### A Man of 70 Made to Feel Young.

Dr. McLaughlin:  
Dear Sir,—I am sending you a few lines to let you know the benefit I feel, now I am a new man. For forty years I have had a bad back; now I can run a race or pick up a pin, I feel so smart; no pain. I wore my Belt only four times. I am in my seventieth year; never was so well in health as I am now. When I used to be bad, I would be a month that I could not stoop to lace my boots; now I feel no pain in doing so. I am just as smart as any young fellow at present. Sir, no one would be without one of your Belts if they knew the good to be had from them. I have recommended them highly to all my friends, and you will soon have some orders. Yours sincerely, PHILIP McGAHEY, Riviere aux Pins, Que.

### Sciatica Permanently Cured

Dr. McLaughlin,—  
Dear Sir,—I am in receipt of your interesting letter regarding Belt. Over two years have elapsed since I got the Belt. When it arrived here, the trouble, which had been very severe from hip to foot, had apparently settled at hip and from knees to toes. The doctor was attending me every day, and, of course, had no good word for the Belt. I, however, adjusted it as directed, and put it on, and in an hour or so I began to feel the sensation all over me, or in every part of the body, and in two or three days was up and around, pain all gone. Of course, I applied the Belt for a while every night, and in a week was feeling well and entirely clear of pain, and, what is better, have never felt a twinge of pain in my limbs since. Work all the time. There are several Belts on the market, cheap, too, but, I suppose, no good; in fact, I heard a man say he would not give five cents for a dozen of them. I am feeling well and smart for my age. With kind regards from—  
R. S. OULTON.

### Cured After Five Years of Agony.

Dr. McLaughlin: Erin, Ont.  
Dear Sir,—Since calling at your office, on June 22, I must tell you that I am sure it was the Electric Belt that had helped me. I know that I would not have lived if I had not got it when I did, and I cannot be too thankful to you. After five years of agony that I endured, it is like having a new lease of life now. I am gaining two pounds of flesh a week, and am eating solid food. I have been taking liquid food a month nearly, and solid food for three weeks. The people think my cure very rapid and very wonderful. Many of them said I would never eat again. I am certain that you cannot advertise your Electric Belts enough. The only trouble is that there are those sold that are no good. We do not think anything of the money we spent on the Belt. I have to repeat my story over and over again every day to different people, as everyone wants to hear from myself about my cure. I never felt better than I do now. Of course, my nerves began to quiet when I began to use the Belt, and, as you know, I wore it even when I was very weak. I have a host of grateful friends who wish me to thank you also for them, for they were all nearly sick about me, thinking and seeing me starving every day, with plenty of food about me. I cannot speak too highly of your Electric Belt, for it is a perfect fit, and is doing just what you said it would do, and in so short a time. I never expected the cure so quickly. It was a surprise to me, and I can hardly believe it. I now look very well. You would hardly recognize me as the woman who called at your office on June 22. I think my doctor here is as delighted over my recovery as anyone can be. With best wishes for your continued success,  
MRS. BERTHA HAMILTON.

### Nervous Energy Restored Six Years Ago, and Still Strong

Dr. McLaughlin: Earl Grey, Sask.  
Dear Sir,—It is some three years since I wrote you that your Belt had given me perfect satisfaction, and I am still as strong and hearty as any man could expect to be. It is certainly a God-send that such an appliance should be invented for the cure of the ailments of poor, wretched humanity. I can now eat anything that is eatable and digest it well; no trouble worries me and my nerves are very strong. I have been singing the praises of your Electric Belt for six years, and will continue to do so. I cannot say too much for it has made my body a pleasure to own. Believe me, yours very truly,—  
W. L. FLEMMINGTON.

## DR. McLAUGHLIN'S ELECTRIC BELT WILL DO THE SAME FOR YOU.

It has been demonstrated that Electricity is the most natural of all remedies for the cure of the ailments which afflict the human body. Every physician of modern ideas is an advocate of electrical treatment, and concedes that it stands far above all medical agents, especially when applied to diseases relating to the nervous system. This is a practical admission of the power of electricity over the nerves and vital organs, hence it must be evident to a thinking person that a means of intelligently applying this wonderful agent should be the greatest boon to suffering humanity.

When we consider that our nervous system, which is the fountain of life to the kidneys, liver, stomach, brain and the various organic functions of the body, depends for its sustenance upon the vitalizing element of electricity, and that without this life it is impossible to keep up a normal condition of health in the body, it is easy to understand that a waste of this life principle will be followed by weakness and disease, and it is also easy to understand why the natural restoration of this electric force in the nervous system will saturate the various vital organs which have become weakened with a new energy which will place every vital part of the body in a state of natural health.

You may say, as many others have said, "Doctor, your arguments sound good, but show me evidence of cures to back up your statements." That is my strongest argument. Every man or woman who comes into my office gets practical illustration of my method of treatment. After seeing original letters from prominent people (letters which I am permitted to exhibit), their doubts are dispelled, they are convinced that the claims I have made are true. You can see these patients and secure from them the verification of my statements. Hundreds of my best testimonials can not be published, as the patients, though recommending my treatment privately, object to publicity.

My Belt will cure Nervous Debility, Stomach Trouble, Rheumatism, Lane Back, Sciatica, any case of Kidney Disease that has not gone as far as Bright's Disease, Indigestion, Constipation, or any weakness caused by ignoring the laws of Nature. My improved Electric Belt is the marvel of electricians, the most wonderful curative device that has ever been introduced.

## Read My Offer:

I know how skeptical people are after paying hundreds of dollars to doctors without getting any benefit, and knowing that any man would willingly pay for a cure when he gets it. I now offer any man a complete restoration to manly vigor and health before he pays a cent. There is no deception about this offer either in the making of it or carrying it out. All I ask is fair security that I will be paid when the work is done; this any honest man will be glad to give. I take all the chances, you take none. Isn't that fair? Do you want any better evidence of my confidence in my Belt? Now, if you suffer do not lay this aside and say you will try it later. Act upon it to-day—NOW. Tell me what you are suffering from, and I will arrange a Belt with all necessary attachments suitable for your case, and send it to you, and you can

### GOSSIP.

Mr. J. Brydone, Milverton, Ont., in writing this office, states: "Since last report, we have made the following sales of Shorthorn bulls: Clover Leaf Victor goes to Mr. John Watters, Gorrie; Victor of Maple Hill to W. R. Elliott & Sons, Guelph. Mr. A. Crerar, Moles-

worth, paid us a visit, and took a good one in the thick roan, Spring Hill Victor. Mr. Sol. W. Reist, Elmira, got the red bull, Prince. These were all got by an imported sire, and out of imported cows. Those we have still to offer are rich in the blood of Messrs. Duthie and Marr's herds—suppy fellows, with rich coats. Will sell right for quick sales, to make room for young ones coming."

Mr. A. W. Smith, Maple Lodge, Ont., writes: "The young Shorthorn bulls I offer this year are an exceptionally good lot all around. I do not think we ever had a better lot. They are all the get of No. 1 imported bulls, and several of them are from our choicest milking strains, including a grandson of Irish Egg, first prize Guelph Winter Fair Dairy

Test, who has a record of over 10,000 lbs. milk in one season, and several others almost as good. In breeding, they are mostly of the best Scotch blood, and a number of them would make extra good show bulls. Our prices are very reasonable, and we are always pleased to show them. We can also spare a few handsome heifers. But we have no Leicesters for sale at present."
