A Farm Barn in a Famous Stock Section

A noticeable feature of some parts of Ontario Co., Ont., is the great number of big, well built farm barns. The barn here shown, on the farm of W. N. Dyer of that county, is 150 by 40 feet with a wing 30 by 18 feet. A good soil well tilled, is the basis of the success of Ontario County farmers.

"The Evolution of the Cook Stove"

Besides costing much less than other ranges in its class, the "DOMINION PRIDE" is much more satisfactory. It is made of tough, strong, malleable iron and the best blue polished steel—materials which will not warp, crack or break.

The polished steel does not need blacking—simply rub it over with a cloth. With its cold rolled steel plate oven—sectional iron fire-box lining, with air chambers—and double-walled flues lined with asbestos—the "DOMINION PRIDE" is the most economical range you can buy. Actual tests have proved that it saves over 30% of fuel, burning either wood or coal.

WE PAY THE FREIGHT

A "DOMINION PRIDE" Range, with high closet shelf and elevated tank or flush reservoir, with zinc sheet top under range, 8 sections blue polished steel pipe and two elbows, will be delivered to any station in Ontario, Quebec or the Maritime Provinces for fit, or to any station in the four Western Provinces for \$49-\$5 to be sent with order and balance to be paid when the Range is delivered at your station.
