

SEVENTY-FOUR BUT ACTIVE.

Dundas Methodists Had Anniversary Service Yesterday.

Baptist Church Had Service for Old Country People.

One Dollar Mark Was Reached on Wheat Market.

Dundas, Oct. 7.—The services in connection with the 74th anniversary of the Dundas Methodist Church Sunday School began yesterday and were very interesting and largely attended. At the morning service the pulpit was occupied by Rev. H. B. Christie, of the Simcoe Methodist Church, Hamilton, whose sermon was much appreciated. At the afternoon meeting, held in the Sunday School building, addresses were given by Rev. Mr. Christie and the pastor, Rev. T. J. Manneil. Vocal solos were sung by Mrs. (Dr.) Currie, (nee Selery), of Singapore, India, and Miss Lottie Kompert. A motion song by the "Busy Bees" was a very pleasing feature of the service and was followed by the presentation of imperial diplomas and seals to the members who were entitled to them for regular attendance and efficiency during the year. In the evening the regular service was held in the church by the pastor. This evening the services will be continued in the Sunday School building, the programme for the occasion being a specially attractive one composed of singing recitations, dialogues, fancy drills, etc. Many of the vocal selections will be contributed by Fred. and Reg. Wood, of Hamilton.

The funeral on Saturday afternoon, of Albert Curran, whose untimely death, after a very short illness, caused widespread sorrow for the young man, and sympathy for his parents, was very large attended. Services were held at the house and at St. James' Church, conducted by Rev. E. A. Irving. The L. O. F., of which he was a member, attended in a body. The pallbearers were Charles Mart, Melville Hawley, Samuel Nelson, John Quinn, Lorne McFaggart and Thomas Pardon. The floral contributions were many and very beautiful. Among these present from a distance were Mr. and Mrs. John Galagan, and Mr. and Mrs. Joseph Dinmore, of Toronto. Mrs. James Sawin, of Galt, and Mrs. Corneil, of Hamilton.

The welcome service, given to recent arrivals from the old country, in the Baptist Church, yesterday afternoon was hearty and interesting. The pastor, Rev. Mr. Grant, acted as director, and gave a pleasant and practical address, referring to old land homes and old customs, and to new home surroundings and customs. The address contained much good advice and many timely hints to new arrivals in this country which they will undoubtedly appreciate and act upon. Another service will be held the first Sunday in November.

Wm. Davy, with his wife, and children, arrived in Dundas from Detroit, on Friday evening. Mr. Davy went to Detroit, from here, some years ago in connection with the wire works and had attained to a responsible position there. Some months ago he found himself afflicted with stomach trouble from which doctors could give no relief, and, acting on the advice of his physician, he sold out his house and home and moved back to his old native town, where his parents and the parents of Mrs. Davy, Mr. and Mrs. Wm. Hall, are all still living.

How many times during years past everybody has heard it declared, time and again, that farmers would never again get a dollar a bushel for wheat, but this prediction, like many others, has turned out false. The price reached a dollar in Toronto some time ago, and last week the Kerr Milling Co. here, began paying the same, and it is expected that Hamilton buyers will follow suit.

FOR THE SAN.

Promoters of "The Creation" Thanked by Ladies.

Apart from the charitable feature of the undertaking and wholly as a musical and art production the citizens of Hamilton ought to encourage J. F. Egan, Bandmaster Robinson and the members of the Hamilton Oratorio Society in the proposed rendition of "The Creation," which will be given some time in December in the Drill Hall under the direction of the above named gentlemen, and assisted by a chorus of 500 voices—all local talent.

This was the general opinion of the directors of the Hamilton Health Association and the ladies of the Auxiliary Board at their meeting held this morning, when they passed a vote of thanks to those who are putting on this production, the funds from which will be in aid of the Mountain Sanitarium.

A vote of thanks was also passed to the Municipal Chapter for its offer to furnish complete the reception room of the Grafton Infirmary; to St. Cecilia Chapter for its offer to furnish the kitchen; and to St. Elizabeth Chapter for the bed and table linen, and also one hospital bed, table and outfit complete. The Grafton Infirmary will be officially opened and the presentation made by Mr. J. J. Grafton in about two weeks time.

Mr. Hawkins, manager of the Dominion Power Company, has informed the Association that a Sanitarium station would be located on the Hamilton & Brantford Railway, and that it will be possible for the Sanitarium buildings to be supplied with electric current for lighting purposes.

Improvements to the present system of handling the laundry are to be taken in hand at once.

The cost of furnishing the balance of wards of the Grafton Infirmary, estimates on which amounted to \$235, were passed.

The reception which will be held on the opening day of the Grafton Infirmary is in the hands of the ladies, details of which will be published later.

SEPARATE SCHOOL TAXES.

So that there will be no repetition of the mistakes which made it necessary to have an arbitration this year in connection with the Separate School taxes, a notice was read in the various Catholic churches yesterday, advising people who had been assessed as Public School supporters to take the paper to the rectory so that the proper notice to have the correction made could be given.

Mr. and Mrs. S. S. Rothwell, of Elma, returned home last week after spending several days in Hamilton, visiting their niece, Mrs. (Dr.) Langs, and their daughter, Mrs. Abraham, who is training as a nurse at the City Hospital. It is fifty-two years since Mr. Rothwell was in Hamilton, and he spent some of his time in looking up some of the old landmarks.

The marriage of Miss Nora May Abraham, eldest daughter of Mr. and Mrs. John Abraham, and Mr. Conley Addison Park, of Hagersville, was solemnized at the home of the bride's parents, Willow street, Paris, Thursday afternoon at 3 o'clock. Rev. Canon Brown, rector of St. James', conducted the ceremony, and Mr. Abraham gave his daughter away. The bride was attended by her sister, Miss Lena. The groom was unattended.

POLICE REPORTS.

A Number of Thefts and Other Lawlessness.

Willie Newman, a small boy living at 60 Herkimer street, told the police that while he was going home with a newly repaired pair of boots under his arm on Saturday a little colored boy knocked them out from under his arm and ran with them to a colored woman, who was taking the parcel told Willie to go home, while she pinched the boots.

Mrs. J. Lomas, 50 Robert street reported that while she was absent 40 minutes from the house after 4 1/2 Saturday afternoon she returned to find a window in the rear and stone wall in can and two watches, both valuable ones.

The G. T. R. reported that a passenger to the rails sent a telegram to this city stating that two young men posted him here for the Falls on Saturday and that in the mix up he lost \$50. His name is unknown.

A. Ireland has been summoned on a charge of stealing a dog, Emily Atkins being the complainant.

Walter Scott took out a summons against Charles Medritt charging him with trespass.

The Scautiz Manufacturing Co. has complained to the police that its shop was entered on Friday last and several pounds of wire stolen. As far as is known nothing of any value was taken.

AN EARLY FIRE.

Mr. E. Murray Aroused to Find a Blaze.

At 2:30 this morning the fire department was called to 334 King William street, the residence of E. Murray, to put out a fire that had started in the back of the house. The loss was \$250. It looks very much like incendiarism. While the family were sleeping someone knocked at the door, and Mr. Murray got up and opened it. No person was in sight, but he smelled smoke, and, getting his wife and child out, he ran to the Victoria avenue station and turned in an alarm. The police have the matter in hand.

THE FOREIGNERS.

Problem Before Hamilton Ministerial Association To-day.

Rev. D. G. Protich, of New York, who has been here for some days, representing the Upper Canada Bible Society, working among the foreigners, delivered an address to the Ministerial Association this morning. He says Hamilton has a very large foreign population that is not under the influence of the Christian churches, and he suggested that a Bible woman, who can speak several languages be secured to work in the homes of these foreigners. While Mr. Protich can speak thirteen languages, he came across for signers he could not converse with. To his knowledge there are 15 languages other than English spoken by Hamilton citizens. He also suggested that secular night schools for foreigners be established, so the children can be taught English and instructed in the laws of the land. The influence, he said, of the teachers would be for good. He gave some figures as to the number of people from different eastern countries. There are 700 Roumanians in the city, he stated.

The association decided to discuss the question of taking steps to get in closer touch with the Protestant foreigners at the next meeting. The opinion was expressed that if law and order were to be maintained in the annex city authorities must lend a hand. It is likely that the Board of Education will be asked to consider the question of opening night schools for the children of foreigners. Arrangements were made for holding religious service at the Sanitarium every Wednesday afternoon.

Rev. John Morton will speak on "The Indefinite in the Preacher and His Creed" at the next meeting of the association.

His death it is said, will result in the prosecution of those who played Sunday football.

HERE'S YOUR TIPPLE.

To the Editor of the Times: Sir,—As usual, at this season of the year, people are asking about my unforgotten grape wine recipe, so I thought the better way is to give it to the newspaper, the better way is to take advantage of it. There is such an enormous crop of grapes and the price is so moderate, that I would recommend everyone to try this recipe for themselves, and see what a delightful beverage they will have. If made right, it is refreshing, healthful and non-intoxicating and costs a mere fraction, as compared with intoxicating liquors. Try it, good readers of the Times, and if you like it, drop me a postal card, and say so. I don't charge you anything for the recipe, but would like to have the opinion of those who would drink the wine. This is the recipe: Take twenty pounds of Concord grapes, pick carefully from the stems, and add three quarts of water, crush the grapes, and put the whole into a porcelain kettle. When nearly at boiling point, strain through a colander, using a little more hot water, and then through a jelly bag. Return the juice to the kettle, adding four pounds of granulated sugar. Let sugar melt slowly, then bring the mixture nearly to boiling point, remove any foam, bottle while hot in jars. It must be kept in a dark closet. When using the wine, add a little hot or cold water. Yours truly, Frederick W. Watkins. Hamilton, Oct. 7, 1907.

eschires had a splendid defence, which the Y. M. C. A. had great difficulty in getting through. Stevens, of the Lancashires, got busy about five minutes before the first half was finished and put a second one past the Y. M. C. A.'s goalkeeper, 1-0. There was no more scoring during that half.

In the second half the Y. M. C. A. went at it harder than ever and after a few minutes' play, Lawrence put in a very neat shot. Score, 1-1. They could not score any more, as the Lancashires bucked up on their defence. Cowan, for the Lancashires, made the last goal on a dribble from the centre of the field. Score 2-1, favor of the Lancashires.
