An Ideal DICTIONARY
 For School Children.

The Royal English Dictionary,
 Only 25c. a Copy.
 This Dictionary has been issued to meet the necessities of the present day. In most of the smaller dictionaries now in use the definitions, as every teacher knows, are more difficult than the words they try to explain, and which require considerable scientific knowledge fully to understand.
 In the Royal English Dictionary the meanings are given as far as possible in simple statements containing very few words, which even a child would require to look up.
 The Grouping, Vocabulary and Pronunciations are such that the children can readily comprehend them. This book is already in use in some of the Colleges and Schools, and it is only necessary for the Master or Teacher to examine it to give it a whole-hearted recommendation. Shall we send or show you a copy? Remember the price, only 25 cents.
