PUBLISHED TWICE A MONTH AT LONDON AND WINNIPEG, CAN.

Genial Still

BUT NOT A STAMMERER!

(From the Berlin, Ont., News-Record.)

The editor of the News-Record had the pleasure of meeting Mr. J. B. Lobb, of Galt, on Saturday. He is now, and has been for twelve years past, in the employ of the G. T. R. Company at Galt. Previous to that, he was stationed at Berlin. Many of our citizens will remember him for two things—his genial manner and the impediment in his speech, which caused him to stammer badly. But the latter has been removed. Mr. Lobb has been a patient under Dr. J. W. Arnott for several weeks, and nothing but the geniality remains. He now speaks as easily and well as though he had never been afflicted, and says he owes it entirely to the course of treatment received here. Several years ago Mr. Lobb attended a Stammering Institute at Toronto, and, while receiving relief through a mechanical, one-word-at-a-time method, was not cured, and soon relapsed; in fact, in comparing the two, he aptly says: "At Toronto I was taught a system; at Berlin I was taught how to talk."

REGISTRAR OF

Live Stock.

Mr. Henry Wade will open an office at the Industrial Exhibition, in the Farmers' Institute tent, where breeders may register their stock and pay their annual membership fees. Pedigree blanks of all kinds will be supplied free. Mr. Wade will also be at the London Fair.

STEEL SHINGLES

Are made so carefully and accurately that they are fitted together with perfect ease. Their patent side lock is the best shingle "wrinkle" you ever came across. It's a great help to be able to apply them so quickly and easily. They are the popular lightning, rust and fire proof roofing for all farm buildings. Don't be behind the times. USE EASTLAKES.
