AS A READY RELIEF FOR PAIN OR CRAMP in the *Stomach or Bowels, Indigestion, Colic, Neuralgic or Rheumatic Pains, Headache, Earache, Toothache, Sore and Cankered Throat, it will never fail you.* When used outwardly for pain it is well to rub the afflicted parts thoroughly, and then apply cloths wrung from hot water over the part, or a damp cloth wrapped around a warm flat iron, or a heated plate can be applied. This method is particularly serviceable in Cramp, Pain in the Bowels, in the Chest, and for Rheumatic and Neuralgic pains. Hagyard's Royal Pain Remedy is a pure and powerful stimulant, but safe for all ages or conditions. Never fear its hot nature, as it is positively harmless, and will not blister like many liniments, while administered internally it is equally safe to the most delicate child.

Sickness comes often suddenly and unexpectedly, and this excellent medicine has a wide range of usefulness to every individual, and in every household it should find a place.

WORMS.

Both children and adults are afflicted with worms occasionally, and the result is a variety of bad symptoms resembling many different diseases. In children there is more or less fever and restlessness, fetid breath, starting in the sleep, vomiting, diarrhoea, bloated bowels, picking at the nose, frequently a cough with great emaciation, pale pasty expression of the countenance, variable appetite, etc. Worms often give rise to convulsions or fits. There are five varieties of worms that infest the alimentary canal—the round worm, the thread worm, the long worm, the common tape-worm, and the broad tape-worm.

The causes of worms are difficult to name, crude vegetables, imperfect digestion, and a foul, slimy state of the stomach, favor their development.
