patrons, the amateur corps, as a whole, sustaining their parts throughout, in a manner calculated to reflect credit even upon the more favored amateur organizations of the capital. We are informed that H. M. S. "Pinafore," will visit Harbor Grace in a few weeks, and that Sir Joseph Porter, his sisters, cousins and aunts will be introduced to the public by the amateurs of St. Paul's Parish. We hope our friends will let us know in time the evening the gallant Admiral will be in town, as there are many in Carbonar who would be glad to see him.

The Schooner Silver Stream arrived to Messrs. John Munn & Co., on Monday last, 27 days from Cadiz, It will be perceived from advertisement in our columns to-day, that owing to the inclemency of the weather, the Poll intended to be taken in the District of Bay-de-Verds on the 6th inst., relative to the application of the Permissive Bill, has been further postponed until the 17th February.

From late St. John's exchanges we learn that His Excellency the Governor and Lady Glover, may be expected to arrive from the Dominion by the mail steamer due here to-day. Our much respected Chief Justice Sir Hugh W. Hoyles, leaves by the same steamer as passenger for Britain.

A serious accident occurred at Heart's Content, on Wednesday 7th inst. It appears that whilst a man named Percy with a fellow workman was engaged in making some repairs on board the Victor, belonging to Messrs. J. & R. Maddock of this town the latter missing his footing, his hatch et which was considerably blunted, descended upon Percy's head inflicting a serious injury. We have since learned that the injured man is progressing favorably.

During a recent visit up the Bay we had the pleasure of inspecting some splendid specimens of Copper Ore and other mineral obtained in various parts of the district of Harbor Main. We understand that satisfactory arrangements are being perfected by certain influential parties in the district, with a view to the opening of one or two more mines in the localities referred to, during the ensuing spring.

At Brigus we had an opportunity of inspecting some valuable specimens of copper ore as also of gold bearing quartz obtained in the vicinity of the town. Here we were glad also to learn that arrangements were so far completed to give promise of practical mining operations early in the spring.

From late St. John's exchanges we perceive that our estimable Chief Justice, Sir H. W. Hoyles, being about to retire from the Judicial bench of this colony has been presented with a highly complimentary Address by the members of the Bar. We regret that want of space precludes the possibility of our giving insertion to the Address and His Lordship's masterly and effective reply thereto.

The Prince of Wales has just erected in the church of St. Mary Magdalen, Sandringham, a beautiful tablet in memory of the Grand-Duchess of Hesse. The work, which has been executed by Mr. J. E. Boehm, A. R. A., consists of a medallion portrait in marble of the Grand-Duchess, with the following inscription beneath:—

To the beloved memory of Alice Maud Mary, Grand-Duchess of Hesse, Princess of Great Britain and Ireland, this monument is erected by her devoted and sorrowing brother, Albert Edward, Prince of Wales.

Above and below the tablet are carved these texts—"Blessed be the God that died in the Lord; 'My will be done.'" His Royal Highness has also presented to the church, a fine organ.
