LEFAIVRE, Ont., July 21—(Special.)—Rescued from the grasp of deadly Bright's Disease by Dodd's Kidney Pills, Mr. Amable Lamarche, a well known resident of this place, is singing the praises of this standard remedy for kidney ailments.

"My sickness started from a strain," Mr. Lamarche states, "and for a year I did not know a well day. My sleep was broken and unrefreshing, my appetite was listless, and my limbs would swell. Then rheumatism set in, and neuralgia, backache, headache, and heart trouble added to my tortures."

"The doctor's help at first could give me no relief, and finally, when Bright's Disease had me in its grasp, I decided to try Dodd's Kidney Pills."

"After taking three boxes of them I was as well as ever I was in my life, and my kidneys at last were cured."

Mr. Lamarche's case again demonstrates two things. The first is that neglected kidney trouble brings the most painful and dangerous of diseases; the second, that Dodd's Kidney Pills cure kidney disease in any of its stages. Dodd's Kidney Pills cure where every other medicine fails.
