The Moose Jaw News road race will be run at Moose Jaw on May 24, over a course some six and one-half miles in length. The race will be open to all residents of Saskatchewan of amateur standing. The judges will be Messrs. W. B. Willoughby, W. E. Seaborn and W. L. Jones. Messrs. E. B. Flaxton and Thomas Miller have consented to act as timekeepers. The cups, which are presented by the Moose Jaw News, are to become the property of the winners.

An individual who refers to himself as "Mr. R. Newton May, 29 John Street, Bedford Row, London, W. C.," from which address he runs a concern styled "The Canadian Cities Development Association," has issued a booklet on Regina which is described as "the official publication of the Board of Trade." Spoken to yesterday concerning the publication in question, officers of the Board of Trade stated that while they had no objection to a man called May, they were not aware that such a person had been authorized to issue any publication in behalf of the Board.

From Saturday Morning's Leader. Alfred Deschambault, of Whitecourt, has been granted a patent for a stone puller.

Chief of Police Harwood is at present seriously indisposed. During the Chief's absence from duty, Sgt. Sample will act in his place and for that purpose will today assume day duty.

All persons who placed orders for copies of the Leader's Special Building Number and who have not yet called at the office for the same should do so at once as such orders cannot be reserved indefinitely and will be otherwise disposed of if not claimed within the next few days.

When the G.T.P. Regina-Yorkton line is built, hotels within the twenty mile area along that line will probably have to close. Says the Qu'Appelle Progress: "According to this view the hotels at McLean and Fort Qu'Appelle will be affected, with only exceptions being those in incorporated cities and towns."

The death occurred on Saturday of Mrs. Wells, wife of A. J. Wells of the Department of Agriculture.

leather travelling companion in recognition of the way in which he has contributed to the successful up-building of the school. The presentation was made by J. W. Mowbray, secretary-treasurer of the school.

A small fire at the residence of A.M. Thomson required the services of a portion of the fire brigade last evening. The outbreak occurred apparently in connection with the family construction of the fire place. It was not found necessary to ring in a general alarm, the work of Chief White and two or three of his men being sufficient. At a later hour Dr. Thomson had again to call for the assistance of a couple of the brigade, but the outbreak was again soon got under.

ENTENTE BETWEEN FRANCE AND JAPAN

NOT AIMED AGAINST UNITED STATES SAY FRENCH PAPERS

PARIS, May 13.—Several of the Paris newspapers traverse the suggestion made in the German press that the new Franco-Japanese understanding constitutes a danger to the United States. The Liberte, which announces that the treaty will be signed within a month, describes the Berlin Reichsbote's statement that Japan, by her treaties with various European Powers, is seeking to strengthen her position in regard to America, as fantastic and somewhat perfidious, for it says: "We must expect to find Japan's system of treaty making received coolly in San Francisco, if not in Washington."

M. Kurino, the Japanese ambassador in Paris, in an interview in the Temps, said that the agreement constituted a decisive proof of the moderation of Japanese policy. He added that he hoped "the legend of the yellow peril" and Japanese ambitions would be finally dispelled by the new treaty.

M. Kurino said that the understanding besides guaranteeing the possessions of the contracting parties would include guaranteeing the independence and integrity of China. Minister Kurino denied that the Franco-Japanese entente was in any way aimed at the United States, adding:

"Japan, in spite of the San Francisco incident has always been most sympathetic to the United States because she was the first to treat the Japanese people on a footing of equality. If Japan could obtain advantages from an understanding with the United States, it is entirely probable that the Government at Tokio would not hesitate to negotiate with Washington."

Continuing, M. Kurino said that as Germany had no possessions in the far East, Kiaochow simply being leased Chinese ground, a treaty with her similar to the one between Japan and France would be useless.

FIRM MADE OVER EIGHT MILLIONS

JOHN W. GATES TELLS SOMETHING OF THE RETIRING CONCERN

NEW YORK, May 13.—"From March, 1904, to March, 1907," said John W. Gates today, "my firm of business in Wall Street. One of the partners tabulated the statistics of the business, and I understand that we did 8 per cent. of the total business done on the Stock Exchange in the last three years."

In Anacosta, for example, the firm had a large following, and the transactions in our house amounted to fully 1,500,000 shares, or 6,000,000 quarter shares. Similarly, in Reading, the transactions were large, amounting to 7,500,000 half shares. At one time the firm had 1,400,000 shares of stock, which it was carrying for its clients. We had 2,400 accounts for people in all parts of the world. Some addresses were from St. Petersburg, and there were accounts for people in Melbourne, Australia. My son Charles and I have never been away together in the last six years, and we now propose to take a holiday together, and will sail for Europe soon."

"How did it come about that he wanted to go out of the brokerage business was asked. "Well, that point was settled last December. I think Charles got tired of the business and its strain. There are very few banks in this city that did the loan and credit business of this firm and its management rested almost entirely on his shoulders. I did not blame him when he told me about his decision. The responsibility was too great for the young man, and I think he was wise in declining to take a rest for a few years. I don't mind telling you that the gross profits of the firm, of which I was a special partner, amounted to a little more than \$3,000,000."

A Complete Confession.

MIDDLETOWN, N.Y., May 13.—Chas. H. Rogers, charged with having murdered the Gray Brothers and Alice Ingerich near here in October, 1905, was arraigned in the police court here on Saturday and pleaded not guilty. It is rumored that Rogers later made a complete confession.
