We notice the Liberal papers are crowing over his late election and calling it a great Liberal triumph. They are certainly easily pleased. Nor is this the end of the matter; the Conservatives have taken steps to protest the elections of both Mr. Dryden and Mr. Gibson, also recently elected. Should the cases come up in court we shall probably have some interesting revelations, as to the manner these elections have been secured. The unseating of Mr. Barber, another Grit member of the Otario Legislature, for gross and general with the content of the observed the sum of the matter; the Conservatives have the elections have been secured. In the Barber case it is shown that the Liberal quotation for votes at Milton ran up to 100 asked; but \$5 cash was all that was generally offered and paid. At the conclusion of the trial the Grit workers are reported to have asserted with great spirit; "we will elect him again". Just so; draw upon the tax payers of the Province to foot the bills, every time an election is invalidated in consequence of corrupt practices by Grit party workers. This is Liberal political purity with a vengeance!
