The All Purpose Tractor

Plowing is only one of the jobs the OilPull does well and easily. It will make profit harvesting, hauling, road-making, discing, and at threshing, husking, pumping and all such belt jobs.

The OilPull is easy to start and easy to operate, burns cheapest kerosene and distillate at all loads, at any kind of work and just the right amount for the power need at each instant. Close regulation, the little attention required and its freedom from sparks make the OilPull an excellent threshing tractor. The OilPull is oil-cooled—no freezing of radiator. Three sizes, 15-30, 25-45 and 30-60 horsepower.

Thresher's Account Book

This book will show him his profit or loss every day. It is easy to keep and gives the standing every night. In this book the most striking feature is that two minutes after the last sheaf has been passed thru the machine the threshing account may be handed to the farmer. Supplies to laborers are kept in a systematic form always ready to be deducted from the wages account. There can be no "leakholes." The Thresher's Account Book contains:
