**STUDENT PREVIEW, November 23 - 75c**

Coming December 13 and 14

**CONTRASTS**

The Browning Version ..... Rattigan  
The Lesson ..... Ionesco

People with imagination? People with new ideas? With the urge to say: let's try it — rather than the inertia that says: that's good enough because it worked before?

*We think they are. And this is what we are looking for —*

People to whom the scope of a job is more important than the immediate job itself. People who want to lead with Alcan instead of following with the rest — who want the opportunity to grow, to build, to integrate their knowledge with Alcan's own progress or with that of Alcan's customers; people who want to work in research, selling, administration, production . . .

That's what we are looking for. Now as for you:

If you're looking for a career rather than just a job, and if you're graduating in metallurgical, chemical, mechanical, electrical or civil engineering, you'll find that Alcan offers you an excellent salary, a generous pension plan, employee share purchase plan, relocation allowance and other benefits plus an association with the foremost Canadian company in the field of aluminum production and application. And aluminum, as you know is one of the world's leading metals — with rapidly expanding uses and markets.

**ALUMINUM COMPANY OF CANADA, LTD.**
