## Military Y. M. G. A.

PROVINCIAL CAMPAIGN BEGINS  
IN WOLFVILLE.  
On Sunday the pulpit of the various  
churches in town were occupied by  
Messrs. Captain Kneale and Sec'y.  
McAllister, of the Maritime Province  
Y. M. C. A.

The work which is being done for  
our soldiers in camps in Canada and  
England and at the front in France  
was ably and effectively presented to  
sympathetic and appreciative audi-  
ences. In the afternoon and evening the  
work of a campaign to raise in Wolf-  
ville and vicinity \$1,000 for the bud-  
get of \$65,000 for the Maritime Pro-  
vince, was organized and teams select-  
ed. The amount to be raised in Wolf-  
ville is about \$700 and \$300 in Grand  
Pre, Port Williams, Greenwich and  
Gaspereau.

A most cordial and generous recep-  
tion was given to the teams at work  
on Monday and Tuesday and about  
\$500 has at this time of writing been  
collected and deposited with the Hon.  
Secretary and Treasurer of the Fund,  
Mr. Ralph Creighton.

On Wednesday evening, a cam-  
paign was launched in Gaspereau and  
as always Gaspereau will do its full  
share to aid.  
If inadvertently any one in Wolf-  
ville who would like to help this fine  
Christian service to our soldiers has  
been overlooked, do not wait to be  
asked but hand in your amount to  
Mr. Creighton, at the Royal Bank, or  
to Dr. W. L. Archibald, Mr. W. H.  
Chase, Prof. A. B. Belcom, Mr. Ed-  
son Gosselin or Mr. A. J. Woodman.  
The Committee appreciate much  
the fine Christian spirit in which they  
were received and thank all who so  
generously contributed.

## Town Planting.

The meeting held on Monday eve-  
ning in the Opera Hall in connection  
with the Forward Movement in town  
and city gardening, which is now  
universal in the Dominion, was fairly  
well attended. Mayor Haines presided.  
A very practical and useful paper was  
read by Prof. Colt which we under-  
stand is to shortly appear in print.  
Dr. Colt gave a striking and exhaus-  
tive summary of the present situation  
and warned us against the two ex-  
tremes of over optimism or over pes-  
simism. He emphasized the impor-  
tance of a greatly increased food sup-  
ply and pointed out the certainty of  
food prices whether or not the war  
ends this fall.

Prof. B. H. of the Experimental  
Farm at Kentville, gave a most  
valuable talk on the best system  
of gardening and the different kinds  
of seeds to be used, the methods of  
their cultivation and their respective  
food values. A pound of beans, he  
said, was more than equal to a pound  
of the best steak. Peas also had a  
very high food value. He described  
how heavy and light soils could be  
fitted for certain crops, and gave a  
great deal of most useful practical ad-  
vice on the subject of gardening gen-  
erally, which was listened to with the  
deepest attention and appreciation.  
General Manager, Geo. E. Graham,  
of the D. A. R., on being called on  
by the Mayor, made a most interest-  
ing and informal speech. After stat-  
ing that the company would gladly  
turn over any of their vacant lands in  
Wolfville to the Planting Club this  
summer, he then took up the subject  
of what all of us here in Canada  
ought to do for the good of the  
country and especially for the good  
of the cause and especially for the  
comfort of our boys at the front. He  
read a pathetic extract from a letter  
received that day from an officer in  
France speaking of conditions there,  
the sufferings of the refugees and  
other hardships to which our men are  
hourly subjected. Mr. Graham urged  
on all to do something, and dwell on  
the fact that so far not one of us has  
experienced any appreciable privations  
or suffering as the result of the war.

Mr. J. D. Chambers, President of  
the Patriotic Planting Club, then  
gave an address on the work of the  
Society to date. It was a plain sen-  
sible talk and put the matter square-  
ly before the audience. A planting  
committee including Messrs. Earl  
Burgess, Hugh Calkin, J. D. Cham-  
bers, T. L. Harvey, Dr. Colt, E. Percy  
Brown, Henry Peck, R. E. Harris, was  
appointed, and the Planting Club may  
now be said to be fairly under way.  
This scheme will probably be adopted  
by all Canadian towns and with what  
will probably be startling results.  
Mr. Chambers in his speech stated  
that it was estimated that at least one  
million dollars worth of vegetables  
could be raised on the vacant lands of  
Toronto. It is to be hoped that a very  
generous response will be made to  
this appeal for co-operation on the  
part of our citizens. Any one may  
help in three ways. First, by making  
a donation to furnish seeds; second,  
by promising some hours of free la-  
bor; third, by giving the Club the use  
of vacant land.

## Childhood Ailments.

The ill of childhood come swiftly  
and too often before a doctor can be  
called in or medicine obtained the lit-  
tle one is beyond aid. The wise moth-  
er will always safeguard her little  
one by keeping Baby's Own Tablets  
in the home. This medicine always  
does good—it can never do harm.  
Concerning it Mrs. Napoleon Lam-  
bert, St. Ignace, Que., writes—  
'Baby's Own Tablets are an excellent  
medicine for childhood ailments and  
I am well pleased with their use.'  
The Tablets are sold by medicine  
dealers or by mail for 25 cents a box  
from 'The Dr. Williams' Medicine  
Co., Brockville, Ont.

## Nova Scotians Recently in London.

London, March 9.—Among Nova  
Scotians who have recently called at  
the office of the Agent General, have  
been Captain Bagar, of Halifax, who  
is the X-Ray specialist at Moore Bar-  
racks, Shorncliffe; Major W. T. M.  
MacKinnon, of Berwick, who is now  
engaged in medical board work at  
Folkstone; Nursing Sister, A. M. Mills,  
daughter of Mr. Mills, of Truro, who  
is on leave from France; Charles Ho-  
gan, C. B., of Wolfville, who has  
come over to do war work; O. W.  
Hind, of Pictou, N. S., and Mrs.  
Leonard Murray, of Halifax, wife of  
Major Murray, who is at Bearwood  
military hospital, Berkshire, where he  
is in charge of heart cases.

Referring to the above, we might  
say that Mr. Hogan has secured an  
appointment to the National Physical  
Laboratory at Bushy Park, near Lon-  
don. The work is principally that of  
conducting scientific experiments in  
the making of submarines and aero-  
planes and the work done is so accu-  
rate that the measurements taken on  
the screw gauges have to be taken to  
the one ten thousandth part of an  
inch. The work is all secretly con-  
ducted and a German spy would sin-  
gularly revel in the knowledge to be ob-  
tained in this huge Government Lab-  
oratory.

**Operation For Appendicitis.**  
Mrs. J. A. Ballantyne, Sturgeon Falls,  
Ont., writes: 'My husband was treated  
for appendicitis and the doctors ordered  
an operation. But he would not con-  
sent to an operation and began the use  
of Dr. Chase's Kidney-Liver Pills. Since  
doing so he has had no need of an op-  
eration or even of a doctor as the trouble  
has completely left him. I cannot find  
words to speak our gratitude for his  
cure.'

Little Miss Mary Coldwell brought  
to our office yesterday the first may-  
flower of the season.

## Thoughtlessness.

Among the best acts of a town  
whose people desire to attract tourists  
are its beautiful streets and private  
premises. A great many of the citi-  
zens of Wolfville have spent consid-  
erable time and expense in making  
lawns and gardens in front of their  
residences. The results of these efforts  
have been considerable in a great  
many cases. Now it is very annoy-  
ing and discouraging after one has  
taken years of trouble to prepare a  
lawn to have it tramped up in muddy  
weather by persons who should have  
enough regard for the rights of others  
to confine their wanderings to the  
public sidewalk, especially when the  
mud or water thereon is not deep  
enough to overflow an ordinary pair  
of rubbers. Now I do not for a mo-  
ment suppose any of this destruction  
is due to a deliberate desire to destroy,  
or a total lack of regard for the rights  
of others, but to pure thoughtlessness.  
Now Mr. or Mrs. or Miss trespasser,  
when next you are tempted to damage  
other people's property by your  
thoughtlessness please remember that  
it will take a whole year to repair  
your damage. Now if the pedestrian  
public will be a little more thoughtful  
it will be necessary for us to bar-  
ricade our borders with brush, rails  
and barbed wire. CITIZEN.

## Flattering to the Original

There are many imitations of this

## FACTS YOU MAY NOT KNOW:

Leather has advanced over 80 per cent. since the war started.  
Cost of manufacturing Boots and Shoes has advanced from 85 per  
cent to 90 per cent. since the war started.  
Freight congestion is so great that manufacturers cannot guarantee  
delivery for many months.

Take these facts into consideration and you can readily see **WHY**  
the manufacturers have advanced Boots and Shoes from \$2.00 to \$3.50  
per pair.

**AT PRESENT** we have a complete and un-  
broken line of Men's, Women's and Children's
