District 3000

Mr. Mantoux telephoned to ask if he could have an appointment with the Prime Minister. He said he would like to see Mr. King about a personal matter.

Mr. Mantoux said he would also like to speak to Mr. King about the political developments at St. Pierre; thought what he had to say about the situation there would be of interest.

He would be extremely grateful if Mr. King could grant his request. Also understands the circumstances which might make it impossible for the Prime Minister to see him.

Tel. No.: Michigan 1213.
