THORLEY'S

HORSE & CATTLE FOOD

urifies the blood of horses, removes worms, hinders bound, obstruction in water. Relieves coughs, influenza and heaves. It improves the tone, spirit and general appearance of the horse; he keeps in better condition and does his work on less grain. For fattening cattle it stands unrivalled. It increases the flow of milk from cows 20 per cent. Calves and colts thrive especially well. Sheep have more and better wool; are less liable to ticks, and increase rapidly in flesh. Pigs lay on fat with amazing rapidity. Hens lay more eggs. Fowls thrive better and have less tendency to disease.

NOTICE.—This is not a spice or condition powder, but a Food, having been fed in Great Britain over 50 years.

For sale in all principal places. Manufactory, 48 John St., Hamilton. Circulars sent free.

The "London Mutual" Fire Insurance Co.

[Late "Agricultural Mutual."]

HEAD OFFICE, LONDON, ONT.
CROWELL WILSON, President; DANIEL BLACK,
Vice-President; W. R. VINING, Treasurer; C. G.
Cody, Inspector.

This old, ever-popular company—the most successful "Fire Mutual" in existence—the pioneer of cheap insurance on farm property and private residences in Canada—still continues to do the largest, safest and best business in the country. Having no stockholders to receive dividends, its funds are accumulated for the benefit of its members, and it affords protection at the lowest possible rates.

Over two-thirds of a million of dollars have been expended in the payment of losses in the Province of Ontario.

FARMERS! Patronize your own good, long-established Insurance Company, and be not led away by the empty promises of the promoters of new-fangled ventures, amateurs in the business. For insurance apply to any of the agents, or address—

George Book writes, St. Ann's, Ontario, June 17 1879, regarding his 16-horse power Champion Sawmill: "Last week, on Monday morning three men of us commenced to tear up mill to move it. We tore up, moved three miles, set it up and on Tuesday at three o'clock saved a log with it. Not quite two days. In one week we moved and set it up as mentioned, and saved twenty thousand feet. I will write full particulars soon. We saved six hundred feet in twenty-nine minutes—3 sizes built—12 H. P. using 44 in. saw. Capacity 3 to 4,000 per day. 16 H. P. using 48 in. saw. Capacity 4 to 5,000 per day. Most simple, efficient and portable mill of its size in the world."

W. A. VERNON GARRETT writes from Ilfracombe, Muskoka, Dec. 15th, 1879:—"The 16-H.-P. runs well. The other day we cut 1,639 feet in 45 minutes. The mill gives me entire satisfaction."

ARTHUR CAMPBELL writes, January 13th, from Strathroy:—"Mr. Bassett has started my mill, and it runs satisfactory. We cut 19 boards, 16 feet long, 22 inches wide, in seven minutes, making 551 feet of inch lumber. Will be glad to have intending purchasers inspect the mill."

Original and Only Genuine

"Grain-Saver"

THRESHING MACHINERY.

THE Matchless Grain-saving, Time-saving and Money-saving Threshers of the day. Beyond all rivalry for Rapid Work, Perfect Cleaning, and for Saving Grain from Wastage.

STEAM-POWER Threshers a specialty. Special sizes of Separators made expressly for steam power.

THE Entire Threshing Expenses (and often much more) can be made by the extra Grain SAVED by these Machines.

GRAIN-RAISERS will not submit to the enormous wastage of GRAIN and the inferior work done by other machines, when once posted on the difference.

NOT only vastly superior for Wheat, Oats, Barley, Rye, and like grains, but the ONLY successful Thresher in Flax, Timothy, Millet, Clover, and like seeds. Requires no "attachments" or "re-building" to change from grain to seeds.

IN thorough workmanship, elegant finish, perfection of parts, completeness of equipment, etc., our "Grain-Saver" outfits are incomparable.

MARVELOUS for simplicity of parts, using less than one-half the usual belts and gears. Makes clean work, with no littering or scatterings.

FOR PARTICULARS write to us for Illustrated Circular of our Mowers, Reapers and Threshing Machines, which we mail free.

THE BRITISH AMERICAN BUSINESS COLLEGE

112 & 114 KING STREET WEST, TORONTO.

The natural resources of Canada are equal to those of any country in the world, and the time must soon come when she will be one of the great commercial nations. The tide of emigration is setting strongly towards our shores, and the next decade may see the present population of our country nearly doubled. Our industries, mercantile and manufacturing—must grow enormously, and the demand for young men and women, well trained in business habits and customs, will increase proportionately; therefore

Give your Sons a Chance. Young Men get a Business Education.

The British-American Business College is the leading commercial school in the Dominion. Its location is in the business and educational centre of this Province. Its staff of teachers and lecturers are thoroughly capable business men. The course of studies has been specially arranged to give a sound commercial training. Every subject in the course is taught by men who make these subjects specialties. Arithmetic, Book-keeping, Penmanship, Correspondence and Commercial Law are each thoroughly taught. In addition, every student, after getting a thorough course of training in Arithmetic and Theoretical Book-keeping, is required to pass a rigid examination, and, if found competent, is put into actual business, where he engages in actual transactions independently, buying, selling, sending away and receiving goods on commission and joint account, taking and giving notes, banking, &c. In fact he enters a miniature business world; and under the direction of a competent tutor he must transact almost every kind of business, keeping his books for the same in the most modern style. Each in turn has to become a bank manager, doing with his fellow students all kinds of business, just in the same way as in the real hands of the country. Many of the best accountants and book-keepers in the Province have been trained in this institution. The President, who is the publisher of the *Monetary Times*, is thoroughly acquainted with the commerce of this country, and can do as much to aid worthy students as any man in Canada. We most cordially invite any who wish to get a business education, to come and see this school.
