IMPROVE NUTRITION.—The central function of the human system is the maintenance of the nervous system, and the general health, is to improve digestion and assimilation of food, and the formation of healthy blood. Dr. WHEELER'S COMPOUND ELIXIR OF HYPOPHOSPHITES acts directly as an excitant of nutrition, by imparting tone to the stomach, liver, and pancreas, the great triad that prepares nourishment for building up the organs and tissues of the body. The action of this remarkable preparation is extraordinary in strengthening and vitalizing the constitution, whether impaired by age, debility, or disease, and has resisted all ordinary methods of treatment. Being a delicate and pure preparation, and perfectly harmless under all circumstances, it is eminently adapted to prostrate, anemic women and delicate children.
