

IT WOULD BID ON POWER

If City Gets That Municipal Lighting Plant Installed.

Cataract Wants to Quote a Price, So Manager Hawkins Says.

Offer of W. D. Platt For Park Site Has Been Accepted.

If the city installs a municipal lighting plant at the end of the present contract, as is proposed, the Cataract Power Company, if given an opportunity, will quote a price on power. General Manager Hawkins made known the company's intentions at the conference yesterday with the Board of Works sub-committee over lights for the west end. He said his company wanted an opportunity of tendering on the power supply. The Cataract's bid when the city was calling for tenders on magnetic lamps was over \$92. The Hydro Company's figures, as provided for in the contract, are not to be higher than \$17.50 a horse-power for Hamilton, and it is gathered from this that the Cataract is prepared to quote a lower figure. At the conference yesterday Mr. Hawkins said the company would install the Nernst lamps as requested in the west end provided the city paid the cost and took over the equipment at the end of the present contract. The aldermen refused to do this, as the equipment would be of no use to the city at that time. It is thought that some arrangement can be made to put in the arc lamps, and \$80 was spoken of as the price, although the city hopes to get a lower rate than this. It was left with Secretary Brennan and Mr. J. A. McKay, manager of light and power, to see if the list could not be cut down.

The joint sub-committee of the Board of Works and Parks Commissioners, appointed to deal with the offer of Mr. W. D. Platt to give the city a site for a park in the southwest, near Chedoke, made satisfactory arrangements last night with Mr. J. F. Shuart, the contractor, who purchased five acres adjoining a stone quarry, by which the Parks Board will take over the whole property. There are about seven acres in the piece Mr. Platt has donated. Mr. Shuart will receive \$3,000 for his five acres. He agreed to take \$1,000 now, and the balance in two years. Mr. Platt last night consented to modify the conditions of his offer in connection with the offer. The city will construct a macadam road on Garth street and lay a cement walk on the west side, half of the cost of which will possibly be borne by the township. At first Mr. Platt asked that \$300 be spent each year for ten years improving the property. He has consented now to nothing being spent for the first five years and \$200 a year after that.

General Manager Hawkins has written to City Engineer Barrow calling his attention to the fact that the company's tracks are blocked at the northeast corner of Main and James streets. As the company intends using these tracks to the Terminal station for the Dundas and other cars on November 18, he asked that the contractors for the new building that is going up there be asked to remove the obstruction. Mr. Barrow handed the letter to Building Inspector Anderson.

Residents on Greig street called Mr. Barrow's attention to the fact that Contractor Cooper is making excavations at that street had uncovered the water pipes, which were in danger of freezing. The engineer has instructed Mr. Cooper to cover the pipes up immediately.

The Grand Trunk is tearing down some of the old buildings in the rear of the asphalt plant on Barton street to put in more team tracks. The city has a lease on part of the building. The officials think it is only a matter of a very short time when it will have to find another site for the asphalt plant.

Mr. Barrow says a number of people have spoken to him about the accident in which a street car crashed into a Grand Trunk freight train at the corner of Ferguson avenue and Barton street the other day. Mr. Barrow says he intends looking into the matter. He will probably call the Railway Board's attention to it.

Building permits were issued today to James Weir, for a frame house on Niagara street, to cost \$900, and to Chas. Kidd, for a brick store on Barton street, between William and Cheever streets, for D. Barton, to cost \$2,000.

THE BOOKMAKER.

Court of Appeal Quashes Convictions of Two of Them.

Toronto, Ont., Nov. 15.—(Special).—The Court of Appeal has quashed the conviction of Boyllett and Bailey, two bookmakers at the Woodbine races at Toronto. The court held that it was absurd to consider that men who had neither tent, booth, stool, desk or umbrella were keeping a "place" within the meaning of the act. Col. Denison had fined the men \$50. The court's decision disposes of several other similar cases.

MADE ANOTHER ARREST.

Yesterday the Toronto police arrested Harry Quackenbush, of that city, at the instigation of the local police, on the charge of stealing jewelry from the home of J. Linklater, Bailey street, last April. He is said by the police to have been a member of the gang who were arrested the other day for the robberies that have been troubling them for some time.

GOLDEN WEDDING.

Mr. and Mrs. Daniel Kappel, Grant avenue, are to-day celebrating a happy event, which falls to the lot of few people, their fiftieth wedding anniversary. They were busy to-day receiving the congratulations of a host of friends and this evening the members of the family will have a reunion.

Burned children dread the fire, but they don't keep widowers from marrying again.

COURT ORIENT.

Original Chief Ranger Presided at the Rally.

The members of Court Orient, Independent Order of Foresters, spent a very pleasant time at their regular meeting last night. It was "rally night" and the officers' chairs were filled by the Past Chief Ranger, Ald. C. C. Baird, being the first Chief Ranger of the Court at its institution, was in the chair. C. Tregenza, the next P. C. R., in seniority, occupied the vice-chair, Robt. Gibb, B. Salsbury, Harry Philp and Geo. O. Elder, all P. C. R.'s, occupied the other chairs. All of these brethren made short remonstrate speeches, recalling pleasant incidents of their connection with the Court and the Order. The court was instituted on May 15, 1889, and to-day has a membership of 500, and is the second largest court in the jurisdiction of Western Ontario.

Interpreted between these speeches was a fine musical programme, contributed by A. Robb, W. McLean, W. Frimling, Harry Bolton (comic), T. H. Smith and J. Arthar.

A bountiful supply of fruit was served and was much enjoyed. Cigars were passed around for those who enjoy a smoke.

After refreshments short speeches were made by Dr. Baugh, Charles W. Powell, Wm. McAndrew, Geo. Smith, W. Hurlbut (Bramford) and R. G. Goy, the present Chief Ranger. Altogether the "soiree" was one of the most pleasant of the many good ones held by this Court.

The committee of arrangements was: Wm. McAndrew, R. A. Gibb, C. W. Powell, C. N. Tregenza, Ben Salsbury, Harry Way, Geo. O. Elder, J. B. Williams and Robt. Goy.

Mrs. Radzyk does not care to leave Hamilton until she gets the insurance on her husband's life. She consulted Budimar Protich, who advised her that she should get this matter settled before leaving Hamilton. She made no mention of Sunfield.
