But that is not the only attraction at the Thomas C. Watkins' store. This paper carries a big announcement of 'price reasons' why everyone should shop at the Right House—extraordinary special value offerings in goods for spring and summer. No wise person will wisely miss getting a share of the good things. Read the details and shop in the morning if you can.

case of City Engineer Barrow, whose fighting attitude surprised some of those who expected that he was going to act quietly on the Mayor's suggestion to band in his resignation. Mr. Barrow has confided to different aldermen that he has nothing to gain by stepping out, and that he will etand firmly by his decision to fight. Nothing can be done until the special committee has another meeting, and this will not likely be held until after the Council meeting. Mayor Stewart said he did not care to discuss the matter. It is for the special committee, he thinks, to do as it jees fit. He says he only complied with the wishes of the members of that committee in asking the Engineer to send in his resignation. It was stated to day that case of City Engineer Barrow, whose asking the Engineer to send in his re-signation. It was stated to-day that Mr. Barrow's friends had won over one or two of the doubtful aldermen.
