Cima is Now Tied With the

Ellen for the Wilson Cup.

MARBLEHEAD, Mass., Sept. 9 .-The fifth sonder yacht race in the German-American series from which the Germans have been eliminated, failed yesterday to settle the awards of the principal trophies ,for the Cima, owned by Guy Lowell, of Boston captured another fluky, drifting contest, and tied the Ellen, owned by C. P. Curtis, in the struggle for the President Wilson Cup.

The two yachts with two wins each for this big cup will sail the sixth and last race to-day and the loser will receive the second prize, the Governor Foss Trophy.

The German yachtsmen whose boats had been eliminated in Saturday's contest, saw the struggle for American supremacy from the com tation dinner at night when Governor Foss will hand over the jewel case, which bears his name. The entire party will go to Washington on Wednesday to witness the delivery of the big cup by President Wilson, in the White House on Thursday.

here are still a number of American yachtsmen who believe that this type of boat is productive of much and a double by Schufte, which gave Germany in 1916. There are other yachtsmen, however, who are strongly in favor of a larger yacht.
