## MEIGHEN SPEAKS IN VANCOUVER

Vancouver, Oct. 29.—Premier Meighen and Hon. Mr. Calder addressed two meetings here this evening. There was a large attendance, and thousands were unable to get in the Hotel Vancouver at the Allen Theatre. Interruptions were frequent in both places. The Prime Minister dwelt on Canada's achievements in the war and how the Canadians had distinguished themselves on the battlefields. He said the leading newspapers, which formerly opposed the Union Government, did not now dare challenge their record. He declared more had been done in Canada for the returned soldiers than any other country. Mr. Calder eulogized the land settlement scheme which he said was the best in the world.

## LAW SUIT OVER VALUABLE CLAIM

Vancouver, Oct. 29.—A fight for the ownership of the famous Engineer Mine, Atlin, was begun in the Supreme Court here today. W. L. Goodwin, of Nome, Alaska, and eleven other former Atlin prospectors have taken out its pendens to prevent the sale of the mine until they have a chance to lay their case before the Judge and Jury. Otherwise a sale to Cobalt interests for \$3,000,000 is feared. Goodwin and associates are fighting for the estate of the late Capt. James Alexander, the other parties now in possession of the mine, to prove their claim as owners.

Lisburn is a town of 12,500 population and owes its name curiously to its destruction by fire in 1707. Its townspeople are taking the situation philosophically and remark that "when the Sinn Feiners pay the government for the destroyed courthouses and barracks we will pay and not till then."

The Hallow E'en Dance held last evening in the Oddfellows' Hall under the auspices of the Maccabees proved, as had been anticipated, a most enjoyable affair. About one hundred and fifty couples were present, and scarcely one but commented favorably upon the lavish decorations, the large illuminated pumpkin, the special moonlight and other waltzes, and lastly the important item of supper, the arrangements for which were perfect, and the food of a most dainty and tempting character.

## DEMAND CHINA EXPRESS REGRET

Pekin, Oct. 29.—Acting on the basis of the report of the joint commission of investigation into the alleged participation of Chinese gunboats in the massacre of Japanese at Nikolavsk, Asiatic Russia, last spring, Japan has demanded China express regret. She has also demanded that the Chinese naval commander apologize to the Japanese commander at Nikolavsk; that officers and men be punished, and reparation be paid to the families of alleged victims of the Chinese guns. The findings of the commission, it is stated, are being withheld by mutual agreement.

The Chinese naval vessels are alleged to have looted guns to Russian partisans for an attack on the Japanese garrison at Nikolavsk, in which several hundred Japanese were reported to have been killed.

## VERBOSE PLEADINGS IN B. C. COURTS DECLARED SCANDAL

Vancouver, Oct. 29.—Verbose pleadings in British Columbia in the Appeal Court yesterday.

In spite of dissenting opinions from Mr. Justice McPhillips and Mr. Justice Eberts, the Court reversed a Supreme Court decision of Mr. Justice Morrison, who had sustained pleadings presented in the case of W. W. and John D. Campbell against Premier Oliver, the Attorney-General and other parties.

In scoring profuse pleadings, Chief Justice Macdonald asserted: "One is led to suspect that solicitors do it to get costs of the action." More concise legal documents "would save cost to litigants and embarrassment of the court," he said.

His lordship then ruled that excess matter in the pleading under consideration be stricken out and was sustained by the majority of the bench.

For Months. The case of Messrs. W. W. Campbell and John D. Campbell, contractors, of Vancouver and Marquette, Mich., against Premier Oliver and others, has been the centre of a maze of legal technicalities for months.

The legal men whose names appear on the documents introduced before the Court of Appeal yesterday are Sears and Patton, solicitors for the plaintiffs, and Messrs. Craig and Parks, solicitors for the defendants. The defendants are Premier Oliver, Hon. J. W. deB. Farris, Arthur Johnson, Government agent at Revelstoke; J. Meade, provincial constable at Revelstoke; Charles Macdonald, Sheriff of Vancouver, and Dixon Brothers, boarding stable proprietors, of Vancouver.

Horses. The plaintiffs allege that in April of 1919 they entered into a contract to log, cut and put into Trout Lake 100,000,000 feet of merchantable logs from nearby properties and that their horses used in the work had been illegally seized by the defendants. The Attorney-General was sued in his capacity as representative of the Crown.

The voters have three choices, namely, first, no change; secondly, reduction of licenses by a quarter, and thirdly, no licenses except to inns, restaurants and hotels in special circumstances and for clubs and wholesale dealers.

Both the "dry" and "wet" factions in Glasgow express confidence. Edinburgh is considered doubtful. The Glasgow "drys" have organized for tonight a whole night of prayer for deliverance from the drink evil.

## EMERGENCY BILL BECOMES LAW

London, Oct. 29.—The Government's Emergency Powers Bill passed the 4th Parliamentary stage today and received the Royal Assent. The Emergency Powers Bill virtually gives the British Government war time powers. It was introduced in Parliament with the advent of the miners' strike, and when it seemed probable the railway and transport workers might become involved.

## Home Rule.

London, Oct. 29.—The Irish Home Rule Bill was passed through Committee stages in the Commons today without further important amendments. Some important modifications are intended by the Government including the question of making candidates for Parliament take an oath of allegiance. These were proposed during the report stage of the Bill.

Discussions in committee throughout have been quiet owing to the fact that Labor and Liberal members have declined to participate in the committee sessions.

## CHAMP AFTER PURSE BEFORE TITLE BOUT

New York, Oct. 29.—Jack Dempsey, manager of Jack Dempsey, before signing the articles for the fight with Carpenter, will insist that the purse be given the champion before the match. Dempsey's end will be \$300,000.

"I want to protect our interests," said Kearns. "Some reputable man bonded by a first-class surety company must be entrusted with the \$50,000 forfeit of the promoters and the \$50,000 half of which we will put up and the other half deposited by Descamps and Cartier. Then I will insist on the promoters placing the full amount of money promised to the two contestants in the hands of this stakeholder twenty-four hours before the men are to meet in the ring."

"I wanted to take 40 per cent of the gate for Dempsey's end," continued Kearns, "but the promoters would not agree to this. They made me a flat offer of \$300,000, which I accepted."

"Of course the question of choosing a referee will have to come up later. It will greatly depend on the locality in which the bout takes place, but I don't anticipate any difficulty to arise over the choice of the third man in the ring."

## PREDICTS TEN YEARS' PEACE IN COAL TRADE

London, Oct. 29.—Newspapers here in commenting on the agreement by which the coal strike may be ended if the referendum to be held among the miners is favorable, generally recognize the scheme as a compromise. Neither the advocates of the owners claimed victory. There is a universal approval of the arrangement by which a sliding scale would apply to the profits of the owners as well as to the wages of the men, and this is thought the most hopeful feature of the agreement. For this reason it is believed the plan will be endorsed by the miners. It is remarked that the settlement makes for future peace in the coal industry and may prove the introductory step for a new era in British industry generally.

London, Oct. 29.—The miners and the coal mine owners are about equally congratulated in the newspapers on the provisional settlement of the strike arrived at. There is a general disposition to depreciate the use of the word "victory" by either side. It is pointed out that while the men have got their cherished two shillings advance, the Government has secured the principle of increased production to coincide with the increase in wages it fought for.

Meanwhile, it is also regretfully pointed out, Europe has lost 12,000,000 tons of English and Welsh coal, which it badly needed, the miners have lost millions in wages, and the Government has lost a large slice of the surplus of coal reserves. One expert is bold enough to assert that the arrangements assure ten years' peace in the coal trade. The miners have still to vote on the proposals, which, however, are considered as eminently likely to receive acceptance.
