Ottawa, May 19, 1911.

SIR,

The teacher of one of our Indian schools at Algoma has applied to the Department for a map of Algoma, latest Government Survey. If you have issued such a map I should esteem it a favour if you would send me two copies, one of these can be mounted and sent to the teacher and the other the Department would like to have on record.

Your obedient servant,

 Asst. Deputy and Secretary.
