

Mellow Soils Best for Growth

A HARD-CRUSTED soil surface excludes the air, dries out the soil and dwarfs the crop. Any soil, no matter how hard or dry, can be made into a good mellow seed-bed with a Peter Hamilton Stiff Tooth Cultivator. The tender seedlings or young plants push their way more easily through a mellow soil than through a stiff and cloddy one.

Peter Hamilton Stiff Tooth Cultivator

is exceptionally good for breaking up land or for summer fallow. The frame is thoroughly braced and trussed, which gives it extraordinary endurance for deep cultivation in the hardest kind of soil.

Deep cultivation is now advocated by agriculturists and for this work and killing weeds the Peter Hamilton Stiff Tooth Cultivator is unequalled.

The relief spring is the most successful yet used. After a stone or other obstacle is passed the foot flies back automatically into place again. The foot can be set forward to work into the hardest land. You can cultivate just as deep or just as shallow as you like.

Any width of thistle or weed cutters can be had. One set is supplied with every machine. You need the help of a Peter Hamilton Cultivator for your field work. With it you can prepare the best seed-bed and get increased crops. Don't put off buying. Write us to day.

Ed. Uvaas Made \$1900 Profit In 84 Days Work

Wouldn't you like to clear \$1900 in such a short time? It's a nice comfortable amount—you can do it just as well as Mr. Uvaas did. The work is everywhere about you, waiting for some one with a

"A Perfect Trench at One Cut" BUCKEYE Traction Ditcher

With one helper you can dig more ditches each day than can fifteen men by hand. You make a perfect ditch at one cut. Farmers want traction ditching—it's better, can be done quicker and at less cost. When they know you have one, you'll be kept busy; you won't have to look for work, it will come to you. Many Buckeye owners have six to twelve months' work ahead. \$15 to \$20 daily is the net average earnings of hundreds of Buckeye owners. Here is a proposition that will give you a standing and make you a big profit each year.

Send for Free Book

A book of solid facts, tells how others are coining money, how they get the work, how much it costs to do it, details of operating, etc.

Our service department is at your call to get you started and keep you going, to tell you the prices to charge and how to make big money with a BUCKEYE. Send now for this book, you can make big money too.

THE BUCKEYE TRACTION DITCHER CO
202 Crystal Ave., Findlay, Ohio

READ THIS LETTER
No. 1, I purchased one of your machines in April, 1915, and the gross earnings from 84 days' operation from my supply \$278.00 and my repair bills amounted to \$20. This left me \$258.00 for my own work and investment in the machine. My crew consisted of one man beside myself, as the land owner turned the man over to me. I had never done any work before getting your machine and my farm work also took up considerable of my time. ED. UVAAS, Larsen, Wis.

To Advertisers Everywhere

It's time to come out into the open regarding circulations.

(See open letter in opposite page.)

THREE WAYS TO TEST CIRCULATION

1st. Make the publisher tell you what percentage of his subscribers renew annually. With us it is 76.73%.

2nd. Make the publisher tell you the average amount received from each Subscriber for his paper. With us it is \$1.24 net a year, after deducting all commissions.

3rd. Make the publisher tell you HOW and where he gets his circulation. Ours comes from direct renewal subscriptions, and by old subscribers sending in new names.

Figures Mean Very Little
Unless Backed by the Subscriber's Cash

Bulk of circulation, if secured by forcing methods, counts for very little as far as results to advertisers are concerned. 100,000 circulation may mean but 20,000 actual readers, if the subscribers were secured through any other inducement than by the merit of the publication alone.

It is time high-grade papers received their due. If you agree, take this up with the A. B. C., and place your advertising accordingly. Our rate is 25c. per line. \$180 per page; forms close ten days in advance. Send for sample copy.
