A RARE OFFER TO NEW READERS

STRAIGHT TALKS--No. 5

When we have a heavy load to pull, we do not hitch a horse or a traction engine at each end of it. We hitch the power at one end, and we know that if the load is to move the horses or engines must all pull together. Each has his share to do. If the horses balk, or the engine slips an eccentric, that load stays right where it is.

So it is with The Guide and the Association. Each branch of the organization must do its part. The Guide and the various farmers' organizations throughout the West are blazing the trail through the underbrush of greed and selfishness, but they need the support of every farmer in the three Prairie Provinces.

At the present time the railroad companies and large manufacturing concerns can borrow money from the banks much easier than farmers. No doubt this is owing to the fact that the directors of these concerns are directors in the banks also. Why should these men be allowed to use their influence as bank directors to promote their own interests?

Farming is undoubtedly Canada's basic industry, upon which all other industries are dependent; therefore, when a farmer requires credit to carry on his legitimate business, he is entitled to get it without paying exorbitant interest.

The power of the money trust is a thing to be deplored. Two hundred and ninety-nine farmers' notes, cancelled by the banks and presented to the Banking and Commerce Committee for inspection by the Editor of The Guide recently, showed interest charges from 8 to 25 per cent. And this is Canada!

Help us to put an end to this reign of exploitation by widening the influence of The Guide. Publicity is the only cure. Get all your friends to take advantage of our special low rate. Mail subscriptions today.
