Dear Sir:

I have thoroughly inspected Piper J3, Registration CF-BUU, fuselage and all fittings of wings, undercarriage and tail unit. All are in very good condition including fabric covering. I have made a 100 hour check on the motor, tested same, and found it to be in excellent running condition. Approximately 200 hours on engine and airframe since the most recent C. of A. renewal.

I recommend this aircraft for renewal of Certificate of Airworthiness.

I am informed that Mr. R. C. Smith, Civil Aviation Branch, 1 Montgomery Ave., Toronto, Ont., will be forwarding the Certificate of Airworthiness for this aircraft to you today.

Yours very truly,

*R. Simard*
