## R. A. Thompson's Liquor Bill Withdrawn.

# Canvassing for Liquor Orders In Dundas.

(Special Despatch to the Times.) Toronto, April 8. -Dr. Smellie's bill to incorporate the town of Keewatin was reported by the Private Bills Committee of the Legislature this morning.

The bill respecting the town of Kenora was also reported.

Mr. Lucas pointed out that the bill gave the town the power to sell electric power to the Maple Leaf Flour Mills Co., Limited, for forty years at \$10 per horse power, and to renew the agreement for forty-two years more at the expiration of the first forty years. He

thought ten years should be the limit. Mr. A. F. Lobb, solicitor for the Hydro Electric Power Commission, said the Milling Company had spent a million and the town \$375,000, and as the town owned its power plant, the commission had no objection to the bill being re

ported.

There was a prolonged discussion over the bill respecting the village of Beamsville. Senator Wm. Gibson, who owns a quarry near the village, owns a horse car line, which runs through the village to the quarry outside the village, and the village asked the power to compel Senator Gibson to keep his line in proper tenator.

the Railway Board.

Mr. R. Geary, representing the village, favored the report of the sub-committee.

Mr. Jennings claimed that Senator Gibson was refleved of any responsibility in the way of keeping his line in repair by a by-law passed by the council on April 19th. He urged that the Railway Board have jurisdiction only over that portion of the line running through the village, and with that amendment the bill was reported.

The amendment to the liquor license act proposed by Mr. Thompson (Wentworth) was withdrawn in the Legislature, and the order was discharged on the motion of Mr. T. H. Preston, of Brant. The measure provides that hold-

frant. The measure provides that hold-brs of shop licenses shall not canvass for orders in municipalities other than the municipality for which such license

Brantford, April 8.—A fine storey-nd-a-half residence, belonging to Geo Bickell, and situated on 93 Murray street, was totally wrecked this after noon, as a result of an explosion of natural gas, which practically blew the house to pieces. The gas connections had only been made since Saturday, and an electrician named Thomas was busy install-ing electric lights. In the upper storey immediately as he did the gas went off with a cannon-like report. He was standing between two open windows ing badly burned. The leak was found the house was fairly filled with gas. The front window downstairs was blown clear across the ctreet, and the walls of the foundation shattered. Every room the foundation shattered. Every room was a wreck, so great was the force of the explosion. The damage will amount to over \$1,000. The noise at the time was unternated, and was being made ready for occupancy by Thomas Foulger, a retail clerk, said to be contempating matrimony. The firemen from both departments were called out, but there was no blaze to amount to anything. The explosion is the second one of its kind resulting from natural gas in this city during the past few weeks.
