The "Man on the Street," a writer for the Mail and Empire, praises the country around Berlin as being a great sugar beet raising place because there they are harvesting ten tons to the acre. Ex-Mayor T. A. Smith says that the Chatham syndicate in which he is interested has a yield of 20 tons to the acre. They are selling them at \$4 per ton, but everybody knows that the land in Kent County will raise twice as much as any other land in Ontario. This is but one of the many proofs.

Acting under orders from the Crown Attorney, License Inspector T. C. Macnabb has dan information against a city hotel keeper for sell-ing liquor Saturday night. DECEPTION.

When the conjurer shows an empty hat, and at once begins to extract from it rab-bits or cabbages, we know that we have been adroitly deceived, because we know we can't get out anything that isn't in it. If people would only reason in that way about medi-

cines they would be a great deal better off in health and pock-et. A number of so called "blood making" and cines are only stimulants in disguise. You can't get strength out of a stimulant because strength is not in it. All physical strength is derived from food digested and in the form of blood nourishing the entire body.

Doctor Pierce's Golden Medical Discovery does not make blood or make strength, no medicine can do that. But it does cure diseases of the stomach and its allied organs, and so causing the perfect diges-tion and assimilation of food, it enables the building of the body in sound and

vigorous health, "I can say to you one bottle of your 'Golden Medical Discovery' has cured me sound and well, after suffering two long years with stomach disease," writes W. H. Braawell, of McAdenville, Caston Co. N. C. "My health is writh all the world to me. I will praise you as long as I live." The People's Common Sense Medical Adviser, a book containing 1008 pages, is given away. Send 31 one-cent stamps the expense of customs and mailing only, for the book in paper covers, or 50 stamps for the volume bound in cloth. Address Dr. R. V. Pierce, Buffalo, N. Y.

AT FIRST GLANGE

Would Appear That Local Remedies Would be Best for Cure of Catarrh.

It would seem at first glance that catarrh being a disease of the mucous membrane, that salves, sprays, etc., being applied directly to the membranes of the nose and throat, would be the most rational treatment but this has been proven not to be true. The mucous membrane is made and

repaired from the blood and catarrh is a blood disease and any remedy to make a permanent oure must ac on the blood, and when the blood is purified from catarrh poison, the secretions from the mucous membrane will become natural and healthy. In this climate, thousands of people seem scarcely ever free from some form of catarrh; it gets bet-ter at times but each winter becomes gradually deeper seated and after a time the sufferer resigns himself to it as a necessary evil. Catarrh cures are almost as numer. ous as catarrh sufferers, but are nearly all so inconvenient and in-effective as to render their use a nuisance nearly as annoying as catarrh itself; anyone who has used douches, sprays and powders will bear witness to their inconvenience

and failure to really cure.

There are a number of excellent internal remedies for catarrh, but probably the best and certainly the safest is a new remedy composed of Red Gum, Blood Root and similar antiseptic remedies and other valu-

able catarrh specifics.

This remedy is in tablet form, pleasant to the taste and sold by druggists under the name of Stuart's Catarrh Tablets, and anyone suffer ing from catarrh may use these tab-lets with absolute assurance that they contain no cocaine, opiate nor any poisonous mineral whatever.

A leading druggist in Albany speaking of catarrh cures says, "I

have sold various catarrh cures for years, but have never sold any which gave such general satisfaction as Stuart's Catarrh Tablets, They contain in a pleasant, concentrated form all the best and latest catarrh remedies, and catarrh sufferers, who have used douches, sprays and salves, man followed her better half into have been astonished at the quick on Monday.

TEMPERANCE MEETING

EGT OF BUILDING THERE IN THE SECTION

Rov. T. T. Goorge and A. D. West man attended a meeting in French's church, Chatham township, last evening in the interests of the Ontarlo Liquor Act. The workers in this district are making very satisfactory progress and look for a lareg majorty on Decemb r 4, in favor of the Act. Mr. George and Mr. Westman addressed the meeting.

MISSING RIG

Charles Clay, of Dresden, drove into the city last evening with a livery horse and rig belonging to A. Paupst of the Beet Sugar Towr. He tied up at the Courtrey House, Dover street and when he went to get his rig again, he found that it was gone. It is thought the rig was taken by a couple of fellows who attended the dance in Dover Centre. Mr. Clay is still looking for the rig.

CHARLIE RAN

"I see by yesterday's Planet," said Colonel Sam Holmes this morning, "that Kasper Schwemler saw some butterflies out in the country on Sunday. Pshaw, that's nothing; the mosquitos were so thick in Big Point marsh on Sunday that they drove Charlie Hicklin right out of it, as if it were July. I guess there a few mosquitos left right in town here. The sun brings 'them out."

SUDDEN DEATH

Nov. 17 .- A very sudden eath occurred in the village yesterday, when Alex Simpkins, while partaking of breakfast, suddenly expired. The deceased was in his eightyninth year, and was born and lived nearly his whole life in Orford township. He was familiar in several capacities to the public, having for several years followed the profession of singing master, and had carried the gail from Muirkirk to Palmyra for several years. Recently he employed the most of his time in trapping at which he was an expert. A permit had been granted him to trap for the win er season at Rond Eau Point. His nearest relatives are, besides some distant ones at Palmyra, in Ill-inois. The Palmyra relatives have aken charge of the remains.

Harry Stevens, of the Canada Flour Mills Co., gives The Planet the folowing grain quotations. No grain is coming in at present, as the roads are in a very bad state.

Corn is not in fit condition for

shelling yet.

The bean market is firming. Reports from the east state that the imports of foreign beans is about over with. The prices of grains re-main about the same as quoted last week. Wheat remains at 70 cents, standard. Mixed oats are worth 29c. and white oats 30c. Corn is worth 80c per 80 lbs. on the

The following is a letter received by the Canada Flour Mills Co. from firm in Brunn, Germany, on the

bean question: Brunn, am., October, 30th '02. Dear Sirs,-The crop of beans turned out uncommonly poor this year, in consequence of bad weather the yield was hardly 25 per cent. Pea beans failed entirely, not even 5 per

cent of last season. A great deal of beans was sold be fore hand, as usually, throughout Europe, long ago before the riping and when the damage to the crop was proved prices advanced immens In that very moment we were informed of the fail crop of beans in America. Immense orders followed from this side, then our market became out of rules, prices rose from

night to morrow predigiously. Beens of all kinds became the object of a stubborn hunting by all sellers beforehand, who paid the highest prices, I estimate, only to Ameri ca, there were sold about 60 to 70 thousand bags. That and incessant export throughout Europe cleared away all and everything of beans, wherefore the poor crop must be already looked at as cleared over and

over. Now and then it occurs, somebody holds still one hundred or two bags. He asks immense prices, which are

also paid. Since 20 years we naver saw the like, not only on account of prices, but in particular, because in October, one month after the riping the country has no more beans to offer, such fact, perhaps, did never occur up to

The tendency for beans is firmer than ever, On the enclosed sheet please find my actual quotations with the request to favor me with your telegraphic orders, and I shall be glad if I could still accept the same. Yours truly ISIDOR SCHNEIDER.

O'd corn, shelled, 60c. New corn, ears, 40c per 80 lbs. Oats, mixed, 28 to 29c. White Oats, new, 30c. Barley, per 100, 75 to 85c Beans, \$1.60 to \$1.75. SEEDS.

Nelson Stringer gives The Planet he following quotations-Red clover market has not opened t. Prospects are for a light yield and poor samples.

Red Clover, \$5 to \$6. Alsike, \$5.50 to \$6.50. Timothy, \$1.50 to \$1.60. Millet, 40c to 50c. Seed corn, 60c.

The market on Saturday was a very poor one indeed. There were few buyers and few sellers, and the prices femain practically unchanged. Following is the full price list :-

IN THE SHEDS. Eggs, per doz., 15c. to 18c. Chickens, each, 20c. to 35c. Ducks, each, 30c to 35c. Butter, per pound, 18c. to 20c. VEGETABLES AND FRUITS. Summer squash, three for 10c.
