Married at Wesleyville

Quite a large concourse of people gathered in the Methodist Church on Thursday evening, February 17th, at 4.30 to witness the marriage vows of a prominent young couple of this locality. The happy pair were, Miss Annie Bishop Winsor, adopted daughter of Capt. Edward Bishop, and Mr. Albert Blackwood, of Brookfield. The party, after driving to church in sleighs, and having the ceremony performed by Rev. A. A. Holmes, proceeded to the home of Capt. Bishop where a reception was held. The bride presented a charming appearance in a costume of cream-colored silk with a bridal veil trimmed with orange blossoms. She was assisted in good style by the chief bridesmaid, who was her sister, Miss Lizzie Winsor. The groom was assisted by Mr. Jesse Hann, while Capt. Bishop gave the bride away. The wedding presents were too numerous to mention and consisted chiefly of silverware, the principal one being a silver teapot from the bridegroom. The happy couple are much esteemed by the people of the vicinity, who wish them all the happiness and prosperity life can afford. No doubt it will not be long before other young people of the place will be following the example of this happy pair, and the air shall soon again resound with joyous echoes of the marriage bells. Verily, "it is not good for man to be alone."

Her Worst Passage.

Special to Evening Telegram. NEW YORK, Feb. 26. After a battle with high gales and mountainous seas, which shook even her giant hull and did considerable damage during the early stages on her voyage from Liverpool, the str. Mauritania arrived to-day, reporting the worst passage in her career. It took 5 days, 9 hours and 50 minutes to do the voyage.

S. S. Almeriana Here.

After a 60 hour passage from Halifax, the S. S. Almeriana arrived here at 8 o'clock yesterday morning. The ship was held up at Halifax the past two weeks getting repairs, including the putting on of a new cylinder cover which was carried away on the recent trip from Liverpool to Halifax which occupied 19 days. The cylinder head blew off when the ship was in mid Atlantic on that trip, and great care had to be exercised to get her to Halifax. Last Sunday, Feb. 20th, after the ship had been out a half day from Halifax to this port a crack was discovered in the new cylinder head, and fearing a repetition of the old trouble Capt. Hanks decided to put back to Halifax where repairs were again made and the ship was able to leave last Thursday night. Fine weather prevailed till Friday afternoon when a storm came on from the N. E. with heavy sea that knocked the ship about a good deal. The Almeriana brought 1,100 tons of general cargo and two round trip passengers—R. A. Joudry and J. F. Lee. She will sail for Liverpool on Wednesday with fish and oil cargo.

It is his particular hobby and he has been indulging in it the past quarter of a century.

Cruelty to Animals.

Editor Evening Telegram. Dear Sir,—The other night in reading over the columns of your paper I noticed a communication headed: "Should he be flogged?" the writer of which states he would like to know what is being done in the matter with regard to cruelty perpetrated on the poor horse, as previously reported in the Evening Telegram. I perfectly agree with him that the person performing such should be severely punished. Some time ago (I was told) a poor horse fell in the East End, cutting its leg, the driver of which took a handful of mud and gravel, then rubbing it into the cut on the poor animal's leg so as to stop the flow of blood and hide it from view of our police officers. Last Tuesday this same individual was seen forcing a poor, half-starved brute with a car load of sand and gravel up the bye lane back of the Pilot House, opposite the premises of H. J. Stabb & Co. the animal in question was unable to draw the heavy load, whereupon it was belabored by this inhuman individual with the assistance of his comrade, which caused the poor beast to fall under its load three or four times. For the information of those who have feelings for the dumb brute I might say that this "brute" to my mind should never be allowed by the authorities to drive any dumb beast. There are too many acts of cruelty allowed to go unpunished in this country, and such inhuman beings should be severely dealt with by flogging or some other suitable mode of punishment, thereby stopping all such unmerciful acts of severity on God's most useful creatures. Hoping all such cases as the above will be rigorously punished. I remain, Yours sincerely, HUMANITY.

Mr. Burns Worked as a Pea Picker.

London, Feb. 21.—A typical story concerning Mr. John Burns was told recently at a meeting held at Witham, Essex, to promote the well-being of the pea-pickers, who, in the summer time, flock in thousands from the poor parts of London and Essex.

Canon Ingles, vicar of Witham related that representations were made to the President of the Local Government Board that legislation was needed to enforce better treatment for the pea-pickers. Mr. John Burns, in order to ascertain how the pea-pickers fared, disguised himself as a pea-picker last summer, and worked for several days among the men and women on Essex farms.

Mr. Burns then sent an inspector of his board to prepare a report on the condition of the pea-pickers, and that report had been published, and had served to draw attention to what was admitted to be a public scandal. Mr. Burns advised the Essex people before farmers or the pea-pickers could be compelled by law to provide accommodation for the pea-pickers who at present had to sleep out in the fields and were less cared for than the cattle on the farms.

The Bishop of St. Albans, who presided at the meeting, warmly commended the action of Mr. Burns, who, he said, was always ready to listen sympathetically to any request concerning the well-being of the people.

Two Yale Men Shot

By a Negro in Smoking Car of a Train on the Jersey Central. New York, Feb. 23.—Harrison Higbee and Leslie Lord, two young Yale graduates and socially prominent in North Jersey were wantonly shot down and probably fatally wounded to-day by an infuriated negro in the smoking car of a Jersey Central train, in which they were riding to their homes in Newark.

Accompanying Higbee and Lord were Gale Young, of York, and his cousin, Roger Young, of Newark, both Princeton graduates. Soon after the train left Jersey City the negro desperado, who was accompanied by another man of his race and a mulatto woman, accused the four young college men of making remarks about the woman. Lord was about to reply but Higbee told him to keep quiet.

"Don't you tell me to keep quiet," yelled the negro as he leaped to his feet and drew a revolver. "I'll quiet you," and he opened fire upon the four young men. The first bullet went through Lord's stomach and he dropped to the floor. The second plunged into Higbee's chest, and then Gale and Roger Young leaped for the negro, but he continued shooting. The shots caused a panic in the car and passengers stampeded for the doors or hid under seats.

"Gale Young went down under a blow on the head, but Roger held on to the man who had emptied his pistol, and who was so powerful that he dragged Roger Young with him from the train while it was making twenty miles an hour. Roger Young went with him. In striking the embankment Young's grip on the negro was broken, and the desperado disappeared in the darkness. His companions also leaped from the train and got away. When the train stopped the wounded men were taken to a hospital in Jersey City, where it was said they would probably die.

Roger Young was found back on the track a half mile, badly stunned but not seriously hurt.

Millionaire a Tramp.

Buffalo, N. Y., Feb. 22.—Alexander Blackman, 50 years of age, known as the "Millionaire Tramp," was killed by a train here last night.

At Lower Main street lodgings, where the police went to secure identification of the dead man, it was said that up to two years ago, Blackman received monthly remittances from New York, which would enable him to live at the best hotels. He preferred to live the life of a tramp, and it was his liberality among that class that earned him the title of the "Millionaire Tramp."

Bishop at a Chinese Banquet.

Bishop Ingham, who is now on a missionary tour in the East, described a Chinese banquet given in his honour before he left Hong-kong. There were fourteen courses, and the dishes were strange and sometimes embarrassing. "I did manage the shark's fins and the bird's nest," says the bishop, "and thought I did very well." Mrs. Ingham accompanied her husband, and for the first time in Chinese history mothers, wives, and sisters sat in public at a meal side by side with sons, husbands, and brothers.

San Francisco, Feb. 23.—The 45-round championship battle on July 4, between Jeffries and Johnson for a purse of \$101,000, will take place before the Broad Athletic Club, of which Jim Griffin is the manager. It was organized only a few weeks ago. The fact that this club is to get a fight from the Board of Supervisors caused Rickard and Gleason to come to an understanding.

Hergott, better known as "Young Mitchell," a former fighter, who is chairman of the police committee of the Board of Supervisors, participated in the conference. His presence is taken to mean that there will be no difficulty in obtaining a permit for 45 rounds.
