# I'll Put Your Stock in a Thriving Condition—

## Make the Ailing Ones Healthy and Expel the Worms

GILBERT HESS,  
Doctor of Veterinary Science  
Doctor of Medicine

**U. S. Dispensatory  
Medical Colleges  
Noted Veterinarians**

All certify the ingredients  
of Dr. Hess Stock Tonic to do  
just what I claim for them.

*Nux Vomica.* Digestive and Nerve Tonic.  
*Quassia.* Digestive Tonic and Worm Expeller.  
*Sulphate of Iron.* Blood Builder and Worm Expeller.  
*Sulphate of Soda.* Laxative and Liver Tonic.  
*Common Salt.* Appetizer and Expels Worms.  
*Epsom Salts.* Laxative.  
*Nitrate of Potash.* Stimulates Kidneys.  
*Charcoal.* Prevents Noxious Gases.  
*Fenugreek.* Tonic and Aromatic.

The above is carefully compounded by Dr.  
Hess (M. D., D. V. S.), with just enough  
cereal meal to make a perfect mixture.

**I** URGE every farmer to see to it right now that his work horses are put in condition for the hard work of spring and summer, so that when the sun shines your horses will be rid of their old coats, full of stamina and ready for business.

And don't overlook the spring pig crop—the mortgage lifters. Start them off free from disease—free from worms.

Be sure, also, that your milk cows are thoroughly conditioned for the long, heavy milk-

ing season, and that those with calf are vigorous and fit.

Remember, your stock have been cooped up for the last few months and have been on dry feed. As corn or oats, hay and fodder do not contain the laxatives and tonics so abundantly supplied in grass, your stock are pretty apt to be out of fix. Some of your animals are liable to be constipated, rough in hair, their legs may have become stocked, or they have dropsical swellings, but the most common disease of all, especially among hogs, is worms—worms.

## Dr. Hess Stock Tonic

### A Splendid Conditioner—A Sure Worm Expeller

Being both a doctor of medicine and a doctor of veterinary science, I know exactly what farm stock need to get them in condition for spring.

In my left hand I hold the formula of Dr. Hess Stock Tonic—showing every ingredient, what each ingredient is for, and you will notice that the U. S. Dispensatory—one of the world's greatest authorities—certifies these ingredients to do as I claim.

Look these ingredients over—*Tonics* to improve the appetite—*Blood Builders* to enrich and tone up the blood—*Laxatives* to regulate the bowels and *Vermifuges* to expel worms. I want to emphasize one fact as forcefully as I know how: Dr. Hess Stock Tonic will not only rid your stock of worms, but will put them in a condition unfavorable to worm development.

Remember, it's the cow in the pink of condition that fills the milk pail—the horse that digests his dinner that pulls on the bit—the steer with an appetite that lays on fat, and the hog that is well and free from worms that gets to be a 200-pounder in 6 months.

So sure am I that Dr. Hess Stock Tonic will put your animals in a thriving condition, make the ailing ones healthy and expel worms, that I have authorized your dealer to supply you with enough for all your stock, and if it does not do as I claim, return the empty packages and get your money back.

Now, listen, Dr. Hess Stock Tonic is never sold by peddlers, but only by reliable dealers whom you know. I save you the peddler's salary and wagon and team expenses, as these prices prove: 25-lb. pail \$2.25; 100-lb. sack \$7.00. Smaller packages in proportion (duty paid).
