Sir

With reference to that part
of Mr. Inspector McColli's last
Annual Report, in which he
states that the Indians living
at the mouth of the River have
erected the walls of a school
house 20 x 30 feet, and that
they ask assistance from the
Government for its completion,
as the Mission School, being
four miles distant, is too far
away for their children to
attend, - I have the honor to
request that you will be good
enough
