipping-room of the Parnell Baking Company, Bruce street, was the scene of much merriment Saturday night, when the employees gathered for their first annual "at home."

"Ted" Parnell, who acted as chairman of the evening, welcomed the employees and their wives and thanked them upon their loyalty to the firm, which he claimed was responsible for the wonderful success of the Parnell Company, and assured them that the firm was only too pleased to help out in any way possible, and to defray the expenses from time to time of gatherings of like nature.

Fred Parnell, on behalf of the company, thanked the men for their work and their many evidences of goodwill towards the company.

Others who spoke were John Wilson, George Warner, Tom Philmore, Harry Spaul, Arthur Jarvis and other faithful employees of the company.

The Harmony Quartet rendered a fine program of pleasing musical numbers, and Miss Frances Cullen pleased with several delightful solos.

Miss Edna Irene Windsor, a London music teacher, and only daughter of Mr. and Mrs. E. J. Windsor, of Clonaboy, died in St. Joseph's Hospital on Sunday. She had been residing in this city with her aunt, Miss Freer, 307 Wolfe street. The funeral will be held from her aunt's residence on Tuesday morning, and interment will be made at St. James' Cemetery, Clonaboy, upon the arrival of the Bruce train.

## HELL IS UNHAPPY MEMORY, DECLARES BAPTIST CLERGYMAN

Impressive Sermon by Rev. T. S. Roy Delivered in Allen Theatre.

Basing his sermon on the story by Jesus of the rich man and the beggar, Rev. T. S. Roy, the pastor of Talbot Street Baptist Church, preaching last night in Allen's Theatre, where the services of the church will be held during April and May, while a new organ is being installed in the Talbot street church, delivered a powerful sermon on "Memories of a Man in Hell."

"Most of us," said Mr. Roy, "have gotten rid of the fire and brimstone idea of hell, but we have put something else in its place—memories of times worse in its place—memories of the remembrance and consciousness of lost opportunities—the realization that we have missed our destiny—memories of lost chances—all summed up in the word, 'hell.'"

"How often we hear those words in everyday life, 'I wish I could forget.' It may be the mother whose memories turn to the tiny one who snuggled in her arms, but whom the Great Shepherd of the lambs has gathered to his bosom; the widow whose thoughts go back to the happy days of her youth; the man to whom late in life has come business failure as he thinks of the days when he had things that he desired; the criminal who remembers the look of him whom he struck down without mercy, or it may be some one of us who grieve over lost opportunities."

"Greek legends talk of the River Lethe, the river of forgetfulness, but this little story which we have read tells us there is no such thing. Memory will persist hereafter."

Much Speculation. "There has been and is much speculation about hell, and I have no desire to add to this speculation, speculation about a thing which is impossible of proof. If we set ourselves to keep hell out of this life we shall do much to make this a better world to live in. The good folk are not worrying about hell—I do not mean the merely pious—but the good in the best sense of the word. Those whose consciences are not afraid—the others are just whistling to keep their courage up."

The preacher reviewed the story of the rich man with special attention to the memories brought to his mind by Abraham and the memories he had of those whom he had left behind. In speaking of the man as a wealthy man, the speaker declared that Christ did not condemn the possession of wealth but rather the wrongful use of it, or the failure to use it righteously. "It was the selfishness of the rich man, in that he failed to use his opportunity to help the poor beggar who had been thrown at his gate that Christ condemned."

At the opening of the service Mr. Roy expressed his very great appreciation at the courtesy with which the management of Allen's Theatre had placed the use of the theatre at the service of the congregation of Talbot Street Baptist Church. The theatre proved to be admirably adapted for such purpose, and every seat was occupied. A very pleasing solo by the pastor and an excellent solo by the choir, and a very splendidly rendered quartet, numbers by E. J. Pearce, W. J. Norfolk, A. W. Greenfield and H. F. Rosser, were special features of the song service.

## MCCORMICK EMPLOYEES HOLD SPRING PICNIC

800 Enjoy Games and Varied Program, Including Clever Sketch.

About 800 McCormick employees attended the second annual spring picnic in the Y. M. C. A. on Saturday evening. The picnic was given under the auspices of the "Y" and the McCormick Company. At 8 o'clock an official welcome was extended to the employees at the main entrance of the "Y" and from there the main part of the program was run off on the gymnasium floor. Straddle ball relay, front roll relay, and catch the ball were arranged for the men, while the girls participated in dodge ball and minute walk. Teams were chosen from the bakeshop, office and chocolate departments. David Allan, physical director of the "Y," was in charge of the games, and all went into them to win.

The top floor was devoted to the use of the ladies who did not take part in many of the gymnasium games. Four billiard tables were set aside for them and instructors enlightened them on the difficult sides of the game. On the second floor pelmistry was the feature. Madeline Vasa Primada and Madam Zorlinthros were the fortune-tellers.

From 9:30 to 10:30 o'clock a sketch, entitled, "McCormick Employees at School," was given. This drew a large attendance. Harold Payne, the eminent comedian of the factory, played the leading role. L. M. Houlding of the "Y" led them in the singings.

Refreshments were served in the large dining hall on the top floor from 10:30 to 11 o'clock. The "Y" orchestra supplied music throughout the evening.

## "MISS BOB WHITE" OPERETTA THREE NIGHTS

So great has been the demand for seats for the "Miss Bob White" operetta, which is being staged by the Knights of Columbus under the direction of Rev. P. Brennan, on April 7, 8 and 11, in aid of the Children's War Memorial Hospital, it has been found necessary to give three nights' performances instead of two, as was originally intended.

The decision to put on a benefit performance in an effort to raise funds towards the building of the hospital was made by the Knights of Columbus some time ago. It was decided then to put on two performances, one each

## Alkali in Shampoos Bad For the Hair

If you want to keep your hair looking its best, be careful what you wash it with. Don't use prepared shampoos or anything else, that contains too much alkali. This dries the scalp, makes the hair brittle, and ruins it. The best thing for steady use is just ordinary mulitised coconut oil (which is pure and greaseless), and is better than anything else you can use.

One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine, silky, bright, lustrous, fluffy and easy to manage.

You can get mulitised coconut oil at any pharmacy, it's very cheap, and a few ounces will supply every member of the family for months.—Advrt.

## BIRD NOTES

(Contributed by Melvraith Ornithological Club.)

Another warm wave has brought some new arrivals. A great blue heron was surprised at the margin of the pond and flew away to the east. These birds nest in considerable numbers near the Thames east of Dorchester. One was reported early in January, but this is a rather unusual record.

In the middle of the same pond a loon was seen sailing majestically along. It appeared to be so large in comparison with the ducks not far away. The loon breeds very commonly in Kawatha Lakes, Muskoka, and Algonquin Park, and is just now paying its annual spring visit.

From a dry bank came the sweet song of the field sparrow. It was given twice only, although the audience waited patiently to hear it again. Possibly the cool east wind and the passing of a cloud over the sun had something to do with the cessation of the song. This bird is very fond of heat, and makes its home in dry bushy pasture fields.

## MANY FOREIGNERS PLANNING TO VOTE

BRANTFORD, April 3.—Over 700 people appeared before the local revising court last week, but no prophecy can be made as to how the revisions will affect the vote in the referendum. Many foreigners are having their names placed on the voters' list.

Cost of provisioning at the local jail has averaged 19 cents per prisoner per day. Sixty men were in the confines of the jail during the first three months of the year.
