

Father. In the event of my having any objections you would not allow me to remain quiet.

Father Take courage at what you tell me, for it is God who has made the land; it was him who placed me on it; the land is ours, and you require it of us; we conceive you the Master of it, like God, and that is the reason we cannot refuse you -

Father Take courage. Take care of our Children, for it is them who will be deserving of compassion.

Father Take courage, & supply us with what we may want, especially with a Black-Smith & Iron for our accommodation.

Father Take courage; we would wish that Seines, Fish Hooks, & Silver works should compose part of the Article, which are to be given to us in payment.

Father We reserve to ourselves the right of Beaver hunting, & hunting generally, throughout the extent of the land which we relinquish to you, we require this because the Inhabitants are in the habit of destroying the Beaver when they happen to meet with their Nuts.

Father
